

# Annual Nebraska State High School Track and Field Championship Meet on Tap This Afternoon

## Large Entry List in Big Classic Scheduled for Nebraska 'U' Field

HE annual state track and field championship will be held at Lincoln today, and according to reports from the officials the entry list is expected to exceed all previous years. The race for the honor this year should prove very close with many good teams in the field with Hastings, Fremont, Lincoln and Omaha Central seeming to be the outstanding in the upper division.

There are several other high schools in the state that have one or two good men, but fall short in the athletes to carry off honors when it comes to counting the points. Gothenburg, Fuller, Columbus and Geneva all have some outstanding individuals but are not expected to be among the high three, although they are apt to furnish stiff competition to the larger schools.

### Gets Five Home Runs When Vernon Wins by 35-11 Score

Salt Lake City, May 11.—Pete Schneider, rightfielder of the Vernon Coast league baseball club, today set what is supposed to be a record when he knocked five home runs in today's game with Salt Lake. He drove in 14 of Vernon's runs and in his sixth time at bat the ball missed going over the fence by inches and was good for two bases. Vernon won, 35 to 11.

### Trainer for Ross May Quit Post

Toronto, Ont., May 11.—A sensation was caused in local racing circles today by a report that Henry McDaniel, who saddled something like 70 winners for Commander J. K. L. Ross last season, is about to sever his connection with the Montreal sportsman's stable in order to accept the position of trainer for a certain well-known New York millionaire. Nobody could be found to verify the rumor. The Ross horses are expected to reach the Woodbine track late today, but whether or not McDaniel is in charge of them remains a deep mystery.

Horses are going along in stiff action now. Tallon owned by Charlie Miller, went the mile in 1:46 and galloped to the mile and one-eighth pole in 2:02. Harry Giddings sent Honey's Jewel a mile in 1:46 4-5, and the mile and one-eighth in 2:02 3-5. J. C. Fletcher's Chechacko cycled the track this morning in 1:47, while Mrs. Livingston's Amber Fly covered the same distance in 1:48.

Jack Stevens, the Toronto boy who led the riders at Tijuana the past winter, may have the leg up on one of Mrs. Livingston's candidates in the King's Plate.

### Has Strong Team

Hastings has a well balanced team and the outsiders should rank high with Vermilion, Black and Marvel heading the list of performers. Lincoln High looks bright and seems to have the best figures turned in this year in several events that look like sure points for the Red and Black. Durish with a heave of 115 feet seems to be the cream of the discus tossers in the state while Fleming in the high hurdles and Weber in the distance events should boost the Links total.

Fremont and Omaha Central also come in high mention. The Fremont team has two extra good spiked shoe artists in Chambers and Evans, while Coach Dow has several others who can easily add points for the Gold and Black. Evans made fast time in the 220-yard dash at the Midland college track meet two weeks ago and covered the distance in 23 seconds flat. He is also fast in the century, being able to step off the hundred in 1:01. Chambers is outstanding in the field events being able to enter the weights and jumps for several tallies. The Fremont half mile relay team appears to be one of the state's best.

### Often Third Title

Coach Schmit of Omaha Central has turned out two championship track teams in the last few years and the Purple are flickering bright again this year.

Prospects for the 1923 Nebraska State High school track and field championship at Omaha Central took a decided tumble yesterday afternoon when the high school authorities announced that Luster Price, star trackster, would not be able to represent the Purple at Lincoln this afternoon on account of scholastic ineligibility. Price was declared ineligible late yesterday afternoon and Coach Schmit of the Purple spiked shoe performers had to change his plans for entrants in the title meet to be held today. The dusky athlete was entered in four events and was expected to account for nearly 15 points for the locals.

### Price Tied the State Record

Price has tied the state record in the middle distance and was looked upon as the next smasher of the 220 and 440-yard records. He was to wear the Purple colors in the 220 and 440-yard events as well as the broad jump this afternoon. Central track prospects have been weakened decidedly by ineligibility rulings this season with three chunder path artists smearing the list. Thomas, who won the discus throw at Lincoln last year, and who was a comer in the shot and hurdles and Hogan and Price both good dash men.

### Cards and Phillies Set New Record

New York, May 11.—St. Louis and Philadelphia National league sluggers set a new major league record today when they knocked out 10 home runs in a game at Philadelphia.

The best previous mark for two clubs in a single game was nine circuit cuts, established by Cincinnati and Boston National league teams in 1884 and duplicated the following year by Cincinnati and Chicago. The latter record was made in a seven-inning contest. The best American league mark was eight homers, registered by Philadelphia and Detroit in 1921.

### Dempsy Gets First Payment

New York, May 11.—The Great Falls National bank of Montana, it was learned today, has wired a deposit of \$100,000 to the Harriman National bank here for the account of Jack Dempsy as an initial payment on the \$300,000 which the world's heavyweight champion is to receive for his bout with Tom Gibbons in Shelby, Mont., July 4. The champion has deposited \$50,000 with the Harriman National bank as a forfeit in case the contract is not carried out.

