## Just think what you've been missing!

MANY people deny themselves the comfort of a hot drink with meals, because they find coffee and tea detrimental to health. For many, the drug element in coffee and tea irritates the nerves, retards digestion and often prevents natural, restful sleep.

If this fits your case, try Postum. This pure cereal beverage supplies all the pleasure and satisfaction that a hot mealtime drink can give—invigorating warmth, fine aroma and delicious flavor. And you can enjoy it in the full assurance that it cannot harm health.

### Postum FOR HEALTH

"There's a Reason"

Your grocer sells Postum in two forms: Instant Postum (in tins) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in packages) for those who prefer to make the drink while the meal is being prepared; made by boiling fully 20 minutes.
