

Fosdick Urges "Above Average" for Graduates

Michigan Scholars Urged Not to "Bow Down" Before the General Average and the Majority Vote.

Ann Arbor, Mich., June 18.—Dr. Harry Emerson Fosdick, pastor of the First Presbyterian church of New York, came to the commencement exercises at the University of Michigan today to enunciate a call to the universities of America to turn out generations of young men and women "who will live above the average and ahead of the time," and will not "bow down before the general average and the majority vote."

"As young men and women go out into our social life," he said, "they will drift sooner or later into one of three places: they will be below the average, lawless or antisocial; or they will be above the average, a part of the dead level of those who think that everybody else thinks; or they will be above the average, pioneers whose visions are more prophetic than the majority yet see."

"If there is any place on earth where one has the right to plead for recruits to that all too small minority of independent men and women, above the average and ahead of the time, surely that place is a college campus on commencement day."

"In this endeavor to grasp the social significance of being above the average, we have at the very start one antagonistic force to overcome, the influence of political democracy."

Dr. Fosdick declared that modern democrats, who would scorn to truckle to an autocrat, truckled to a majority with all the obsequiousness of a courtier before a king and continually "bowed down before the two great sovereigns of the democratic state, the general average and the majority vote."

People Not Gild.

While admitting that the "best way yet discovered in which to run a government is to elect public servants by popular suffrage," Dr. Fosdick declared that "the idea that the voice of the people is the voice of God is largely nonsense."

"The fact is," he asserted, "that in any realm where judgment calls for spiritual and intellectual fitness, only the minority who are above the average are ever right. And the best hope of democracy lies in that minority who lift the level of the general average instead of letting the general average level them down."

Mother and Three Tots Perish in Fire in Idaho

By Associated Press.

Boise, Idaho, June 18.—Fire early Monday morning wiped out the little tent home of Mrs. Donato Ueberaga, in which she lived with her three small children near Homedale, Idaho, and all four of the occupants lost their lives, according to word received here late last night.

The charred bodies of two of the children were found in bed, and the third was found a short distance from the tent where officers said the child apparently had been thrown by its mother in an effort to save its life.

Mrs. Ueberaga, who was found unconscious and writhing on the ground near the smoldering ashes, died in a hospital at Caldwell last night. The origin of the fire is unknown, according to authorities.

Boy Lured by Horses Arrested Trying to Hide in Judge's Stand at Ak-Sar-Ben Track

Lure of the pounding hoofs of thoroughbreds on the packed clay of a race track drew Albert Rampeck, 13, son of Paul Rampeck, 1703 South Sixteenth street, from his home last Friday.

Monday he was arrested by Patrolman Mark Bell while trying to hide in the judge's stand at Ak-Sar-Ben field. He told the patrolman he had no intention of going home and that he intended to accompany the horses when they left.

He was turned over to juvenile authorities.

Foreigners Sway U. S. Wheat Cost

So Declares Preus at National Meet to Combat Grain Crisis.

By Associated Press.

Chicago, June 19.—The American farmer should live according to the same standards of life as prevail for city workers and should receive the same monetary compensation for his day's work as the urban workers, Governor J. A. O. Preus of Minnesota said today in opening the national wheat conference here, composed of representatives of all branches of the industry. Manufacturers, millers, elevator men and allied industries, in addition to numerous farmers' organizations, were represented in the gathering, which was called by governors of seven states.

The two-day conference was expected to result in a permanent organization to serve as a clearing house for consideration of the problems of the wheat business from producer to consumer. The new body probably will be known as the National Wheat council.

A nationwide movement to increase wheat consumption so as to eliminate the annual carryover of approximately 170,000,000 bushels from one crop to the next was to be considered by the conference. In addition, the recommendation will be made that a national survey of the wheat industry be launched to bring the facts of the fundamental problems to light.

Wheat is the only American commodity the price of which is controlled outside of America, Governor Preus stated. "All of the problems confronting the American farmer, therefore, this wheat surplus is the most important," the Minnesota governor said in opening the conference.

"Failure to bring relief to the farmer from his present situation will have a serious effect on every other industry."

Failed Bank Rule of Pool Attacked

Secretary Hart and Bryan Say Courts Should Decide Matter.

Special Dispatch to the Omaha Bee, Lincoln, June 19.—Attempt made by Charles W. Pool, secretary of state, to raise a legal question which would deny depositors in numerous failed banks the right to collect their deposits called for sharp criticism yesterday from J. E. Hart, secretary of the state department of trade and commerce.

"It was my first intimation that Mr. Pool is an attorney general to rule on legal questions," Hart said.

Much the same opinion was expressed by Governor Bryan.

"If there is any dispute it should be settled by the courts," he said.

Pool made a statement Saturday to the effect that depositors in failed banks couldn't collect from the guarantee fund when that bank failed to comply with an obsolete law calling on all banks to receive a certificate of incorporation from the secretary of state.

Since that law was placed on the statute books a new banking law, superseding the one referred to by Pool, was passed and in this law it was provided banks should receive their articles of incorporation from the banking board and that's the rule which has been followed.

