

Annual City High School Track and Field Meet On Program for Ak-Sar-Ben Field This Afternoon

Central High "Doped to Carry Off First Place"

South, Benson, Creighton and Purple Enter Teams—Tech Fails to File Blank.

Annual staging of the city high school track and field meet will be held this afternoon at Ak-Sar-Ben field with South, Benson, Creighton and Central being the schools competing for the title. Tech did not enter the meet this year, although Coach White has some excellent material at the Maroon camp.

Central high should have little difficulty in winning the majority of honors this afternoon as Coach Schmidt of the Purple has an exceptionally strong team entered. The Hilltoppers have won several meets already this season, among them the McMillan college and Nebraska "Medic" classics. The Purple failed to show the expected form at the state meet at Lincoln on account of the ineligibility of Price, star runner of the local crew. Little is known of the strength of any of the other contestants, although Creighton Prep is likely to finish the annual affair close behind the Purple. South high should come through with third honors and Benson fourth. The meet is scheduled to start at 2:30 p. m.

NEW YORK, May 28.—No one who did not see Luis Angel Firpo fight Bill Brennan at Madison Square Garden some weeks ago can tell of the real fighting tury of "the wild bull of the Pampas."

His future victories may be as hollow as that over Jack McAuliffe II, the rooky-built, wisifull-looking Michigan boy.

They will be coldly calculated, based on more boxing judgment, tempered by thoroughness. Never again will Luis Angel Firpo be the roaring, desperate, unbridled personification of primitive passion that he was the night he clubbed Brennan to the floor.

Brennan may never have been a great fighter. But Brennan—experienced, crafty and thoroughly game—was always a great "sucker lick."

As long as Brennan could move around he made a stout fight. When his legs failed him, when he had to stand still and meet the punneling, he was done. He felt not so much from any one particular blow as from a succession of blows, from a general clubbing.

Firpo was a fighter that night of the old bar-room style more than a boxer. He swung his gloves as if they were blackjacks.

Giants Outstanding Performers Last Week—Pirates Climb Higher

New York, May 27.—The Giants continuing their heavy batting attacks behind excellent pitching, went through last week's games without a loss and climbed to a higher percentage in the pennant race. Their fourth straight victory over the dodging Phillies yesterday was their eighth consecutive triumph.

In the American league the Yankees, after nine successive victories, found the most stubborn opposition of the season in the Athletics to whom they lost two of three sparkling contests. The champions won the third game in an 11-inning struggle and gained back some of the ground lost at Philadelphia by defeating the Washington club while the Athletics were idle.

Pittsburgh continued climbing in the National, losing but one game during the week, while the Cardinals, slumping from heavy batting form, could account for only one victory. Cincinnati, after six straight losses, turned to the winning column yesterday against the Cardinals. The Phillies failed to win a game.

Despite their two victories over the Yankees, the Athletics lost ground in the American, breaking even in games won and lost, while the champions were winning a majority of their contests. Speaker's Indians gained ground, while Detroit and the Browns slipped. Chicago, Washington, and Boston were the heaviest losers.

The week's record in each major league of games played, won and lost, with runs, hits, errors and opponents' runs, including games of Saturday, May 26 follows:

NATIONAL LEAGUE		AMERICAN LEAGUE	
Team	W-L	Team	W-L
New York	10-1	New York	10-1
Pittsburgh	8-2	Philadelphia	8-2
St. Louis	7-3	Cleveland	7-3

Brockton	5-5	St. Louis	5-5
Boston	4-6	Chicago	4-6

Dear Sir: I address you by the title of Sir because that is the recognized label in England for a man who sees spooks. It has just been awarded to Sir Conan Doyle. I think that spook boxer of yours was the shadow's whiskers.

In more concentrated words, he was a bum, poor and simple. Yours when they pass the cake, WILLIAM B. VAN, Sheriff, Newport, Vermont.

THIS is an insult that can not be absorbed without the aid of a sponge. Gink Fowler was no bum and when he took the bromine cure in the ring, he was merely proving that science will conquer brute dividends.