### Schneider Sign New Players

Earl Schneider, manager of the Schneider Electric Baseball team, announces he has also released Tom Myer, second baseman; Earl Lomela, shortstop; and Jimmie Baumgardner, pitcher. Lester Cornet, shortstop; Warren Kibler, second; Lew Hartman, infielder; H. Post, outfielder; Howard Jones, first baseman; and Charles Blasing, pitcher, are new players signed the last last week.

### 12 to Start in Preakness

Baltimore, Md., May 11.—About 12 speedy 3-year-olds are expected to start tomorrow in Pimlico's famous Preakness which will be worth more than \$50,000 to the winner. Wilderness, a spring sensation, will be kept out of the running. The colt several days ago went lame.

### Kilbane Insures Self

Cleveland, May 11.—Should accident or illness prevent Johnny Kilbane, featherweight champion, from entering the ring with Eugene Criqui in New York June 2 he will suffer little financially. Kilbane has taken out a \$50,000 insurance policy, which expires when he steps into the ring with the French challenger.

### Arizona Wins

Tucson, Ariz., May 11.—University of Arizona defeated Leland Stanford here today in the first of a three-game series, 13 to 5. Senanar, Arizona center fielder, was the batting star of the game, getting five hits, one of them a triple, in five trips to the plate.

### Richards and Fukuda Win

Washington, May 11.—Vincent Richards, national indoor tennis champion, and M. Fukuda of Japan, reached the finals in the Chevy Chase Invitational doubles tournament today, defeating Harold Throckmorton, Elizabeth N. J., and Dean Mathey, New York, 6-3, 6-3, in the semifinal round.

### Doris Chambers Wins

London, May 11.—Mrs. Doris Chambers won the women's golf championship of Great Britain today by defeating Mrs. MacBeth in the final round, one up.

## Preakness Stakes to Be Run Today Develops Into Great Betting Feud

Baltimore, May 11.—The Preakness stakes has developed into one of the greatest betting feuds this country has ever seen between Harry Sinclair, owner of Zev and Rigel, his representatives in the Pimlico classic, and J. S. Cosen, who owns the high-class 3-year-old Martingale, Sinclair and Cosen made millions in oil and each maintains the most powerful racing stables in America.

All Wall street is looking on with abated breath at this gigantic struggle for hundreds of thousands of dollars and the honor and glory that goes with developing a Preakness winner. It became known on the street some days ago that Cosen has wagered \$50,000 on his representative, getting an average price of 5 to 1, and it is said he is ready to dump the proverbial ton of money in the iron-then track, when the betting opens at the track.

On top of this came the decision of Harry Sinclair to send Zev to Pimlico from Jamaica for the race, which was in reality a challenge to the Cosen faction. Fearing another avalanche of money the bookies installed the Hancock entry, Zev, Sun Hillredite is said to have made the statement that Zev could give Martingale and Dunlin each 10 pounds and a beating any time they met. Trainer Billy Garth, announced after Martinet colt would win both the Preakness and the Kentucky derby and that he would welcome Zev as a starter in both events. Somebody is going to get burned and scarred badly. Zev and Rigel are doubtless the logical favorites, but to the student of the form the race appears more open than many will admit.

### They Say Lots of Nice Things About Grantham in 'Ch'

George Grantham, former Omaha Western league third baseman, is just about ready to take the City of Chicago in much the same way as Grant took Richmond, which appeared in one of the Chicago newspapers:

"It may come as a surprise to folks back home to learn that critics around the circuit are beginning to call George Grantham, recruit second sacker, the most promising looking youngster who has come to the league this season. As a master of fact, Grantham broke in late last fall at third base, setting his start now at second.

"Hostile pitchers, and even an umpire, have told us Grantham looks over a ball in a most amazing fashion. They say he has one of the finest eyes in the business today, refusing to offer at a pitched apple that is an inch outside or inside the plate.

And, in addition to all that good news, Grantham has proved himself to be the fastest man on bases with the Cubs. It seems as if he would be a real hot shot sack day, although we may be stretching that point a bit. Moreover, George with a usual playing style, has had extra base hits, and has gotten away with many of them."

## First Place at Stake in Loop

HE Kirschbrauns and the David Cole teams of the Creamery league will clash Saturday at the Carter Lake club diamond. First place in the league is at stake with this game.

Both teams have won every game thus far. The Kirschbrauns have played four games and the Coles only three, but for the first time this season the teams will meet with strong resistance.

Ray Maxwell, pitching for the Kirschbrauns, is a former hurler in the South Dakota State league and he is in excellent condition. Blake Watson, hurling for the Coles, is equally good. He is a former member of the Nebraska State league and is in as good trim as Maxwell.

The line-up of the two teams will be:

### Blanc Seing Arrives at Pimlico Track

Baltimore, Md., May 11.—With the arrival of Zev, Better Luck, Blanc Seing and Hobboblin from New York, all the candidates for the Preakness, Pimlico's \$50,000 classic next Saturday, will be on the ground. None of those nominated from Kentucky is expected to show up. Zev, a son of the Finn, made a great reputation last season and in his only outing this spring, was returned a winner. Some of the "wise ones" think he may go to the post in the Preakness Saturday the favorite. Martingale also is well favored and General Thatcher has a good following.
