

### Pennsylvania Is Criticized by Labor Board

Chicago, June 18.—The United States railroad labor board for the first time, last night, exercised its power to administer a public rebuke to a railroad company for failure to obey its decision. It is the only means the board has of penalizing either companies or labor unions for failing to comply with its decisions. The Pennsylvania railroad is the company held up to public rebuke. The case grew out of the shopmen's strike.

**Hand-Picked Candidates.**  
The Pennsylvania was ordered to treat with employees in the matter of wages and working conditions with representatives selected by the employees. Instead, it is charged the company caused to be circulated ballots among the employees with the names of certain individuals printed as candidates of the employees. The labor board refused to recognize the representatives selected in this way. The Pennsylvania was ordered to employ the usual form in treating with its employees and refused.

The rebuke of the labor board says in part:  
"The course adopted by the Pennsylvania system in this matter is indefensible from every viewpoint. It cannot be justified, on the ground that the contention of the employees or the decision of the board deprived the carrier of the right to deal with his own employees."

"The plan called 'employee representation,' which the Pennsylvania system assumes to have originated, is guaranteed in the transportation act, 1920 and prevails on the railroads throughout the United States."

**Employees Have Rights.**  
"If employee representation means anything at all, it signifies the right of a class of employees, through majority action, to select their own representatives to negotiate with the carrier agreements covering wages and working conditions."

"This is what congress said it meant, but the shopcrafts have been deprived of this plain, simple, indisputable right on the Pennsylvania system."

"The railroad labor board, under the authority of Section 313 of the Transportation Act, 1920, finds that the Pennsylvania system has violated decision No. 218, after the supreme court had upheld the board's right to render said decision and has thereby denied to its employees essential rights as laboring men to which congress had declared them entitled."

### League of Nations May Settle Polish Dispute

Warsaw, June 18.—Indications that the league of nations is likely to take energetic measures to settle the long standing difficulties between Poland, and the free city of Danzig are recalled by Sir Eric Drummond, the league's general secretary, who is in Poland for a study of the situation.

### Suggestions for Hair Health

From the beginning of history down to the present day, every story of love has spoken of the maiden's hair as one of her chief charms. Fair locks amply pay for the care and time used in keeping them beautiful and care is all that is necessary for developing and retaining hair beauty. In washing the hair it is not advisable to use a makeshift but always use a preparation made for shampooing only. You can enjoy the best that is known for about three cents a shampoo by getting a package of canthrox from your druggist; dissolve a teaspoonful in a cup of hot water and your shampoo is ready. After its use the hair dries rapidly with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its luster and softness also will delight you, while the stimulated scalp gains the health which insures hair growth.—Advertisement.

### Tears and the "Want" Ad

Yes, this is a true story. The boy saw the "Want" ad in The Omaha Bee and cried and cried. The first evening his mother didn't give in, the next day she did and wrote to a relative in Omaha and asked him to try to get the goat. The boy had already gotten hers. Here was The Omaha Bee "Want" ad. It ran one day Wednesday. Bright and early Sunday the relative came and claimed the goat. The goat was soon crated and shipped to the happy boy at Tekamah, Neb. The boy read, cried and conquered.

### Jews Opposed to Ford and Ku Klux

Denver, Colo., June 18.—The position of the Jewish people in regard to Henry Ford and the Ku Klux Klan was one of the matters of discussion today at the district convention of B'nai B'rith, which opened here today.

"The Jewish people no longer think it necessary to pass resolutions telling the people of the nation and of the world their attitude toward Henry Ford and the Ku Klux Klan," said Alfred Cohen of Cincinnati. "We oppose these people because of the un-American attitude toward several religions and races. We have gone on record so many times and so forcibly on this matter that it is hardly worth while to do so again."

### Motorman Halts Elevated Train to See Ball Game

Chicago, June 18.—A baseball fan employed as motorman on the elevated road today tied up traffic on the "L" line here, while he satisfied his longing for a look at the Chicago-Philadelphia game at Cubs park on the North Side.

Shortly after the game got under way, a man clad in a workman's jumper worn by the motorman of the elevated lines and carrying his two control levers in his hand, walked up to Gate Tender Powers at the gate.

He told Powers he had left his train on the track and wished to take a look at the game. The gate tender permitted him to go in.

In the meantime, other trains began coming up behind the driverless train. The motorman was pointed out to elevated road officials and left the park with them. It was said his train was full of passengers.

### Fleet of Rum Ships Runs Gauntlet of Dry Agents

Atlantic City, N. J., June 18.—A fleet of rum ships is anchored about seven miles off Atlantic City, according to word brought ashore last night.

Although coast guards have been on the alert, the embargo runners have landed more than 2,000 cases of Scotch whisky and champagne during the last week, according to word that has reached the authorities.

### War Debt Now Is Manageable

Rapid Reduction in Sight Without Other Means Than Short Refunding.

Washington, June 18.—Heads of departments and bureaus, constituting the "business organization" of the government, were called together today to hear formal announcement by President Harding, its head and director Lord, of the budget that the government has lived within its income during the past 12 months. The meeting also was expected to proceed to a discussion of plans for the forthcoming year and to hear an outline of what the president expects the government to accomplish since it has overcome the prospective deficit.