There is a town in Mexico that calls itself the toughest town on the North American continent. This bogus burg is Mexicali. It is right across the California line in Mexico.

But it ain't tough at all, because that is where the Roughtown people send their kids to kindergarten.

The toughest man in Mexicali busted into Roughtown one day to wreck havoc and taxes on the innocent Roughtowners. He was kicked back by a paper doll.

Although Roughtown is in the United States, no one speaks English. They are too roon to allow grammar in their panics.

Mexicali is just a dove in an eagle's nest. A fire swept that town last week and everybody toured to the woods. Roughtown had four earthquakes, two tornadoes, six hurricanes and an explosion in one day.

Yet the only complaint clerk in Roughtown had to go to the poorhouse because there was no business. Look these matters over carefully.

Dye Tops State League Batters

Lincoln, Neb., May 28.—Batting averages of players in the Nebraska State baseball league shifted during the week, and McDonnell of Grand Island, who led the league last week, was in sixth place, while Dye, playing captain and second baseman on the Lincoln club, topped the list with an average of .458.

Burke, Hastings outfielder, was second with an average of .427. He played in 18 games and was at bat 68 times, gleaming 29 hits, six of which were home runs.

The figures include games of Sunday, May 29. Other leading batters were: Casey of Norfolk, .395; Beall of Fairbury, .390; Hoover of Lincoln, .370; McDonnell of Grand Island, .362; Shaw of Fairbury, .357; Suggs of Beatrice, .349; Purdy of Lincoln, .348, and Lee of Fairbury, .324.

But the night of the Brennan fight he was a dead cold throwback to the days when men fought with clubs and stone hatchets.

Brennan may never have been a great fighter. But Brennan—experienced, crafty and thoroughly game—was always a great "sucker lick."

As long as Brennan could move around he made a stout fight. When his legs failed him, when he had to stand still and meet the punneling, he was done. He felt not so much from any one particular blow as from a succession of blows, from a general clubbing.

Dempsey Floors Wells in Bout

By International News Service. Great Falls, Mont., May 28.—Six Montana towns more than exerted themselves in greeting Tommy Gibbons, challenger for his heavyweight title, in his clever campaign to become better acquainted with the hospitable westerner. Bands, banquets and crowded houses greeted Gibbons everywhere. White greatly pleased with the wonderful reception accorded him everywhere, the challenger admitted that it was too much for him and quietly slipped away early Sunday night for a much needed rest.

Gibbons now weighs 182 pounds and Tuesday will view for the first time the scene of his titular conflict with Jack Dempsey, present titleholder, in the heavyweight division.

Sunday afternoon Dempsey increased his sparring to 10 rounds. In his bout with Wells, the champion speeded a bit toward the end of the session and with a right to the jaw sent his opponent sprawling.

Starting this morning, Dempsey will loaf for a week or 10 days, spending his time in the mountains along the wily trout in his basket.

Ford Transfers Lose. The Ford Transfers were defeated by Avoca, 12, in a ninth-inning batting rally by Avoca, 6 to 5. The Avoca pitcher struck out nine batters and Garvey of the Ford Transfers fanned four.

Omaha Opens Against Bears on Home Lot

THE three leading teams in the Western league—Wichita, Omaha and Tulsa—are almost neck and neck, 13 points separating the league leading Izzies and the Oilers—holders of third place.

By winning a double header yesterday from Sioux City, Omaha evened the series with the Iowa aggregation and climbed within three points of first place. Wichita's percentage having been trimmed when it engaged in a losing contest with Oklahoma City.

Tulsa made a slight gain in the race by blanking St. Joseph, 11 to 0. The Tulsans are leading the fourth place Indians by a safe margin, and unless Oklahoma City hits upon a winning streak the Western race appears to be a three corner affair between Wichita, Tulsa and Omaha.

The Buffaloes will open a four-game, three-day engagement with the Denver Grizzlies tomorrow at the Vinton street lot. Decoration day will be observed with a double-header. The team will be here for only one series and then will journey to Tulsa on an off-day Friday to open a three-chapter affair Saturday.

With the lowly Bears as opponents, the local herd may take the lead and be entrenched in first place when they hit southward.
