

Skeleton of College Boy Is Uncovered

Northwestern U. Student Missing Since Rough Hazing Spree in September, 1921—Probe Begun.

By International News Service. Chicago, May 1.—Efforts to substantiate the theory of Evanston police that Leighton Mount, young Northwestern university student, was murdered during a class rush at the school in September, 1921, was continued with a grim earnestness today following the discovery of Mount's body buried under half a ton of rocks and debris beneath a pier near the university campus. Identification of the body, which had been reduced almost to a skeleton, was made by the youth's mother, who recognized a belt buckle. She has maintained since the day of her son's disappearance that he was slain by sophomores and that his body eventually would be found.

The discovery of the body followed with dramatic suddenness the tragic death of Louis Aubere, who lost his life last week when an automobile containing a group of Northwestern freshmen, which was being chased by a car full of sophomores, was overturned in a collision. Aubere, like Mount, was a freshman at Mount Northwestern university student, was murdered during a class rush at the school in September, 1921, was continued with a grim earnestness today following the discovery of Mount's body buried under half a ton of rocks and debris beneath a pier near the university campus. Identification of the body, which had been reduced almost to a skeleton, was made by the youth's mother, who recognized a belt buckle. She has maintained since the day of her son's disappearance that he was slain by sophomores and that his body eventually would be found.

University officials today expressed the belief that young Mount had committed suicide, pointing to a letter he had written a young woman before his disappearance. Members of the junior class, who were sophomores when Mount vanished, were to be subjected to a rigid examination today.

Shaded ribbon, too, comes by the yard, and is also used for the making of hats.

WOMAN FOOLED WHEN CLERK MATCHES CREPE

Sends Material to Expert Dyer—Customer Can't Detect Difference.

A woman went into a department store to match a difficult color of crepe romaine.

Though the store did not have that shade on hand, the clerk was clever and told her that he would send to the mills for just what she wanted.

But, he knew that the mills could not make a material of that specialty of odd shades, so he bought some white material and sent it to a master dyer. The lady never knew the difference when she bought the goods a few days later.

To achieve a result like that, the dyer must be a master of his trade like the expert at Dresher Brothers, 2211-2213-2215-2217 Farnam street, Daily, Omaha women are pleased with his results because he has achieved the fine art of maintaining the lustre and life of the new material in any work he does.

Dresher Brothers are not only dyers and cleaners, but hatters, furriers, tailors, rug cleaners, and create a cold storage vault for furs, rugs and cloths. They maintain branches at Brandeis, Burgess-Nash, Dresher the Tailor, 1516 Farnam st. and at 423 South Twenty-fourth street.

Phone: AT 0245 or MA 0650.

Grain Salesman Gets Speed From Justice When Arrested in City

Thomas Waxman, Lincoln (Neb.) grain salesman, was arrested at 2 yesterday afternoon at Thirty-sixth and Farnam when he narrowly escaped collision with Motorcycle Officer Sherwood.

At 2:45 he was booked at central station on a charge of reckless driving.

At 2:55 he had been tried, sentenced, paid his fine, and was once more on his way to Lincoln.

Municipal Judge Baldwin, Court Officer Farmer and Court Sergeant Holden were all on hand when Waxman appeared at the station. They organized an impromptu hearing in the desk sergeant's office, and fined Waxman \$15, which he paid.

Illinois Starts Sugar Boycott

Housewives' Movement, Begun in Chicago, Becomes State-Wide.

Washington, May 1.—Women of America are on the right track in the sugar boycott, Secretary of Commerce Hoover said today.

"The way to control prices is a spontaneous control of demand," Hoover said.

Chicago, May 1.—A movement begun in Chicago to enlist housewives in the fight against excessive sugar prices became state-wide today when Mrs. Edward S. Bailey, president of the Illinois Federation of Women's Clubs, called on its 100,000 members to decrease their consumption of the commodity.

Seattle, Wash., May 1.—Frank Kanair, secretary of the Seattle Retail Grocers' association, is heading a movement here to induce women to participate in a sugar boycott.

On the advice of Mrs. Henry Landes, member of the city council, he has opened a campaign to persuade men to support the boycott.

"It isn't any use to urge housewives to boycott sugar unless you also get out and urge the men to smilingly accept a sugarless menu," counseled Mrs. Landes.

Free Trips Offered as Corn Club Prizes

In pursuance of its practice of encouraging corn demonstrations, the Union Stockyards company of Omaha this year will donate \$750 for free trips to the state college during boys' and girls' club week for the 25 members having the highest standing in the state this year.

Not more than three free trips can be awarded to any one county and only one to each club. This year 20 boys and girls will be given free trips to Lincoln to visit the state agricultural college.

