

Fewer Children Are Now Dying, Says Undertaker

President of Funeral Directors' Body Meeting Here As Signs Sanitation for Decrease in Deaths.

Elimination of disease by better sanitation and the continued develop-

ment of the standards of the profession, are among the aims of Nebraska funeral directors who are attending the 38th annual convention of the Nebraska Funeral Directors' association at the Auditorium.

President Walter Livingston of Hastings commented on the absence of a large number of small caskets from the display. "It means that children are not dying with such frequency as they used to die," he explained. "There aren't nearly as many children's caskets sold as in years past."

"There wouldn't have been the epidemic of influenza, for example, if present methods of undertaking prevailed a few years ago. New en-

balming methods kill the germs; funeral directors are now licensed, and funerals are not allowed to be public unless all danger of disease has been eliminated."

Total exhibits at the convention are valued at \$100,000. The convention will last three days. Thirty-five applicants for licenses as funeral directors took examinations at the University of Nebraska college of medicine Monday and Tuesday.

Jury for Johnson Trial Selected

Man, 65, Facing Charge of Murder of William Jurg During Spree.

Special Dispatch to The Omaha Bee.

Fremont, Neb., June 5.—After examining nearly 50 prospective jurors, 12 Fremont men were finally chosen to act as the jury in the trial of Andrew Johnson, 65, charged with murder in the first degree in killing William Jurg at North Bend last October, during a drinking spree. The jury was taken to North Bend late this afternoon to view the scene of the killing at Johnson's home.

In the opening arguments it was brought out that James Herbert, 70, a third member of the fatal drinking party, has completely disappeared. Efforts to locate him as a witness have been futile, both the state and defense attorneys told the jury. Attorney Frank Dolezal, for the defendant, indicated that the killing of

Johnson may have been committed by Herbert, by his own hand or in an accident. He insisted that there was no motive for the crime and that Johnson, in a state of stupor when found following the shooting, was unable to tell what took place.

Tells of Quarrel. Jurg's statement before his death described a quarrel with Johnson. When he refused to quit Johnson's home the latter secured a gun from the next room and fired at Jurg, according to the state's attorneys.

The defense attorney in his statement to the jury said that he would introduce testimony tending to prove that Johnson, when under the influence of liquor, lost control of his mind. He also intimated that an attempt would be made to prove that the gun used in the shooting did not belong to Johnson. Dolezal scored the county officials for failing to detain Herbert, the only witness to the alleged shooting.

First Testimony Wednesday. First testimony probably will be taken Wednesday morning, when the trial is resumed. The following men make up the jury: Vivian Slogett, L. McFadden, Lars C. Jensen, H. J. Boege, Ed E. Jensen, C. E. West, Andrew J. Holtz

The measure provides for the recalling and canceling of all permits and the returning of fees to all bus lines to which the permits were recently issued by the police commissioner. Commissioner Koutsky also presented an ordinance providing for the repeal of an old ordinance on which the issue of the permits was based. This matter was referred to

Have You a Daughter?

Omaha, Neb.—"Dr. Pierce's Favorite Prescription is the best remedy I have ever known for the ailments of women. It benefited me so much that when my daughter was on the verge of womanhood and was in frail, delicate health, I gave it to her without any hesitancy, and it removed all discomfort and regulated her system. It also put an end to fainting spells, which had been the cause of a great deal of worry to us, and from a frail young girl she has grown into a healthy-looking young woman. I believe that Dr. Pierce's Favorite Prescription saved her life and I often recommend this good medicine to the mothers of other young girls who are in need of just such medicine."—Mrs. Mary Wenz, 2325 Seward St. Send 10c to Dr. Pierce's, Buffalo, N.
