Packer Firms' **Taxes** Cut to **Original Sum**

Companies Didn't Have Time to Get Records From Chicago, Only Reason Given by Board.

Assessment cuts totaling \$225,000 were handed three South Omaha packing companies and the Union Stockyards company by the board of equalization at the court house vesterday morning

This cut came after the board had raised each of the three packers \$50,-00 last Thursday, and had raised the Union Stockyards company \$75,000.

Swift & Co. was raised from \$742,-500 to \$792,500; Armour & Co. was raised from \$844,500 to \$894,500; the Cudahy Packing company was raised from \$\$41,225 to \$892.225, and the Stockyards company from \$80,000 to \$155,000.

Object to Raise.

Yesterday's cut puts the assessments back at the old figures. Motion for the reduction was made by Commissioner Briggs, who Thursday made the motion for the increase. It was passed unanimously.

Attorneys for the three packing companies appeared before the board Friday and objected to the raise, de claring there was not sufficient time to obtain the necessary records from Chicago offices to permit them to go into the matter in detail. The commissioners agreed with them, in spite of the opinion of John Moriarity, city attorney, who declared they had plenty of time to get the necessary records to show valuation

Wanted to Be Fair. Commissioner Briggs, who moved to make the cut was asked yesterday the disappointment of his life upon arrival here with his bride. Mildred the coke ovens, morning for his reasons.

'Well. I wanted to be fair, and I figured they didn't have time to the keys to the city. get their records here," he said. "Why did you move to raise the

assessments the other day?" "Well, I figured they ought to be raised.

because you thought there was insuf loss. Harold turned away in despair. time to produce valuation ficient records?"

"Yes, that was my reason. That's all I have to say." County Assessor, Counsman, while he voted for the cut, charged that certain members of the board of equali zation have been playing favorites.

"As things have been going on, certain members of the board have been trying to punish their enemies and favor their friends." he declared. "Next things going on as they are now has who went down on a German U-boat He was mistaken, but he did what will be held under the direction of did not believe that there will be any authorities, communicated to its masgot to stop.

OMAHA

How the Credit Service **Meets Weather Conditions**

The sudden change to mid-summer weather proves again the advantages of a Beddeo Charge Account. The quick turn always finds many people unprepared with suitable clothing for summer comfort. With the Beddeo system you can select the lightest and coolest summer apparel without the necessity of the complete purchase price.

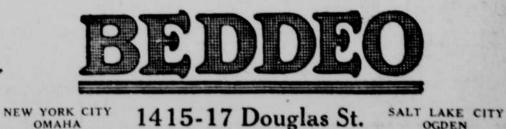

Beddeo's

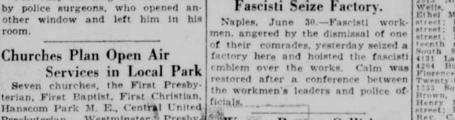

The cool summer dresses in silks and wash fabrics are here by the hundreds. We were fortunate to secure the majority of them at big reductions because of the backward spring, and it is your good fortune to be able to secure them now at such great savings and for a small payment down.

Men crowded this store last Friday and Saturday to select suits for summer-suits that would permit escape from the high temperature. They were selected from light wool, Palm Beach, Tropical Worsteds and other lightweight fabrics that take many degrees from the thermometer.

Being able to buy and wear clothing to suit the weather and prepare for any weather changes is an advantage that is not to be overlooked. At the present time you can take advantage of the DOLLAR DOWN SALE and the special prices throughout the store.
