

Annual Cleanup Drive to Open Here Tomorrow

City Trucks Will Haul Away Rubbish Without Charge - Mayor Issues Proclamation.

Unusual organization results have been obtained this year for the annual "clean-up" campaign which will begin tomorrow and will be continued for two weeks.

During this week city trucks will haul away without charge all rubbish and refuse materials placed at the curb in receptacles.

Mayor J. C. Dahlman has issued a proclamation in which he requests all citizens to participate in this campaign to make Omaha a clean and healthy city.

To Haul Rubbish.

"The clean-up and paint-up campaign dates are April 30 to May 12," Health Commissioner A. S. Pinto said.

The first week of the campaign will be devoted to hauling of rubbish. Our committee suggests that the second week be devoted to repairing of fences, trimming of yards and gardens and cleaning up and painting up.

Members of the Junior Chamber of Commerce have been working hard in co-operation with the city health department to make this campaign a success.

The National Clean-up and Paint-up Campaign bureau is endeavoring to induce the public to differentiate this real campaign from the ordinary "clean-up week."

The health department has issued the following information on the clean-up campaign:

Articles to be hauled must be on the curb Monday, April 30.

City trucks will haul away cans, bottles, boxes, bones, hoops, iron and trash that will not burn.

Articles to be collected and put in the health department receptable which two men will haul away.

Harding Denies Big Bankers Back Court

(Continued From Page One.) The American daily should be formed of a combination of enough national and international news to keep its local readers posted, with enough local news for out-of-town people to give them the flavor of the city.

Directors elected include Frank I. Cobb, New York World; Ralph E. Stout, Kansas City Star; Willis J. Abbott, Christian Science Monitor; David E. Snively, Philadelphia Public Ledger; C. H. Dennis, Chicago Daily News; Joseph Pulitzer, St. Louis Post-Dispatch; and T. J. Dillon, Minneapolis Tribune.

No Truth in Editorial.

"I care nothing about editorial criticism directed against the individual," the president said in leading up to his reference to the international court.

"But I read within 48 hours a very earnest editorial, wherein it was stated that the recent proposal of the executive to the senate that we adhere to the international court of justice was imposed upon the executive by the influence and the design of the international bankers.

"I have been president something more than two years. I have yet to be asked for an audience or interview by a single international banker in America or elsewhere.

Night Air Mail Service to Begin in Omaha July 1

General Superintendent Here Looking Over Situation - Flood Lights Every 3 Miles on 900-Mile Route.

Carl F. Egge, general superintendent of the United States air mail, left for Chicago last night after spending the day in Omaha looking over the work that has been going on here quietly, to make Omaha the great midway station on the first night air mail route in the world.

Mr. Egge made the announcement of this yesterday. He will return to Omaha in a few days.

"I expect to stay on the ground most of the time until we get the night mail route Chicago to Cheyenne via Omaha ready, which will be about July 1," he said.

These lectures make the exposition a college for home betterment as well as a center of interesting exhibits. The lectures will afford a liberal and practical education of tremendous value to every home-loving man and woman in the city and vicinity, according to G. B. McDonald, representative of the American Homes bureau.

"One cannot be impressed too much with the importance of the exposition," said Mr. McDonald. "It will be of interest to everyone, no matter whether the persons live in a \$50,000 mansion, a \$5,000 home or in an apartment. Home is the place where one abides and the attractive surroundings that the home should offer is up to those of the place of abode."

The exposition will be open every afternoon and evening. The price of admission will be 25 cents, which will include war tax.

Women to Attend Exhibit in Body

Forty women, members of the home economics division of the Omaha Women's club, will attend the Better Homes exhibition at the Auditorium in a body, Wednesday afternoon.

"To New York the time will be about 13 hours from Omaha, making it possible to deliver letters there tomorrow afternoon which are mailed here late tonight. Swift trucks will run the mail from the central post office to Fort Crook.

Contracts for erecting the seven-foot concrete pillars, which will carry the signal lights every three miles along the 900-mile route, Cheyenne to Chicago, are being let to local contractors by the line, Mr. Egge said.

At Fort Crook great flood lights are being placed to illuminate the landings. These will be kept lighted only when ships are due or are taking off.

On the New York to San Francisco route only the part between Chicago and Cheyenne is being equipped for night flight because the rest of the route will be negotiated by day in both directions.

