

### Teachers Rap Stealing of Music Pupils

#### Proposed Amendment to Expel Association Members Convicted of "Thievery" Killed After Debate, However.

The habit, which it is declared some Nebraska music teachers have acquired, of stealing other teachers' pupils was frowned upon at the Wednesday session of the Nebraska Music Teachers' association at Hotel Fontenelle.

For a time during the session it appeared that the music teachers were about to adopt even more drastic measures than frowning, to stop this brand of thievery.

Albert G. Carlson of Fremont introduced an amendment to the by-laws of the association which provided that any member of the association convicted of stealing another's pupil immediately should be expelled from the association.

"A good doctor doesn't try to steal patients from another doctor; nor does a pastor who is worthy of his calling go into another church to get members for his own congregation," said Mr. Carlson.

"Practice Must Stop." "It is the same with music teachers. I am sorry this had to be brought up, but the unethical practice of stealing pupils must be stopped."

"But such an amendment, if passed, would stamp us as a bunch of tricksters," interposed August Molzer of Lincoln. "It would indicate that we couldn't trust each other. But if this practice is as bad as I have been told I, too, am in favor of some drastic action to stop it."

"I have waited two or three years for the matter to remedy itself, but it has become worse instead of better," argued Mr. Carlson. "I can't see where the amendment is casting any aspersion on the association."

**Favors Inquiry.** Jean P. Duffield of Omaha argued that the conditions probably would continue to prevail even with the amendment in existence. He favored the appointing of a committee to investigate the illicit stealing of music students.

"I believe the condition can be better remedied by cultivating a better fellowship between ourselves," said Karl E. Tunberg, president of the association. "I believe the pupil and the parent enter into this matter, and that stealing the pupil is not exactly the right term to use. If another teacher gets your pupil I believe the proper way is to greet him the next time you see him without indicating that anything has happened."

**Amendment Killed.** "You never heard of a doctor telling a patient another doctor is a very poor physician," observed another member of the association.

"I believe the most effective method of stamping out this stealing of pupils is to expose the thief," observed another member.

But when the smoke of battle cleared away the amendment had been expunged from the association records.

Miss Jane Pinder of Grand Island, was elected president of the association; Lura Schuler Smith of Lincoln, vice president, and Miss Alice Muselman of Grand Island, secretary and treasurer. The next convention will be held in Grand Island.

The association endorsed the Nebraska Society for the Development of Musical Talent and urged the support of Samuel Carmell, the boy violinist of Omaha.

**Body of Japanese Prince Lies in State in Paris**  
By Associated Press.

Paris, April 4.—The body of Prince Kitashirakawa, brother-in-law of Emperor Yoshihito of Japan, who was killed in an automobile accident near Bernay last Sunday, was brought to Paris and Tuesday lay in state in an improvised chapel in the Japanese embassy, over which floats the crepe draped flag of Japan.

The casket, covered with chrysanthemums and roses, sent by the Japanese colony, French friends of the prince and government officials, rests on white pedestals. The chapel itself is draped in white satin and the floor is covered with white. The customary food offering to the gods, consisting of rice, separagus and chicken broth, stands near the casket.

### Carpenters to Get \$8 for 8 Hours' Work

Union carpenters voted Tuesday night to accept the \$1 an hour rate which had been offered them, instead of holding out for \$9 a day. The former rate was \$7.20 a day.

N. H. Stewart, president of the Building Trades council and business agent for the painters organization, stated that because of this action of the carpenters he would ask that the carpenters' union delegates be barred from membership in the Building Trades council at the next meeting, Thursday night.

Electricians refused Tuesday night an offer of \$9 a day. Half of their number are now receiving the desired \$10 from contractors. The painters ask \$9. They are now getting \$7.20. Seventy per cent have been granted the increase.

### Commerce Chamber Against Crippling Uni Education

While the Omaha Chamber of Commerce is in accord with the present legislative program of cutting down all state expenses, it is opposed to any cut that will cripple education in Nebraska.

The chamber's executive committee Tuesday afternoon went on record as heartily endorsing Governor Bryan's budget recommended for the state university appropriation. Each member from Douglas county is urged to support the governor's budget.

### Beautiful Hair Fascinates All

The hair fetishist, technically, is a criminal who cannot resist the temptation to steal hair; who cannot see a beautiful woman without being uncontrollably seized with a desire to snip a lock of her hair and carry it away.

Yet the hair fetishist, criminologists say, is only abnormally afflicted with the same fascination for beautiful hair which all of us possess in milder form.

Features are unchangeable. Size and figure are more or less unalterable. But beautiful hair is within the power of every woman.

Regular and thorough cleansing with FITCH SHAMPOO is the first requisite of a clean, dandruff-free, scalp, and beautiful, healthy, glossy, lustrous hair.

Without proper care and attention your hair is bound to be dull, thin and scraggly. Use FITCH SHAMPOO and your hair will be clean, colorful, and altogether charming.

The FITCH SHAMPOO is on sale at first-class toilet goods counters. In two sizes, 25 cents, \$1.50 for family packages. Complete directions in package. Applications at leading barber shops.

### Rabbi Found With Skull Crushed

#### Partially Strangled When Discovered in Frisco Hotel Room.

San Francisco, Cal., April 4.—Rabbi Alfred J. Lafee, 22, of the Bush Street temple, said to be the youngest rabbi in California, was found unconscious from a crushed skull and partial strangulation in a hotel room in the downtown district today after he had registered at the hotel with a man in a sailor's uniform. He was not expected to live.

Rabbi Lafee and the stranger entered the hotel in the early evening hours, the stranger signing the name of H. B. Hickman to the register. Later Rabbi Lafee telephoned to the clerk asking to be called at 6 a. m. today. At 4 o'clock the stranger was seen to leave the hotel, lingering in the lobby long enough to roll a cigarette.

Later the clerk went to the room occupied by the two men and found the rabbi senseless and bearing every evidence of a severe beating and choking.

### Many Colorado Lambs to Reach Market in Omaha

Twelve hundred carloads of lambs are being fed today in northern Colorado, many of which ultimately will find their way to the Omaha market, according to Bert Roberts, traveling representative of the Union Stock yards company, who has returned from a trip over the western territory.

A good many lambs also are on feed in Utah and New Mexico, he reports. Most of the lamb feeders made light profits last year, due to the high price of grain. They expect lambs to go to \$17 or \$18 next winter and are making arrangements accordingly.

The wool situation, he reports, is playing a waiting game, with the old wool crop about cleaned up.

He observed some contracting of spring lambs at \$10.

### Denver Doctor Taken in Raid

#### Former Physician to Ex-Kaiser Figures in Sensational Arrest.

Denver, April 4.—Federal narcotic agents and Denver police yesterday arrested Dr. Sedko von Dworzak and 24 men and women in a sensational raid on the physician's offices in a downtown office building.

Dworzak, who is leader of the Denver philharmonic orchestra and claims to have been personal physician to ex-Kaiser William of Germany, 20 years ago, was released under \$2,500 bond and the others were freed on bail in smaller amounts.

The officers, led by two assistant United States district attorneys, arrested Dworzak first. Officers then remained in the office, and the others seized in the raid were taken into custody as they entered. Drugs are said to have been found on several.

All were charged with violation of the Harrison anti-narcotic law.

### Iowa Senate Condemns Packing Plant Merger
