

School for Deaf Graduates Want New Management

Removal of Superintendent Booth for More Efficient Man Asked in Petition.

Petition asking the state board of control to remove E. W. Booth, superintendent of the Nebraska School for the Deaf, and to substitute a younger and more aggressive man, was circulated during a reunion of former students of the school held in Omaha.

Those who signed the resolution contend that the school is not maintaining its former high standard. Mr. Booth declared that the petition, which he says was signed by only a comparatively small number of graduates, is not an expression of the alumni association as an association, and that its circulation was instigated by a discharged employe.

Repairs Are Needed. "I do not understand that anyone has any fault to find with the school as a school," Mr. Booth said, "but that objection is made to lack of building repairs and matters of that sort. The school management and the board of control have found it necessary to exercise economy in this respect, but hope for improvements along this line from an appropriation made available by the last legislature."

"As for the school's scholastic standard, it sends more students to Gallaudet college at Washington, D. C., the national university for the deaf, than any other school in the country. Six students from the Nebraska school made application this year, and every one passed his entrance examination with a creditable grade. This is an excellent record."

President Not a Signer. Mr. Booth declared that Mrs. Ota Blankenship of Lincoln, Neb., president of the alumni association, had nothing to do with the petition.

The petition follows: "We the undersigned members of the Alumni association feel that our school is falling away from its former high standard. We know this is due to the inefficiency of the management. We accordingly request the board of control to appoint a younger and more aggressive man to the superintendency of the school. We take pride in our school and want to see it rank with the best in this country."

Auto Thief Suspects Arrested at Hayti, S. D.

Nebraska, June 23.—Two men, who are believed to have stolen an automobile from the garage of H. C. Buckendahl of Pierce, and who are believed to be the same men that fled through Riverton, Superior and Franklin about midnight June 20, were captured at Hayti, S. D. The third member of the trio was killed in an automobile accident.

The men made rapid exchange of cars at Franklin, after being frightened by Bob Walker, former sheriff of Bloomington, abandoning their original car, which bore an Oregon license, with a quantity of dynamite fuses and caps, saved-off shotguns, a set of burglar tools and a quantity of new clothing.

The connection of the trio with the bandit suspects seen in the southern part of the state was declared by police to have been established by the finding of a car belonging to a Franklin man, abandoned near Pierce the day before the Buckendahl car disappeared.

Table Rock Man Held on Charges of Girl

Special Dispatch to The Omaha Bee. Pawnee City, Neb., June 23.—J. N. Phillips, 42, of Table Rock, manager of a motion picture theater, was arrested by Sheriff Guy Avery after complaint had been filed against him on the charge of assaulting Miss Blanche McKnight, 15. The girl, with her sister, Miss Ellen McKnight, had been engaged by Phillips to stamp hand-bills and prepare them for distribution, advertising the motion picture show.

Phillips was formerly manager of a Table Rock lumber yard and was also former owner of the Table Rock electric plant. Peeling ran high among the citizens following news of the alleged crime, but Phillips was immediately brought to Pawnee City and placed in jail.

Plans for New Fairbury School to Be Ready July 1

Special Dispatch to The Omaha Bee. Fairbury, Neb., June 23.—Plans for the new \$200,000 school house will be finished by July 1, according to architects.

Bids will be accepted from builders as soon as the specifications can be sent out. Excavation for the basement will probably begin within 30 days.

The school board had expected to have the structure ready for use by January 1, 1924, but the building will not be used until a year from September.

"Dry" Raids Near Hooper Net 350 Gallons of Wine

Special Dispatch to The Omaha Bee. Fremont, Neb., June 23.—Two hundred and fifty gallons of wine were confiscated in two raids at Hooper by county and state officials. The officers found 250 gallons of home made wine in addition to a supply that had been stored away before the state went dry in the cellar of Frank Basler's home at Hooper. Another 100 gallons of wine was found in the Warren Springer home at Hooper.

Colfax County Treasurer and Sheriff Exchange Blows

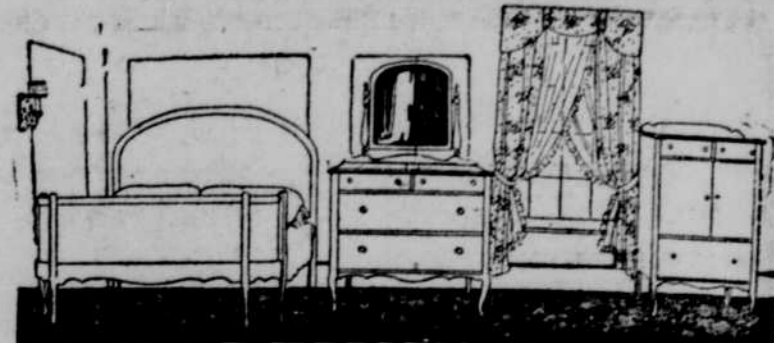

Fremont, Neb., June 23.—Sheriff Arps and County Treasurer Sedlacek of Schuyler engaged in a fisty argument that led to a fine of \$5 for the sheriff.

The county officials were arguing in the county courthouse and the dispute became so serious that an exchange of blows followed. Sedlacek swore out a warrant for the arrest of the sheriff immediately.
