

Hays Silent on Retirement Talk

Rumor Declares He'll Quit Movies to Manage Harding's Campaign.

By International News Service.
New York, April 25.—Will Hays today declined to comment on renewed reports that he would resign as executive director of the Motion Picture Producers and Distributors of America to manage President Harding's campaign for re-election. The report was revived when Hays spent two hours yesterday with the president at his suite at the Waldorf. The president talked also with John T. Adams, present republican national chairman, and Charles D. Hilles, republican national committeeman from New York.

Taken together, the conferences

were interpreted as having some unusual political significance.

Producers to Invade Europe This Year

Wallace Worsley, who is directing "The Hunchback of Notre Dame," is planning an invasion of Europe, with a completely equipped American picture company, even including the press agent. That ought to give the foreign producers a thrill, that press agent.

Financing will be by New York capital and four feature pictures will be made in a period of two years. It is estimated that because of the cheapness of labor and of hiring great crowds of extras at little cost the pictures can be made at about one-half American cost. The difference in exchange rates will also make a great saving.

AT THE THEATERS

THE current bill of vaudeville and photoplays at the World theater will be seen for the first time today and tomorrow. Norton and Molloy, Elsie Clark, Kibbee and Gable, "The Great Train Robbery," and the Choy Ling Foo Trio make up the vaudeville section of the attractive program with Viola Davis in "Crimoline and Romance" as the big photoplay feature. Starting Saturday, the World presents its "Laugh Bill" with nine fun features. Josie Heather, famous English comedienne and Pat and Patsy the celebrated musical clowns, divide headline honors in the forthcoming show.

Now that the Orpheum's closing week is half over, patrons are reminded to the fact that the concluding show furnishes one of the most hilarious entertainments that has been offered throughout the entire vaudeville season. The graceful dancer, Renee Robert, and the Gipsy Doree jazz band contribute the headline attraction. The program set, "Bill Sikes," as presented with tense dramatic effect, is afterward travestied in the afterpiece which closes the entertainment. Zelaya, pianist and humorist, supplies a high-class concert performance, and also talks very entertainingly. Bert and Betty Wheeler, with their singing and their unusual comedy, provide one of the most laughable parts of the bill. Mr. Wheeler's ability as a funmaker is further attested in the afterpiece which he so amusingly directs.

A new show is now being offered by the Empress for three days, starting today. Lew Morgan and his company of 28 artists will present "A Dangerous Girl" and Dave Burt as Andy Gump and Adie Lewis as "Mim" Gump, are sure to create a sensation by their antics. Many musical numbers will be introduced during the action of the play and Sault and Warren have several new dance numbers in offer for the approval of the audience. A flashy chorus of beautiful girls with many changes of costume will help to make this offering a success.

This is the day for the entire program to change at the Gayety. The new musical comedy for today and balance of the week at 2:45 p. m. and 8 p. m., will be "All Aboard," its principal scene being laid on board a ship. Fred Webster's company will extract all the laughs for the enjoyment of the Gayety's ever-growing patronage of the spring season policy. The feature photoplay to be shown in conjunction with the musical comedy is the absorbing dramatic story, "When Dawn Came," featuring sweet little Colleen Moore in the leading role. Sunday noon another entire change of program occurs.

"The Girl I Loved" in Films

Charles Ray and Patsy Ruth Miller. Charles Ray in "The Girl I Loved," tells in pictures on the screen James Whitcomb Riley's personal love story as written by the Indiana poet in his verses under that title. With him in the picture is Patsy Ruth Miller and the picture is receiving the word of praise from the motion picture world and critics. Ray is welcomed back into his role of the country boy.

REEL REMARKS

By the M. P. Editor

"North of 36," now running in the Post, has been purchased by Paramount and will be filmed with Ernest Torrence, Noah Beery and Jacqueline Logan in the leading roles.

Hoot Gibson had an idea the other day—give him due credit. His hunch calls for a story where the hero is the biggest dumbbell in the world bar none, and from advance reports the picture is one of the funniest sketches of the season. It is to be called "Single Handed."