Edward Noyes of Valley and Mary Eva Ober of Waterloo will represent Douglas county, Everett Pilcher of Blair, Washington county, and Ernest Nelson of Wahoo, Saunders county.

The 20 winners will mingle with about 200 other boys and girls at Lincoln, with all expenses paid by the Omaha Union Stockyards company during club week and will be taken on a trip over the state farm and shown demonstrations in livestock feeding and other farm activities.

Man Kills 118 Rattlesnakes

Yakima, Wash., May 1.—W. B. Gunnoe, deputy game warden, accompanied by his son, yesterday afternoon killed 118 rattlesnakes in a den on Cowiche creek, about 20 miles from here. The killings were accomplished with 23 caliber rifles until the ammunition gave out, when the job was finished with clubs. The snakes ranged in size up to four feet in length.

Mine Pays Dividend

Spokane, May 1.—A half million dividend—50 cents on each dollar share—was announced by the Hecla Mining company. This will be twice the size of the distribution paid in March. The present dividend will be payable June 15, to stockholders of record May 15. This dividend will make the total for this year \$750,000 and the grand total \$10,705,000.

Shopmen Drop Injunction Fight

Attorney Declares Union Satisfied With Situation as Right to Strike Recognized.

By Associated Press. Chicago, May 1.—The leaders of the strike of railroad shopmen today abandoned their case in defense against the federal injunction obtained by Attorney General Harry M. Daugherty last September, and announced that their principle contention in the case had been upheld.

The announcement by counsel for the defendants coming 24 hours in advance of the hearing of the government's application for a permanent injunction, caused Blackburn Estelle, assistant solicitor general of the United States, to interpret the action of the defense as amounting to a default.

After announcing that all attorneys for the defense had withdrawn at the request of the officials of the railway employees' department of the American Federation of Labor, Donald R. Richberg, of the defense counsel, explained that the shopmen were satisfied with the situation and that the government could find such satisfaction which they could, and do as they wished with the case.

He made public a letter addressed to himself, Frank J. Mulholland, of Toledo, O., and James Easty-Smith of Washington, the letter for the defense from B. M. Jewell, president of the railway employees' department, and the other leaders, explaining their view of the case.

The suit, the letter declared, involved the right to strike. The government had called the strike a conspiracy and its primary purpose was to seek to establish that a concerted refusal to accept wages and working conditions as fixed by the railroad labor board was unlawful, in this connection the shopmen's leaders referred to supreme court decision in the case of the Pennsylvania railroad against the labor board in which the court held that it was not compulsory to abide by the board's decision, although holding that there was a moral constraint to do so.

Very attractive sofa cushions may be made with cretonne. A square, with the four points turned in and sewed together, makes the simplest sort.

Struggle Between Leaders in Oil Seen in Wall Street

New York, N. Y., May 1.—A struggle for domination between opposing elements in the petroleum industry is seen by Wall street, the New York World says today, with the Standard Oil interests and a few other big refineries aligned against independent companies operating chiefly in the mid-continent field.

The total financing of the Standard Oil group is given at \$52,000,000 by the paper and that of the independents at \$452,000,000.

The offensive which was behind the general smash in prices on the New York Stock exchange yesterday, the World says, has been seen by the street for three weeks. The objective, it is asserted, is the wrecking of the independents and the eventual control of the mid-continent field by the Standard Oil interests and their allies.

"Recently gasoline prices have been subject to several cuts, always initiated by Standard Oil companies and followed by the independents," the article says. "The cuts appear purely artificial to Wall street, for the reason that, while consumption was increased enormously this year, Mexican production has continued to slump and the total supply of gasoline available is relatively lower than last year."

"For these reasons, it is said, the price reductions, both in gasoline and California crude oil, have been aimed at the independents."

Man Pays Dividend

Spokane, May 1.—A half million dividend—50 cents on each dollar share—was announced by the Hecla Mining company. This will be twice the size of the distribution paid in March. The present dividend will be payable June 15, to stockholders of record May 15. This dividend will make the total for this year \$750,000 and the grand total \$10,705,000.

Two Children Perish in Farm House Fire

Vermilion, S. D., May 1.—Fire which destroyed the farm home of J. A. Danielson, two miles south of Vermilion, at 2 this morning, caused the death of the two adopted children of Mr. and Mrs. Danielson, Harold Danielson, 12, and Ruth Danielson, 9.

The children were alone, the parents being in Vermilion at an Odd Fellow celebration.

The blaze was discovered by persons returning home from the celebration. The fire is believed to have been caused by an incubator in the house. The children were adopted some years ago from the Florence Crittenton home in Sioux City.

Cruiser Omaha Breaks Record

Makes Run from Honolulu to Hilo in Fast Time.

