### ADVERTISEMENTS

#### Cocoon Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with.  
 Many soaps and prepared champoos contain too much free alkali. This dries the scalp, makes the hair brittle and is very harmful. Mulsified cocoon oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing as this cannot possibly injure the hair.  
 Simply put two or three teaspoonfuls of Mulsified in a cup or glass with a little warm water, then moisten your hair with water and rub the Mulsified in. It will make an abundance of rich, creamy lather, and cleanse the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.  
 You can get Mulsified cocoon oil shampoo at any drug store. It is very cheap, and a few ounces will last everyone in the family for months. Be sure your druggist gives you Mulsified.