Must Lay Down Arms, Edict to De Valera

By Universal Service. Dublin, April 28.—De Valera must surrender, and the irregular bands must lay down arms, give up their ammunition and give in unconditionally.

This is the ultimatum delivered by the free state government, following a meeting of the cabinet.

President Cosgrave and Home Minister O'Higgins regard De Valera's proclamation to followers not only as an effort to save his own face, but as a personal affront to the government de jure, which, though the republican leaders admit to be victorious, yet he refuses to recognize.

Professor Slays Officer Then Commits Suicide

By International News-Service. Sidney, N. Y., April 28.—Defying state troopers who sought to arrest him on a charge of incendiarism, Professor Franklin Yates, Morris, N. Y., educator, this evening shot and killed State Trooper Harold Mattice and, barricading himself in the garret of his mother's home, committed suicide while a posse was preparing to be seized the place.

Professor Yates recently was arrested on a charge of assault, the warrant being sworn out by his brother-in-law, William Harris, who accused him of attacking his little daughter, a pupil in Yates' school.

The educator's wife left him at once. Yates fired the barns of his brother-in-law Friday night.

Four Persons Hurt in Accidents Here on Saturday

Motorcyclist and Youngster, 7, in Auto Crashes—Youth Overcome Playing Ball—Dog Bites Another.

Four persons, three of them boys, were injured yesterday. One of the boys was bitten by a neighbor's dog, another was a victim of overexertion while playing baseball, and the other boy and a man were injured in automobile accidents.

G. A. Hardy, 2805 Ohio street, was severely injured when a speeding automobile driven by H. B. Buckham, 6119 Cass street, crashed into his motorcycle at Thirteenth and Douglas streets. Hardy's motorcycle was wrecked when he was hurled to the pavement. Buckham did not stop.

L. Loser, 208 South Thirteenth street, passed the scene at the time. At the request of Detectives Buglowicz and Mikalas, he gave chase to the speeding car. Motorcycle Patrolman Sherwood halted the Leger car a few blocks away, where he arrested Loser. The detectives straightened out the misunderstanding and Sherwood took up the chase after Buckham.

Lieutenant Degman, Fort Omaha, identified the machine that Buckham drove and assisted Sherwood in arresting the man. At the police station Buckham declared that he did not know his car had struck anyone and that he was not trying to escape before he was arrested. One light on his car was demolished and there were several scratches and deep dents on the side of the car. He was booked on charges of reckless driving, operating an automobile while drunk and drunkenness. Later he was released on bond.

William Gill, 7, 3916 North Twenty-seventh street, suffered a possible internal injury when he was run down by a machine driven by Mike Griefe, 2214 Deer Park boulevard, at Twenty-eighth and Spaulding streets. Griefe was not arrested. The boy was taken to his home after he had been attended by the police surgeon.

Leroy Johnson, 6, 5115 North Sixteenth street, was bitten by a dog owned by Mrs. Rhodes, 5123 North Sixteenth street, when he went into the Rhodes yard to play. The bite was not serious. Humane officers were requested to shoot the dog.

Virgil Kahle, 9, is in a serious condition at his home, 3833 Arbor street, from overexertion in a baseball game in which he was playing with other youths in the neighborhood. He was carried from a ball field unconscious. He probably will recover.

Ancients Used Colors in Homes, Excavations Show

That the ancients used colors in the home decorations is proved by the relics which have been unearthed from ruins. Then color played as big a part in the life and homes of the ancient peoples as they do today.

Pottery and house furnishings reveal that the ancients seemed to recognize the fact that color is the life of nature and deserves adaption to daily surroundings.

Omahan Urges That Open Sewer Be Closed

C. R. Ritchey, 1109 South Sixtieth street, believes that Omaha should include in its "clean up" campaign the abatement of an open sewer in Edgewood addition, near his home.

"I am not speaking for myself alone when I state that this sewer is a nuisance and a menace," Mr. Ritchey said. "We have had this to contend with for nearly a year and it is probable that it will be another year before we have relief. Nearly 50 houses use this sewer which empties into an open space."

City Engineer Herman Beal of the public improvements department stated that he is familiar with the conditions complained of. He explained that a contract is pending for an extension of this sewer from the point where it now empties into a ditch to a point at Sixtieth street and Poppleton avenue, the ultimate aim being to take the sewer to Pappio creek.

"The work on this sewer should be started within a few weeks," the city engineer said.
