in have not been general. In every be prevailing prices of both pig iron steel are materially above those of a r ago, ne of the significant phases of the goods situation is the offering at red family lines of merchandise at attive prices. The previous sharp rise prices in primary channels has not a fully passed on to consumers, and oris are costomer of both producers dealers operating on close profit wins. The hot weather of the week led to simulate demand for lightenth apparel, but most buyers are covered their immediate needs only and unfacturers have not made normalizes in booking orders for future dery. The rapid price fluctuations in cotton have affected cloth sales adely, and curtailment of production in England and elsewhere is increasing dilly. While more new business has nily developed in cotton goods, sactions have been in mainly at reprices and a decline in raw cotthis week had an unsettling effect. Orts, meantime, continue relatively e. and only a small gain has occided in the export inquiry. In the export inquiry, ach week this month has brought reprices for hides, and trading in estic packer stock early this week at additional declines of 1½c to 2c pound. About 90,000 light hides moved at the new prices, one of large buyers entering the Chicago ket for April and May take-off, and ders at the River Plate have operated dily at recessions. While low prices all in the Argentine, holders there been able to maintain a good stately not the weakness in hides has in calfskins, which have shown imment in the weakness in hides has in calfskins, which have shown imment in the weakness in hides has in calfskins, which have shown imment in the weakness in hides has in calfskins, which have shown imment in the weakness in hides has taken for export to Europe, and so f medium and heavy-weight New city skins have advanced moder. In leather, the outstanding feahas been a sizable sale of bottom at reduced prices.

I leading speculative markets were essed much of the time this week, percended the lowest point of the
