### **Reduction in Length of**

Old Glory Recommended Mr. Perry said it had taken a year to tabulate answers received from Washington, May 6 .- The American 17,000 boys and 20,000 girls in high flag is too long in proportion to its width to be artistic, and a reduction schools of 76 cities and towns in various parts of the country. of 12.1 per cent in the length of the

present standard has been decided by the fine arts commission to be the most artistic proportion. In consultation with a committee

of government officials appointed for the standardization of the flag, the commission decided upon a ratio of 1.67 to 1 instead of the present 1.90 to 1. That would make the standardized flag about two-thirds longer than its width. The decision was reached through tests of various sized flags from the Arlington amphitheater flagpole.

#### **Biological Survey Wants** Prices on Rattlesnakes

Washington, May 6.-Rattlesnake teason is bringing letters to the biological survey requesting the names of dealers in live rattlesnakes. rattlesnake skins and rattlesnake oil. Unable to furnish names of any dealers, the Department of Agriculture save if any one knows of a market for such things, it would like to obtain a list of dealers and the present market quotations.
