Sioux City, Ia., June 7.—The combination bridge over the Missouri river at Sioux City has been bought by three Sioux City men. Nearly \$1,000,000 was involved in the deal, it was said. Ninety-nine per cent of the stock

in the company, which owns the giant span across the Missouri here, now is owned by citizens of Sioux City. Announcement of the purchase was made by John A. Magoun, president of the Sioux National bank, one of the three big owners of the bridge stock. The others are B. H. Kingsbury and F. L. Eaton. All are officers of the bridge company.