**Expect Surplus.**  
Although the governmental machinery has yet two weeks to run on funds appropriated for the current year, treasury officials have figured confidently that a surplus of above \$175,000,000 will be running up when business closes on June 30. At the beginning of the fiscal year last July 1, an apparent deficit of \$823,000,000 confronted the treasury. President Harding ordered economy and greater efficiency and this, coupled with unexpected increases in receipts from internal revenue and customs not only has wiped out the deficit but has made possible a substantial surplus of income over outgo.

**Significant Accomplishment.**  
The accomplishment of bringing expenditures within the amount available to pay them is regarded at the treasury as more significant than merely elimination of a deficit. It means, a treasury spokesman has said, that the great debt, piling up during wartime and immediately thereafter, is now in manageable shape and that hereafter its comparatively rapid reduction may be anticipated for the maturities in the next few years are spread out in a fashion that permits their retirement without the treasury being forced to undertake anything more than short refunding operations at any time.

Questions of the government's financial status, naturally are closely related to those of taxation and the certain surplus in this fiscal year with the repeated assertion by the president that the budget will at least be

### The Omaha Bee: Tuesday, June 19, 1923—Page 5

balanced next year, has given tax experts new lines on which to work in their study of ways and means of lifting the tax burden. The hope is known to prevail throughout the administration that something can be done to lighten the tax burden.

### Meikeljohn Keeps Mum.

Amherst, Mass., June 18.—Dr. Alexander Meikeljohn yesterday refused to make his expected statement concerning action he would take in the controversy which threatens to result in his resignation or removal as Amherst college president.

### Friendly Relations With U. S. Are Sought by Russia

Moscow, June 18.—Hopes for further friendly relations between the United States and Russia were expressed Saturday at a private dinner attended by representatives of the American Relief administration and of the Russian government. The dinner was given by Col. William N. Haskell, and members of the administration's staff to M. Kameneff, George Tchitcherin, M. Litvinoff, M. Djvinsky and a number of other soviet leaders.

The soviet leaders expressed deep appreciation for the charitable work

done by the Americans in Russia and voiced in the hope that it would lead

to closer friendship between Russia and America.

## Syrup Pepsin Helps Nature Give Relief

Try it when a Laxative is needed and see the wonderful results

IT is not necessary to take a violent physic for so simple an ailment as constipation. Yet many thoughtless parents give mercury in the form of calomel, and coal-tar in the form of phenol when a natural vegetable compound like Dr. Caldwell's Syrup Pepsin will do the work equally well and without danger. People should realize that mercury may salivate and in certain conditions loosen the teeth; that phenolphthalein, by whatever name known and however disguised in candy, may cause dermatitis and other skin eruptions; that salt waters and powders may concentrate the blood, dry up the skin and cause lassitude.

You can take Dr. Caldwell's Syrup Pepsin yourself or give it to a babe in arms, as thousands of mothers do every day, with the confidence that it is the safest and best medicine you can use for constipation and such complaints. A teaspoonful will relieve you over night even if the constipation has been chronic for years. Dr. Caldwell's Syrup Pepsin is a compound of Egyptian senna and pepsin with pleasant-tasting aromatics, and does not cramp or gripe. Every druggist handles it, and bottles are so generous that the cost amounts to only about a cent a dose. You buy it with the understanding that if it does not do as claimed your money will be refunded. The names of all the ingredients are on the package.

Mrs. A. Arceneaux of Orange, Texas, suffered from constipation for six years and found no relief until she took Dr. Caldwell's Syrup Pepsin; and Mrs. Gus Anderson of Ball, Kans., corrected her bowel troubles so that she now eats and sleeps normally. Bring a bottle of Dr. Caldwell's Syrup Pepsin into your own home and let the family use it for constipation, biliousness, wind, gas, headaches, flatulency, and to break up fevers and colds.

TAKE DR. CALDWELL'S SYRUP PEPSIN The family laxative

## Unusual In Foreign Countries

—Visitors to foreign countries have wondered how the average European gets along without a telephone in his residence. Yet 25 years ago few American residences had telephones.

Today the telephone is considered a necessity. It is used to call the merchant, the doctor, to make social engagements, to chat with one's friends across the town or across the state or nation.

There is perhaps no service which saves so much time and effort and gives so much pleasure for the money it costs as does your telephone.

## AN OLD FRIEND IN NEW CLOTHES

THE ATLAS Portland Cement Company has purchased the plant, good will and other assets of the Western States Portland Cement Company of Independence, Kansas, and has incorporated a company under the laws of the state of Kansas to be known as the ATLAS Portland Cement Company of Kansas, to take over and operate this property.

The dealer and consumer friends of Cowboy Portland Cement will be glad that the organization of the old company is retained practically intact.

To the already recognized high quality of Cowboy brand is now added ATLAS service and dependability.

The dealer secures at once the benefit of Atlas nation-wide publicity and sales help, and also the experience of thirty years in solving sales and construction problems.

ATLAS is known as "the Standard by which all other makes are measured."

THE ATLAS PORTLAND CEMENT COMPANY OF KANSAS Independence, Kansas
