PROBLEMS THAT PERPLEX.

A Test of Friendship.
Dear Miss Fairfax: I corresponded with a young man distant relative to me for a year, at the end of which time he came here, staying at my home during his entire visit. After he went back home he continued to correspond with me as usual for eight months. Three months ago he failed to write as punctually as he usually does, so I wrote him, asking the cause and he answered that the whole family had been ill. Now the thing that puzzles me is that after I answered his last letter, which was nine weeks ago, I did not receive any more letters from him. I suppose this were a woman friend instead of a man—wouldn't you, in view of the illness in the family—write and ask if all were now going well, or if there were still more worries and troubles. Kindness and courtesy are never amiss. Don't be self-consciously about this situation, but show the reality and sincerity of your friendship and interest by writing to me. I am hoping all is well and that you would be glad to hear that your friend's silence means that he has been busy or careless and that there is nothing radically wrong. The young man's attitude in return for your loyal interest will show you exactly what friendship he gives and how much you can count on him.

WOMAN SO ILL COULDN'T WORK
Gained Strength, Weight, and Now Doing Own Work by Taking Lydia E. Pinkham's Vegetable Compound
Marion, Ind.—"I was all run-down, nervous and bent over, could hardly drag around, let alone do my work. I read some letters in the papers telling what Lydia E. Pinkham's Vegetable Compound had done for others and I thought I would try it. Then a man told my husband about his wife and what good it had done her and wanted him to have me try it. I took one bottle and could see what it did for me in a week's time, and when I had taken three bottles I had gained both in strength and weight and was doing my own work. I took it before my last baby was born and it helped me so much. I sure am glad to recommend the Vegetable Compound to any woman who suffers from female ailments, for I know by experience what it can do. I have used Lydia E. Pinkham's Sanative Wash, also the Liver Pills too, and think them fine."—Mrs. Wm. E. Lankford, 620 E. Grant Street, Marion, Indiana.
A record of nearly fifty years service should convince you of the merit of Lydia E. Pinkham's Compound.
