Rider of Spark Plug in Celebration of Fourth at Lindsay to Be Awarded Prize

Residents of Lindsay, Neb., will get their first glimpse of the immortal Spark Plug when the annual parade of the streets of the town on the Fourth of July, in connection with a community celebration. "Sparky" is already being built. The horse will consist of a Ford car with the wheels off center, which will cause it to vibrate up and down. It is said it is impossible to ride the car at a speed of 15 miles an hour. The riding will be done on a saddle placed on the hood, and the rider must not "pull leather." In the parade, the car will have a horse's head affixed to the front and will be covered by a blanket bearing the words "Spark Plug." Prizes will be offered to anyone who can ride the animal.

"Skvlbltch Chang" Interpreted for Judge

"Ask them if they were gambling," a municipal court judge directed Charles Young, interpreter, during the hearing yesterday morning of Lee Kee and Jim Leo, Chinese, charged with keeping gambling devices at 111 North Twelfth street. "Skvlbltch chang," answered Lee Kee. "He says they were only playing for merchandise, and that some boys were paying a private bet that had nothing to do with the game," explained Young. "Did they say all that in two words?" asked the judge.

Jury to Get Evidence in Slaying of Lincoln Woman

By International News Service. Los Angeles, June 11.—The county grand jury was expected today to be presented with evidence sometime this week in the death of Mrs. Florence Wilcox, who was mysteriously shot June 2 while riding in Jefferson avenue with Miss Dorothy Miller, who also was injured, and two male companions. The grand jury investigation was resorted to after a coroner's jury returned a blanket verdict refusing the name of the slayer or slayers. The police also have been able to make little or no headway in solving the shooting. Mrs. Wilcox is a Lincoln (Neb.) woman.

Welcome to the Boys of '98
The Spanish-American war veterans who are meeting in Omaha this week will receive cordial welcome from every resident of this city. The welcome will be particularly cordial on the part of the men and women who have lively personal recollections of the stirring times in and around Omaha during the preparations for and at the close of the war with Spain. In that war—as in every other war—Nebraska soldiers brought honor to their state. Those who went into actual battle carried Nebraska's colors into the thick of the fight, many fell mortally wounded, others who did not reach the firing line suffered and sacrificed in poorly equipped hospitals. We did not then have the facilities which we have now and the boys of '98 proved themselves real heroes from enlistment to peace treaty. We cannot call these boys "old" now. Many of them would resent it. But they are veterans of one of history's important struggles, they won their spurs, and they are entitled to wear them. All Omaha is glad to do them honor.

Thor AUTOMATIC ELECTRIC IRONER

\$10 Down and \$10 a month Takes all the work out of ironing

At last an ironing machine that is absolutely automatic. No levers to struggle with. No foot pedals to tax your strength. No belt to slip or break.

Automatic Operation

Positively a revelation to women. Even the frailest woman can do a big ironing, sitting down, without tiring herself. You can iron a heavy damask tablecloth in five minutes. Two buttons at your right hand control every operation. The shoe opens and closes—speed changes to high or low—it starts and stops—all at the touch of a finger. The open end of the ironing roll makes it easy to iron cuffs, collar bands and ruffles. The only ironing machine with a two speed roll—also a wide opening shoe, giving ample space for easy cleaning and waxing.

Irons Shirts, Dresses, Ruffles

Some people still think an ironing machine is only for flat work. It irons "flat work" of course—gives table linens a beautiful finish. But it also irons dresses, men's shirts, children's clothing—all the things you thought had to be hand ironed. Even ruffled garments are done quickly and easily.