6 Connected With Steel Corporation Indicted

Buffalo, N. Y., June 19.—Indictments charging violation of the corporation laws were voted today against six officers and former officers of the bankrupt L. R. Steel corporation by the county grand jury.

Davis Will Seek to Enroll Aliens

By International News Service.

Washington, June 19.—A proposal for the elimination of undesirable aliens from the tide of new American citizenship, through the compulsory enrollment of all aliens, will be carried to the American people for approval this fall by Secretary of Labor James J. Davis, he told International News Service today.

The secretary proposes a system of registration by which every alien in the country would be added to the roll until they became citizens. Davis will explain his plan on a nationwide tour either late this summer or early in the fall. On the trip he will visit every state and speak in every large city from coast to coast.

"Barney Google" Will Be Sung at Matinee in World

Herman Ferber, 224 North Twenty-third street, will appear in blackface at today's matinee at the World theater, singing "Barney Google."

Eppley Renews Offer of \$900,000 for Fontenelle

Special Dispatch to the Omaha Bee, Lincoln, June 19.—E. C. Eppley of Omaha today verbally renewed his offer of \$900,000 for Hotel Fontenelle in federal court here. However, he declined to accept responsibility for two suits against the hostelry, one brought by Rome Miller and the other by the Douglas Hotel company.

In his previous offer Eppley expressed a willingness to take over the litigation as well as the hotel property. No action was taken this morning, as the bids were not formally opened. They are expected to be opened this afternoon.

BURGESS-NASH COMPANY.

"EVERYBODY'S STORE"

Buy Everything for the Home on the Burgess-Nash Household Club Plan

Meet Me on the Mezzanine
A delightful place to meet for refreshments.

Reed Fernery \$4.65
These pedestal ferneries are 36 inches in height, and are strongly constructed. An attractive addition for the sunroom or porch. Regularly priced at \$6.95.

End Tables \$3.98
The small pieces of furniture are those that add to the individuality of a room. An end table when placed next to a davenport or arm chair, is a great convenience and lends distinction to a room. Mahogany end tables formerly priced at \$5.75.

Book Racks \$9.45
Books and magazines often give an untidy appearance to a library table. A book trough eliminates this condition and improves the appearance of the room. Tudor finished solid mahogany, regularly priced, \$11.85.

Cool and Dainty Curtains for the Home

Bungalow Nets Yard 39c to \$1.00
Our stocks are most complete with many new patterns, including large designs, Tuscan nets, quaker fllets and casement nets.

Voile Curtains Pair \$1.95
Fine quality checked voile beautifully made into attractive ruffled curtains with tie-backs to match. Regularly \$2.75 a pair.

Ruffled Curtains, Pair \$2.69
White curtains ruffled in rose, blue, and orchid. The valance is 54 inches in width. All fast colors. These curtains were formerly priced \$3.75 a pair.

Bargain Basement
Extra Special
Crash Toweling
18-inch bleached crash toweling of heavy weight and absorbent quality, twilled and made with red striped border. Special for one day only—**9c** YARD

Take a Kodak with You on Your Vacation
Films developed free when prints are ordered in our Kodak Department, Main Floor.

Phonograph—Lamp—Mirror
Phonograph \$100.00 value
6 10-in. double faced records 4.50 value
Table lamp 16.00 value
Wall mirror 40.00 value

Total \$160.50 value

Wednesday—the Combination
Beautiful
Console Phonograph
A beautiful instrument finished in Queen Anne and Adam Period models. Brown mahogany and walnut, double spring motor, duplex tone arm and reproducer.

Table Lamp
With base of wrought iron, and fringed silk shade in any desired color, this table lamp is a delightful accompaniment to the console phonograph, or may be effectively used on davenport table.

Wall Mirror
A beautiful mirror is an addition to any home, for not only is it an ornament but has its uses as well. A dark corner becomes very much lighter and a small room seems almost twice as large.

Sport Silks \$2.95

Lennox crepe, smart and new, in dozens of lovely colorings. The ideal fabric for sports apparel.

Which Woman Cared?

You see two women, young in years, as youth is counted now. One looks aged—she retains her girlhood bloom.

You know that one neglected her complexion—the other gave it care.

Caring means mainly this:
Use a soap that penetrates the pores. Keep the skin clean to its depths. Use a soap that restores, softens and fosters the skin texture.

That means Palmolive

That means Palmolive Soap—made by experts who have devoted their lives to the study of facial soap.

Made by experts so successful that their soap has become the leading toilet soap of the world.

Made to bring to the skin the matchless effects of palm and olive oils.

Forget the price

Many women feel that higher prices buy them better soaps. They do not. Science has never created a better or purer skin soap than Palmolive.

Men have never found, in all the ages, skin helps that compare with palm and olive oils.

No one has learned a way to make them more effective.

Millions of beautiful women know what they owe to Palmolive. Ask those you know, and you will do what they have done.

The age-old cosmetics

Cleopatra used palm and olive oils 3,000 years ago. Roman beauties used them 2,000 years ago. In all the centuries since then, science has never found a complexion help to compare with those ancient oils.

Volume and efficiency produce 25c quality for only **10c**