Honolulu, May 1.—The cruiser Omaha made the run from Honolulu to Hilo, T. H., a distance of about 150 miles by the regular steamer route, in 8 hours 12 minutes, breaking the record of 8 hours 32 minutes made by the liner Great Northern in 1912.

Officers of the Omaha, in the first radio conversation between Hilo and Honolulu, said they would have made better time had the weather been good.

The suit, the letter declared, involved the right to strike. The government had called the strike a conspiracy and its primary purpose was to seek to establish that a concerted refusal to accept wages and working conditions as fixed by the railroad labor board was unlawful, in this connection the shopmen's leaders referred to supreme court decision in the case of the Pennsylvania railroad against the labor board in which the court held that it was not compulsory to abide by the board's decision, although holding that there was a moral constraint to do so.

Nebraskans' Son Thought Slain

Former Attorney Disappears at Aurora, Ill.—Son Questioned by Police.

Aurora, Ill., May 1.—Unexplained circumstances and a possibility of murder in connection with the disappearance of Warren J. Lincoln, a former attorney and prominent agriculturist, a distant relative of Abraham Lincoln, caused police today to widen their search for him.

John Lincoln, 20, son of the missing man, was taken into custody and questioned. Police are still searching for Mrs. Lincoln, and her brother, Byron Shoup, and a sandy-haired stranger who, Lincoln had reported to police, had been following him.

Girl, 19, Found With Throat Cut

Was to Have Been Married—No Reason Known for Apparent Suicide.

Claremore, Okla., May 1.—Corra V. Fry, 19-year-old daughter of Mrs. Zona Fry, a widow residing a mile north of Verdigras, was found dead in a water trough at her mother's home early Sunday morning.

Her throat was slashed from ear to ear and her left wrist also showed slight gashes, but physicians state that the death was due to drowning.

Miss Fry was to have been married at 8 o'clock Sunday morning. Near the house was found a butcher knife from the kitchen and a faint trail of blood led from the house to the trough. The young woman had been in the best of spirits Saturday night and had gone to bed with her mother.

There was no note and there had been no quarrel, according to relatives.

In the same room in which she was to have been married, the girl's funeral was held yesterday.

Don't think water will take the place of thorough cultivation—it won't.

Bakers Bake It For You

Eat More Wheat
—no need to bake at home

HERE'S your old-time favorite—full-fruited raisin bread with at least eight tempting raisins to the slice—already baked for you by master bakers in your city.

Simply phone your grocer or a neighborhood bake shop and have a fresh loaf for lunch or dinner to delight your folks.

We've arranged with bakers in almost every town and city to bake this full-fruited raisin bread.

Made with big, plump, tender seeded raisins. The raisin flavor permeates the bread. You've never tasted finer food. Order a loaf now and count the raisins.

Raisin bread is a rare combination of nutritious cereal and fruit—both good and good for you. Serve at least twice weekly to get the benefits.

Use Sun-Maid for home cooking of puddings, cakes, cookies, etc.

You may be offered other brands that you know less well than Sun-Maid, but the kind you want is the kind you know is good. Insist, therefore, on Sun-Maid brand. They cost no more than ordinary raisins.

Mail coupon for free book of tested "Sun-Maid Recipes."

Sun-Maid Raisins

The Supreme Bread Raisin

Sun-Maid Raisins are grown and packed in California by Sun-Maid Raisin Growers, a co-operative organization comprising 14,000 grower members.

A Warning of Interest to Women

ONCE and for always let the foolish rumor about white lead in face powder be dispelled from the mind of every woman.

No decent, honorable, or far-sighted maker of face powder will use white lead, nor will he, if truly reputable, accuse others of its use.

White lead is injurious and no manufacturer who used it could remain in business.

Suggestion of white lead in face powder comes only from jealous minded makers or sales persons. Nobody ever writes, prints or publicly makes this suggestion. The charge, if and when made, is for the sole and only purpose of striking an unfair blow at a meritorious, widely sold article.

Armand Cold Cream Powder contains no white lead. Neither do twenty-five other face powders which we have caused to be analyzed by a chemist of unquestioned ability and integrity.

Armand Face Powders contain no ingredient injurious to the skin, no matter what quantities of the powder may be applied.

Armand welcomes any investigation of these statements. The facts are published gladly for the benefit of the face powder industry, and to inspire confidence on the part of the women of the world, in this industry.

Information that any person has made the statement that Armand or any other good face powder contains white lead will be appreciated by The Armand Company.

Armand Cold Cream Powder with its cold cream base is unlike any other face powder. It produces a clinging, soothing, satisfying effect. It is sold all over the world in the little Pink-and-White Hat-Box at \$1.00.

ARMAND—Des Moines
