Order of Muses Initiates New Members

Three new members were initiated last night at the Swedish auditorium into the Omaha chapter of the Girls' Order of Muses, an organization sponsored by the Parents' association of the order, made up of master masons and members of the Eastern Star.

The members initiated were Dorothy Leight, Margaret Blind and Vera Bradley.

The Omaha chapter was organized here shortly after the first of the year, and the first initiation was held in February. The order meets the first and third Saturday of each month.

Former Omahan Held for Slaying Employee of Ranch

Albert Varner Begs for Death When Told He Killed Wrong Man—Has No Record Here.

Riverton, Wyo., April 21.—Albert Varner, formerly of Omaha, Neb., has been turned over to the authorities at Lander on a charge of first-degree murder, and M. R. Mitchell, employe on the Oscar Nicholson ranch north of here, is dead, as the result of a killing Thursday, charged to mistake identity by the man under arrest. It was learned here today, Varner is said to have told officers who apprehended him shortly after the shooting that he thought he had killed Herman Sorenson, another ranch employe, from whom he had tried to collect an old partnership debt. When told that it was another man that he had slain, he asked that he be shot or hanged for his crime without further preliminaries.

U. S. Court Names Receiver for Anti-Klan Publication

Chicago, April 21.—The United States district court late this afternoon appointed a receiver for Tolerance, the anti-Ku Klux Klan publication, after creditors had filed a petition listing its assets at \$4,000 and its liabilities at \$15,000. The Essex Press, N. T. Jones, and the Interborough Press, all of New York, were the principal creditors. The receiver took charge of all visible properties at once.

"Lie Detector" Picks Students Who Cheated in Semester "Exams"

By International News Service. Berkeley, Cal., April 21.—The "lie detector," an instrument invented by Dr. John Larson, "scientific cop" and University of California professor, was called upon to determine whether or not 70 students cheated in semester examinations just completed at the university.

With the application of the instrument, according to members of the students' affairs committee, four students broke down and confessed cheating in the examinations. Fifty more to be tested Sunday were reported to have a sleepless night in prospect. Submission to the test is voluntary on the part of the students. Such matters are handled entirely by the student body.

Oldest Mormon Dies

Salt Lake City, April 21.—John Michael Redmond, age 100 years and 10 days, and who claimed to be the oldest living member of the Church of Jesus Christ of Latter Day Saints (Mormon), died here today. He was born in England and is survived by two sons and two daughters, 33 grandchildren and 55 great-grandchildren.

Dynamite Used in Attempt to Save Town From Flood

Engineers Trying to Blast New Channel for River at Portage La Prairie, Man.

Winnipeg, April 21.—Engineers resorted to dynamite today in an attempt to blast a new channel for flood waters of the Assiniboine river and check the threatened inundation of Portage La Prairie.

The waters, already spread over the outskirts, were rapidly climbing toward the center of the city. The city hall was being surrounded when volunteers of the Canadian Pacific railway began blasting in the downtown section in the hope of diverting the flood.

Improvement Reported

The situation at Brandon and surrounding districts was reported improved with the water receding slowly and the ice in the Assiniboine moving freely. Morris and other points threatened with inundation during the last two days were believed to be out of danger.

In the west end of the city, where nearly every street is under water, several families were reported marooned in their homes.

In some sections, especially along the railroad, the water is so deep that it is undermining houses and one or two structures have collapsed. All railway service has been cancelled.
