

Rockminster Star of String; In Big Meet

Oil Magnate to Run Best of Stable at Bowie Meeting—Whitney Horses Entered.

By TASKER OGLE, Universal Service Staff Correspondent. Baltimore, Md., April 2.—Montfort Jones is the only owner of a great racing stable—by "great" stable is meant an aggregation of thoroughbreds of various ages that earned as much as \$140,000 in stakes and purses last season and may reasonably be expected to do that well, or better than this—who will shoot with most of his best ones this week and next week at Bowie. Tomorrow the Southern Maryland Agricultural association will inaugurate the first thoroughbred race meeting of the eastern season of 1923.

Bowie racing will run through April 14. It will be characterized by the distribution among the owners of 700 participating horses of \$150,000 and the running of a couple of \$5,000 stakes, one the inaugural handicap, a sprint of seven furlongs, the other the Prince Georges, a gallop of one mile and a sixteenth, both for 3-year-olds and over.

One of the 25 Jones-owned horses Kay Spence, the Jones trainer, has at Prince Georges park, and in the inaugural handicap, which will be run tomorrow, is Rockminster. Rockminster, son of Friar Rock and Mallard, was a 3-year-old star of last season's racing. When he defeated Lucky Hour in the fourth Latonia championship, a \$35,000 race, Rockminster shaded Exterminator's American record for one mile and three-quarters by an entire second and equalled the mark of 2:55 3/5, set for the world by the English Fernern.

Rockminster is one of four 4-year-olds now in Maryland that were fetched something like half a million dollars at public auction if there were enough oil millionaires like Montfort Jones, Harry P. Sinclair, Gusher Bill Rowe, Edward F. Simmons and J. S. Cosen about to bid on them. The others are Lucky Hour and My Play of the Simms stable and Samuel D. Riddle's Oceanic. They are at Havre de Grace, where Lucky Hour and Oceanic will race in the last fortnight of April.

Good Night and Broomester, respectively a 2-year-old and a 4-year-old, of moderate pretensions, and eight second string 2-year-olds at Bowie.

Amateur Nines Take Workouts

Roy Reber, manager of the Walter G. Clarks of the newly expanded Class A League, together with several of his players, started the practice grind yesterday afternoon at Miller park, which he hopes will eventually land his team in first place in the loop. Reber had a class turnout of players and will no doubt have one of the fastest nines in the big circuit this season.

Frank Sodonok, Jim Hynek, Art Glasgow, John Sullivan and Bob Peterson are among the talent which Reber has signed to do his playing this year. "Mo" Pressley, star University of Omaha athlete, has been signed by Reber to play with the Clarks. His addition should strengthen the Clarks. The Carter Lake club baseball team started training yesterday afternoon when several of the players went through a light workout under the direction of Manager "Bob" Koran at the club diamond.

Law Hampers Police While Husband, 45, Keeps Girl Bride, 15 Court Officials Irate

County officials admitted Monday they are powerless to arrest Charles Day, 45, who married Frances Chalckov, 15, of Sioux City.

Considerable friction now exists between the police department and the juvenile court officers it became known through the failure to procure an annulment of the marriage. Day married the girl in Fort Smith, Ark. That state permits the marriage of girls of 14 without consent of the parents.

Calls on Van Deusen "I can't see why juvenile court officers blame me for not arresting Day," said Chief of Detectives Van Deusen. "Day called on me last Saturday and told me he wanted to talk with Esther Johnson, juvenile officer, but for some reason or another he was not given an interview."

The father of the girl believes that Day has his daughter in hiding. With the aid of Irvin Stalmaster, deputy county attorney, and M. Richter, father of another Day married, the father stated they plan to wage a legal battle to annul the marriage.

Cold Wave Hits Harding on Trip

But Weather Is Only Chilly Feature of Welcome at Augusta, Ga.

Augusta, Ga., April 2.—The Easter cold wave of the north, reaching far down into the south, met President and Mrs. Harding on their arrival yesterday to spend the final week of their vacation, but its chilly blast was soon forgotten in the cordiality of Augusta's welcome.

After nearly a month spent under the warm sun of Florida, the return to even a taste of the weather experienced during March in the northern states was most noticeable and members of the vacation party promptly cast aside the straw hats, flannels and other summer clothing which they had been wearing. An Easter sun, however, soon warmed the air.

The special train arrived here soon after 6 this morning, but the president and Mrs. Harding stayed aboard until nearly 9. Although the hour of the arrival had been kept secret, several hundred people were at the station, along with an official welcoming delegation.

Another welcoming group awaited Mr. and Mrs. Harding at the Bon Air-Vanderbilt hotel, where they will stay during their visit to Augusta. This group included Speaker Gillett of the house, former Judge Kenesaw Mountain Landis, former Senator Hitchcock of Nebraska, Dr. Nicholas Murray Butler and Charles D. Hilles, republican national committeeman of New York.

Kinsler Proud of Court Record U. S. Attorney Points to Praise Given by Anti-Saloon League Head

"We are proud of this record," said United States Attorney James C. Kinsler, showing a letter issued by Rev. F. A. High, superintendent of the Anti-Saloon league of Nebraska.

Rev. Mr. High's letter quotes the record of liquor cases in the federal court in Lincoln for 1922 and says: "We challenge any one to show a better record in any federal court in the United States. If the courts and prosecuting attorneys everywhere, both federal and state, would follow the example of Judge Mungor and Mr. Stewart the problem of law enforcement would be solved in a very short time."

Don W. Stewart is Mr. Kinsler's assistant at Lincoln. Rev. Mr. High lives in Lincoln. "The record of the Omaha part of the federal court is like that of the Lincoln branch," said Mr. Kinsler. "We believe the Nebraska district is the only one in the United States where the liquor docket is cleared. A man can be arrested today and tried tomorrow here."

Mr. Kinsler said he is planning to call a special grand jury in the near future "to go to the very bottom of the liquor traffic." "Mr. Rohrer, Mr. Samardick, Judge Woodworth and my office are pushing liquor cases with vim and vigor and I'm going even farther with the grand jury. We will do some startling things in prosecution of this illicit traffic."

Ex-Kaiser and Wife Separated, Rumors from Doorn Report

London, April 2.—The Yorkshire Evening Post, which recently printed a dispatch from Doorn saying the former kaiser had quarreled with his new bride, Princess Hermine, and that they had separated, repeated the declaration today.

According to this newspaper, relying upon its Doorn correspondent, the present separation of the couple is probably permanent. Dispatches from other sources said the wife had gone to her ancestral home in Silesia to spend Easter with her children by her first marriage.

The Doorn correspondent of the Yorkshire Evening Post maintains the couple quarreled and that Hermine, being a woman of strong will, decided to depart. He claims the break took place some time ago, but was kept secret from the German royalists for fear it would embarrass the monarchist organizers, who are active.

According to the Yorkshire Post correspondent, the former German emperor was unable to get on friendly terms with the children that his second wife had by her former marriage, and that his own children, by his first wife, have become more or less estranged to him by reason of his second matrimonial venture.

Famous Old Recipe for Cough Syrup

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup. It is simple and cheap, but it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less. Get 2 1/2 ounces of Pinex from any druggist, pour it into a pint bottle, and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time. It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and soothes the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic cough, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract known the world over for its healing effect on membranes. Avoid disappointment by asking your druggist for a long time of Pinex with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded.
