Port Huron, Mich.—"I suffered for two years with pains in my side, and if I worked very much I was nervous and just as tired in the morning as when I went to bed. I was sleepy all the day and didn't feel like doing anything, and was so nervous I would bite my fingernails. One of my friends told me about Lydia E. and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste. Pinex is a special and highly concentrated compound of genume Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Ce., Ft. Wayne, Ind.
