Small Amount in U.

passport out of Russia costs  
100,000 rubles, or \$10.  
Russian doctor gets 35,000,000  
or 50 cents for one call on a  
patient.  
A college man working for the  
Soviet government in Russia receives  
salary of 700,000,000 rubles.  
These statistics were revealed yester-  
day by D. P. White, general pas-  
senger traveling agent for the Cunard  
Steamship company, who was in  
Omaha yesterday conferring with J.  
Walton, agent.  
"Russians coming to the United  
States numbered 21,000 last year, the  
limit allowed by immigration laws.  
There will be as many more this  
year," said Mr. White. "The small in-  
dustrial men and small merchants are  
the ones who are coming to this  
country. They have no chance to  
develop their business under the present  
form of government there.  
"There were about 400 English and  
Scandinavian farmers and workmen  
who went to Russia last year from  
the United States. Most of these  
were from the west coast, sympathiz-  
ers of the L. W. W., who were eager  
to try out their communistic ideas.  
These people were given special con-  
cessions in Kouznitzk, central Siberia.  
Christian Russian farmers who  
have settled in the United States are  
constantly returning to Russia. These  
people are admitted only when they  
are organized, and equipped with  
seed and implements to farm for at  
least a year.

carry them through school.  
The comely misses are Elizabeth  
Oysey, Maxine Eyerman, Jean Smalley,  
and Rosalie Walkinshaw, all fresh-

## Arrests Break Up Underworld Ring

**Trio Including Girl Nabbed  
After Railroad Man Is  
Robbed.**  
What police declare to be a smooth-  
working underworld clique with an at-  
tractive girl in the role of a decoy for  
the gang's victims, was broken up by  
the arrest Saturday afternoon by De-  
tectives Munch and Brinkman of  
Adonna Smith, Thomas Bullis, taxicab  
driver whom police found in her room,  
and Don Haines, Rex hotel.

The arrest was made following com-  
plaint of Bert Shannon, railroad man,  
that he went out Friday night with  
Haines to a bootlegging place in South  
Omaha, and that when he woke up  
shortly before dawn at South Thir-  
teenth and Dominion streets, he had  
been robbed of \$60.  
He told police that yesterday after-  
noon Haines, whom he met at the  
hotel, offered to introduce him to a  
pretty girl, and drove him out to call  
on Miss Smith. After a short time,  
the girl excused herself, and Haines  
suggested they take a trip to South  
Omaha.  
Police found a purse which Shannon  
identified as his, in Haines' room.  
Haines, it is alleged, implicated the  
girl, whose husband is being sought.  
Bullis is merely held for investigation.  
Police have no evidence to connect  
him with the robbery.

## 2 Boys Held for Krug Park Thefts

**Bryan Carlton and Phil  
Dine Are Accused of Steal-  
ing Automobiles.**  
Police Officer McGuire, stationed at  
Krug park, believes that thefts and  
looting of automobiles near the park  
will stop now with the arrest of two  
youths whom, he charges, confessed  
to stealing two autos.  
One of the machines the boys drove  
to Lincoln, McGuire says. Reports  
have been coming to McGuire that  
stands in the park and autos have  
been robbed since the park opened  
its summer season. Since the boys

were arrested Thursday not a report  
has been turned in.  
The boys, who first gave fictitious  
names, ages and addresses, admitted  
their identity to District Judge Day  
in juvenile court Saturday. They are  
Bryan Carlton, 18, 2004 Burt street,  
and Phil Dine, 2708 Farnam street.  
Because of being over the juvenile  
age, the boys were turned over to  
the county jail, where they are charg-  
ed with stealing an automobile.

**What Is Paralysis?**  
Paralysis to the victim means loss of all power to use the organ  
or the part of the body paralyzed. The mind may will that the arm or  
the leg shall move, but the muscles and tissues cannot respond. There  
is an interference.  
Paralysis to the Chiropractor is the imprisoning of a mental  
impulse from the brain by a subluxated, or displaced, vertebra pressing  
on the nerve. The Chiropractor overcomes this by adjusting the dis-  
placed spinal joint back to normal position, thereby restoring free and  
normal communication between the brain and the cells, tissues and  
organs outside the brain.  
If you are sick or ailing, call at my office and hear what I have  
to say about your case without any obligation on your part.

## Ak-Sar-Ben Color Suggested for "Courtesy" Parking Tags

Patrolman William Hudson, who  
has charge of giving out the special  
privileges parking cards to visiting  
motorists, has called attention to the  
fact that the yellow color of the cards  
should be replaced by the Ak-Sar-Ben  
colors, red, green, yellow.  
Yellow alone is not a pretty color,  
Officer Hudson says, and the use of  
the tricolor would have the added ad-  
vantage of advertising Ak-Sar-Ben.  
His superior, Officer Riegelman,  
agrees with him and took the sugges-  
tion to Police Captain Coffey. The  
suggestion will be carried out when  
the present supply of cards is gone.

# Do You Want Your Clothes "Cleaned" In This

# Or This

**Gasoline Taken From the  
Ordinary "Vat"**  
The above illustration  
shows the condition of the  
gasoline after clothes have  
been "washed" for 20 or  
30 minutes in an ordinary  
cleaner's vat.

Clothes can't be cleaned in  
**DIRTY GASOLINE**; yet the com-  
mon or usual method is to place a num-  
ber of suits or dresses into a revolving "vat"  
filled with gasoline to be "churned" for twenty or thirty  
minutes. With each turn of the machine the  
gasoline becomes dirtier and dirtier until when  
the time is up the gasoline in the "vat" is as black  
as your hat.

## The "Running Stream" System Assures Best Results

It assures a steady "spray" of clean, high test gasoline passing  
over the clothes all during the time they are in the "vats." As this clean gaso-  
line flows "through" the clothes it drains out at the bottom, taking with it all the  
"dirt" as it comes from the cloths... leaving them clean, fresh and sweet, full of  
a new luster and assuring you many additional months of wear.

Don't allow your clothes, curtains and drapes to be "cleaned" in  
DIRTY gasoline—have them "French Waxed" and you may be "sure" that  
they will be thoroughly CLEANED by our "Running Stream System." Call the French  
Dry Cleaning Works today. Send your clothes, curtains and drapes. Our trucks go  
everywhere. Our phone number is AT lantic 1066.
