

Quintet Defeats—Willing for Royal Trophy

By ROBERT E. HARLOW.
International News Service Staff Correspondent.

ANDWICH, England, May 4.—Francis Ouimet of Boston today won the play-off from Dr. O. F. Willing of Portland, Ore., for the St. George's challenge cup in the international golf tournament.

The match provided a tense finish, Ouimet winning by a single stroke at the end of 18 holes, and advantage gained on the opening hole, where he took a four against his rival's five.

The medal scores were: Ouimet 77 and Willing 78.

Their cards were:

Quimet—Out: 454 254 544—27
Willing—Out: 552 344 534—35
Quimet—In: 444 466 254—10—78
Willing—In: 444 466 254—10—78

While his putting was not as sensational as that he displayed yesterday, Ouimet's game on the whole was pretty to watch. He took three putts on the second, sixth and eighth holes, halving the first two and losing the last. On the 13th he was wide with a seven-foot putt.

On the fourth hole, however, Ouimet gave the gallery a taste of his resourcefulness by playing a spoon shot within two feet of the pin for a sensational 3 on a 432-yard hole.

He was, in fact, longer with his wood shots than Dr. Willing throughout the entire round, his advantage thus gained from the tee standing him in good stead whenever he faltered on or near the greens. This was particularly evident on the fifth hole where Ouimet's greater length permitted him to get a half in 4 in spite of Willing's astonishing put of 75 yards.

The doctor, plugging along like the fighter he is, finally drew level with Ouimet at the 10th, where the Boston amateur bunkered his tee shot and got a 5 to Willing's 4. Ouimet, however, took the lead again on the 12th where Willing also sought a trap off the tee and never relinquished it. He played the 14th, the longest on the course, perfectly with a par 5 against Willing's 6, the latter being weak off the tee and strong with an approach.

Agrees to Box Dundee.
Cleveland.—Featherweight Champion Jimmy Kilbane signed an agreement to meet Johnny Dundee within 90 days after his bout with Eugene Criqui, European champion, providing he defeats the Frenchman.

Oh Boy!!!

Johnson's Record as Shutout Hurler May Stand Long Time

By THOMAS L. CUMMISKEY.
Universal Service Sports Editor.

NEW YORK, May 4.—The crooners to statistics ought to come forward and sing a song, loud and long, about Walter Johnson, of the Senators, and his resplendent string of shutouts. It does not matter who does it, providing he is accurate on the figures.

Johnson hurled a 3 to 0 shutout against the Yankees Wednesday in his 17th season in the "big time"—all the time with Washington. We thought it was the 98th shutout of his career, but it develops there is an argument over whether it is 98, 99 or 100.

Such a marvelous record ought to be definitely fixed. The record books, we found after a lengthy inspection, do not show it. It is well known, however, that his performance stands far above all others. And it seems a safe bet, too, that it will never be equalled.

Incidentally, to bet some other pitcher will equal Johnson's feat would be foolish. A youth making the best would probably be a grand father before he could stand a chance of collecting it, if then.

British Prove Gracious Losers

By Associated Press.

LONDON, May 4.—The fact that an American golfer is to carry home the Royal St. George's grand challenge cup is received without resentment and with some generous recognition of the superiority of the transatlantic players by the London newspaper experts. Loss of the trophy and British downfall, of course, are lamented, but no excuses are made for the British failure.

"Decisive," "splendid," "well merited," are among the adjectives applied by the critics to the triumph of the overseas visitors.

"There is no sort of excuse to be made for our players; they had their chances and they played very disappointingly," says the golf expert of the Times.

The Morning Post says editorially: "Plainly our friends, the enemy, have no longer anything to learn from us, and, equally plainly, we have something to learn from them." What the American amateur of the highest class seems to possess is a steadiness that the best professionals could hardly improve upon.

Schlaifer Meets His Waterloo in Battle With Welter Champ

CHICAGO, May 4.—Mickey Walker, champion welterweight, of Elizabeth, N. J., world's champion, knocked out Morrie Schlaifer of Omaha in the sixth round of a scheduled 10-round boxing contest here last night. Referee Harry Ertle of Jersey City, N. J., stopped the fight after Schlaifer had been knocked down three times and was hanging helpless on the ropes in his own corner.

The fight was the first to terminate in a knockout since boxing was resumed in Chicago two months ago under the protection of injunction from the courts. The bout was witnessed by a crowd of about 6,500, gate receipts reaching \$24,000.

Schlaifer won the first two rounds and had Walker bleeding from the mouth in the second round as the result of solid right and left-hand smashes to the head. The third was fairly even, but Walker got the range in the fourth and went out for

points. Schlaifer was missing badly in the fifth and the champion countered with stiff right and left-hand punches to the head.

Soon after the opening of the sixth round Walker hooked a left solid to the body and then jolted Schlaifer on the chin with another left, dropping him in his own corner. He stumbled to his feet before the referee counted five and Walker flew at him, hooking right and left to the chin. He went down the second time and when he regained his feet Walker measured him with a solid right to the chin. Schlaifer gamely pulled himself to a standing position at the count of nine, but he fell into the ropes, hopelessly beaten, when Referee Ertle caught the Omaha challenger as he was climbing off the ropes.
