

Women to Take Back Control of Social Center

Board, Which Relinquished Job at Request of Chief, Soon to Resume Work.

After having been inactive for two years, the same board of women who turned the social settlement in South Omaha over to a board of men, at the request of the woman who was then head resident, will resume control of the settlement before June 1. The settlement house has been closed for a year, ever since the departure of Mrs. Marie Leff Caldwell Dowd, chief settlement worker.

The board which will resume control, and reopen the settlement house, includes Mrs. J. J. McMillen, Mrs. J. H. Dumont, Mrs. Draper Smith, Mrs. A. F. Jonas, Mrs. William Bowman, Mrs. N. P. Fell, Mrs. William Hanna and others.

They were requested to relinquish their interest in the settlement two years ago by Mrs. Dowd, who told them a board of men could give her sounder financial backing. A board of men, headed by W. E. Read, took charge, but dropped out when Mrs. Dowd left Omaha.

Now the women will begin over again.

Lumber Company Gets Extension on Notes

Special Dispatch to The Omaha Bee. Fremont, Neb., April 21.—The Baker White Pine Lumber company, Baker, Oregon, was granted an extension of time by District Judge F. W. Button in which to pay out on bonds and notes owed to the defunct Fidelity Trust company of this city, amounting to \$131,500. The action was taken upon request of Receiver T. L. Mathews, who recently returned from a trip of inspection at the Baker plant.

Bonds of \$92,000, a note of G. M. Winkelman for \$5,000 and a note issued by the Baker company for \$34,500 makes up the amount of the debt. Mathews pointed out to the court that the Baker company will not attempt to contest the notes if the extension of time was granted. Should they fight payment, he pointed out, the Fidelity Trust company would be forced to take up the litigation in the Oregon courts at a great expense.