David Belasco's "Gold Diggers" will be started soon with Hope Hampton in the lead. Announcement is made at the same time of the plans for starring Marie Prevost in "Broadway After Dark," and of Irene Rich in "Loretta Lombard."

E. P. Schulberg says "Hamlet" would have been twice as popular had it been called "Who Killed the King?" which he considers a much better title. Someone might query Brother Schulberg on "What's killing movies, if anything?"

Tea Drinkers Slow Pay.

Firm Seeks Bankruptcy
Because customers are "slow" in paying their tea and coffee bills, the Frank H. Graham company, 2404 Cumming street, asked the federal court to adjudge it a bankrupt.

The petition gives a list of 640 Omaha individuals and firms which owe from 5 cents to \$153 each for tea and coffee, besides 550 others in Council Bluffs, Blair, Tekamah, Herman, Plattsmouth, Union, Ashland and Papillion who owe.

Total assets of the company, if all bills could be collected, would be \$15,427. The liabilities are \$15,183.

Central High Seniors to Present Play May 18

The junior class of Central High school is to present the play, "Daddy Long Legs," May 18 and 19. The leads will be taken by Donald Rood as Daddy Long Legs, Harriett Lillis as Judy, George Likert as James Mc. Bride and Josephine Drapier as Julia Pendleton. Other important parts are to be played by Alice Holovitchner and Dorothy Sherman.

The play is a comedy written by Jean Webster. There will be 35 or 40 in the cast, made up entirely of seniors. The presentation will be directed by Miss Lena May Williams, who has charge of nearly all of the performances given at Central.

The student manager of the performance is Cedric Hornby, and the advertising manager, John Spellman. These positions were recently filled by a class election. Rehearsals have already started and it is predicted that the play will be the most successful ever given by a senior class.

ADVERTISMENT. La-may is more than just Face Powder

La-may is more than ordinary Face Powder because it does more than just cover up complexion blemishes. This improved formula contains medical powder that doctors and dermatologists prescribe to improve the complexion, to remedy skin irritations and to reduce enlarged pores. La-may is also astringent, discouraging flabbiness, crow's feet and wrinkles. And women say La-may stays on better than any other face powder. It stays on perfectly and does not contain any rice powder or white lead. In fact, you will be given five thousand dollars reward if you can get any chemist to find that La-may contains either of these harmful ingredients. You will also be given the same reward if you can buy a better face powder than La-may anywhere at any price. Because La-may is so pure and so harmless and because it stays on so well it is used by millions of American women. These intelligent women use La-may in preference to the most expensive imported powders, because they know from experience that there is no better powder made than La-may. When you use this harmless powder and see how wonderfully it improves your complexion you will understand why it is the most popular complexion powder sold in New York. Remember, if you are offered a substitute for La-may it is sure to be a demonstrator or someone trying to make a larger profit at your expense. All dealers carry the large box and many carry the generous thirty-five cent size La-may. Save this notice.

4,000,000 PEOPLE

Annually use organic Nuxated Iron to build up red blood, strength and endurance.

There are thousands of people who are ageing and breaking down a time of life when they should be enjoying that perfect health which carries defiance to disease simply because they are not awake to the condition of their blood. Without organic iron your blood carries no oxygen, and without oxygen there is nothing to unite with the carbon in your food so what you eat does you no good. It is like putting coal into a stove without fire. You can now obtain organic iron like the iron in your blood and like the iron in spinach, lettuce, and apples from any druggist under the name of Nuxated Iron. Nuxated Iron also contains the principal chemical constituent of active, living nerve force; it is, therefore, a true blood and nerve food. It helps create and rebuild new and stronger red blood cells. It feeds the body the substance which nerve force must have to give it that vital, electrifying power which is stored in the nerve and brain cells of man. Nuxated Iron often increases the strength and endurance of weak, nervous, rundown men and women in two weeks time. The manufacturers guarantee successful results to every purchaser or they will refund your money.
