

10 Mexicans Die in Church Riot

Mob Storms Durango City Palace in Protest at Limit on Clergymen.

Mexico City, June 1.—Newspaper dispatches from Durango City report that 10 persons were killed and 11 wounded, eight seriously, when a mob yesterday stormed the provincial palace in protest against the law limiting to 25 the number of clergymen

allowed each religious denomination. Military patrols were on duty throughout the state capital during the night. The trouble grew out of what was intended to be a demonstration and protest against the law. A committee of prominent Catholics, accompanied by a crowd of 3,000 persons, marched to the palace to ask the governor and legislature to rescind the measure. While its spokesmen were awaiting admittance to the building, the assemblage listened to several fiery speeches and finally began to bombard the palace with stones. The guard of mounted police discharged their rifles over the heads of the crowd, whereupon the demonstrators rushed the guards and disarmed them. In the promiscuous shooting that fol-

lowed three policemen and seven civilians were killed. Promulgation of the law about 10 days ago caused great excitement throughout the state, in which there are normally about 350 Catholic clergymen. Church officials have served notice that services will be suspended unless the measure is removed. **Aged Woman Is Injured in Beatrice Auto Crash** Beatrice, Neb., June 1.—A coupe driven by Joe Tezcka of O'Dell and a touring car in charge of "Mick" Terry of this city collided on a viaduct here. Mrs. Sarah Terry, aged mother of Mr. Terry, and his wife, were badly bruised.

Flood Disastrous to Growing Crops

Damage in Beaver Valley Lowlands Estimated at \$200,000.

Beaver City, Neb., May 31.—Farmers in the lowlands of Beaver valley began today checking up their losses from the flood waters which have inundated their lands for the past two weeks. While the exact loss to crops will not be known for several

weeks, it was estimated at \$200,000 or more. All alfalfa crops on the first bottom of the valley are killed, farmers report, while practically 50 per cent of the corn crop in the same vicinity will have to be replanted. Not only was the flood disastrous to the growing crops, but it also washed out ditches in valuable lands, together with one large bridge, small buildings, culverts and approaches. The damage to the Burlington railway in the valley alone was placed at not less than \$80,000 by trainmen. Several trainloads of fat cattle are ready for market, but cannot be shipped, owing to the tieup in traffic. The loss to feeders is expected to run up to several thousand dollars.

Radio Memorial Address Given

Col. Ames Thomas Speaks at Station WOAW—Music Society on Program.

The Omaha Trust company and the Omaha National bank had charge of the radio program at station WOAW Thursday night. The headlines were the Omaha Chamber Music society, of which Henry G. Cox is the director. Soloists who featured were Miss Gertrude Godman, accompanied

by Miss Helen Hoagland; Julius K. Johnson of the Rialto theater, pianist. Col. Ames Thomas of the Nebraska National guard gave a post-Memorial day address. He traced the origin of the holiday and explained its patriotic significance. Miss Elsa Reese, soprano; Evelyn Reese, violin, and Mabel Donlan gave the obligato to the numbers by the Omaha Chamber Music society. Henry Cox played a violin solo. **P. and B. Gambling Case Is Dismissed** Case against the P. & B. cigar store on a charge of maintaining a gam-

bling device was dismissed in municipal court yesterday by Judge Patrick, without testimony on behalf of the defendant. The case was dismissed partly because Detectives Trapp and Dunn could not agree how many identifying folds the bill which was alleged to have been given by Officer M. L. Jensen contained. "If any one was gambling," said Attorney Ben Baker, "it was the officer who made the bet." Commissioner Dan Butler appeared once or twice and then made his exit. The inhabitants of some of the remote parts of China have the idea that the greater number of religious beliefs they profess the more certain are their chances in the next world.
