

Colonization in Western States Sign of New Era

Tracts Set Aside for Former Soldiers—Money Backing for Newcomers in Washington.

A new era is dawning for the west and will accomplish its rewinning, according to Dr. William C. Hicks, a member of the national Americanization committee of the American Legion, who will deliver an illustrated lecture in Crouse hall at 3 Sunday afternoon.

"Theodore Roosevelt predicted the west would be the theater of American achievement," Dr. Hicks said, "and the day of which he spoke is about to dawn. Evidence is found in colonization plans of wider vision in Wisconsin, California and Washington, particularly the last.

"Washington has set aside 100 tracts for former service men. Private interests, realizing the sale of land is but a start, are backing newcomers to the state regardless of military service, and are providing them with money and scientific instructors necessary to success.

"Western states are realizing that getting men to settle on their lands must be followed by efforts to make them successful, to make their homes happy. In order to accomplish it they are winning land by great engineering feats and are betting their money that settlers can make a 'go' of it.

"This wider vision means keener competition to win settlers and greater development of the west."

Dr. Hicks' lecture will be under auspices of the Great Northern Railway Company.

"Queen" Louise Says She "Talks Too Much"

Louise Viniquerra before the bars of her cell.

Mrs. Louise Viniquerra, 819 Forest avenue, arrested yesterday after she had hoisted of making \$48,000 by bootlegging in the last two years, can be deported as an "undesirable alien." Assistant United States Attorney Keyser who has filed charges of possession and sale of liquor and maintenance of a nuisance against her said, if she is convicted, action for deportation will follow.

Mrs. Louise Viniquerra, who complacently accepts the title, "Queen of Omaha Bootleggers," was cited Friday to appear before Frank Dewey, county clerk, to show why she should not pay taxes on her \$30,000 home, her \$2,000 automobile and her \$1,000 player piano.

Mail Bandit Nearly Caught

Chapman Seen Friday by Nurse in Hospital Whence He Escaped.

By Associated Press.

Athens, Ga., April 6.—With his feet propped against a brass rail beside the boiler in the basement of the hospital from which he was thought to have escaped on Wednesday night, Gerald Chapman, leader in the \$1,000,000 mail robbery in New York 31 months ago, was nearly captured today by Harry Bishop, a guard from the Atlanta penitentiary.

Bishop, in giving attention to Miss Estelle Scott, a nurse who accompanied him when the discovery was made, and who though thereupon fainting told Chapman to return to his room. A few minutes later, however, when Miss Scott had been revived, Bishop was unable to find the missing criminal. An immediate search was futile.

The discovery of Chapman was made when Bishop, who is on duty guarding a federal prisoner now in the hospital, started for breakfast with Miss Scott. In passing towards the kitchen a view of the boiler room disclosed Chapman. The Chapman was shot by Miss Scott's chair and she fainted. Chapman, according to the guard, offered to give her first aid. Bishop said he told Chapman that as he was too weak, to go to his room. Bishop then turned his attention to the nurse, and after he had revived her, searched for Chapman. Chapman escaped from his room Wednesday night in a suit of clothes belonging to his guard. He was recuperating from gun wounds received when captured near here last week after a sensational escape from the Atlanta federal prison.

Anatomy Books Given Jailed Autoist to Read

John Vasko, 1701 South Eleventh street, drove through a detail of police officers Thursday night. He was sentenced yesterday to one day in jail.

Thursday afternoon District Judge Day took the number of a speeding machine and before the license could be broadcast the driver, Walter Arnold, was arrested in another part of town. He was sentenced to five days in jail.

When F. C. Swoboda, second-year medical student at Creighton university, heard of the plight of his classmate, John Vasko, he hurried to the jail with books on anatomy and other kindred cheerful subjects.

"He can use 'em," he explained. "John's got a quiz tomorrow."

Sheriff Awaits Jail Breaker

Escaped Prisoner to Be Rearrested on His Release from County Lockup.

When Harney Lundberg, 36, was released from county jail Friday he was met at the door by Sheriff Condit of Dodge county, who took him back to Fremont to answer charges of jail-breaking and also a burglary charge in Saunders county. He has been serving a 90-day sentence for violation of the Harrison drug act.

Lundberg made one of the most sensational escapes ever attempted from the Fremont jail about a year ago. He manipulated the lock on his cell door and, accompanied by Clarence Mil-

lard, slid down an elevator shaft to the floor below. In entering the shaft he risked his own life by diving head first into a big pipe built within the wall of the courthouse.

Love for his wife and baby led to the capture of Millard a few hours after his escape. Before fleeing from the county jail, he stopped at the poor farm for a visit with his wife and month-old baby. He was captured at this place.

Lundberg, who has a record of escaping from three jails previous to this time, made good his escape and no trace of him was found until recently, when Sheriff Condit was looking over the Omaha police records

and found his picture and fingerprints. He immediately verified his identification and made arrangements to rearrest his man.
