CHILDREN CRY FOR "CASTORIA"

Especially Prepared for Infants and Children of All Ages

Mother! Fletcher's Castoria has been in use for over 30 years to relieve babies and children of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving natural sleep without opiates.

The genuine bears signature of *Chas. H. Fletcher*

Tapered Shingles lie close and flat and offer greatest thickness where exposed to weather and possible loss.

Snuggles down to the roof because it's tapered

Because of their taper—an exclusive patented feature—WINTHROP SHINGLES lie close and weather proof. They will not rust, rot, break, split, nor blow away.

With but slight increase in the weight of a roof, they give 50% greater thickness where exposed to weather.

Asphalt is practically everlasting. Roads built of it stand up well under the heavy pounding of traffic and the attacks of weather. What better material could you select for your roof?

WINTHROPS have the attractive shape of the old wooden shingles with their pleasing shadow lines. They are surfaced with crushed slate of unfading colors—tile red, blue black, sea green. In solid colors or combinations you cannot fail to work the roof you desire.

Your lumber dealer either has or can get these shingles for you. You can tell them by their trade mark, WINTHROP, and the shape. There are none like them.

July 3rd We Celebrate Our 11th Anniversary

TOMORROW We Celebrate Our Eleventh Anniversary! Eleven years which brought us from a humble beginning of ONE FILLING STATION in an out-of-the-way location to TWELVE BEAUTIFUL FILLING STATIONS advantageously situated throughout the city; eleven years which have won for us numberless friends and patrons together with that priceless business asset—GOOD WILL!

11 Years Ago

Eleven years ago we blazed the trail with the Filling Station idea; installing the first of its kind in the city of Omaha at the corner of 24th and Hickory, located just north of the viaduct. Later, in an effort to render greater convenience to our customers, we leased the southeast corner of 17th and Jackson streets and installed Filling Station Number Two—which is shown on the left.

Today

We conceived the idea that a Filling Station could be a beauty spot instead of an eye-sore, and today we have twelve of the most attractive Filling Stations in the city, conveniently situated—one Filling Station in Fremont—twelve Tank Stations in Nebraska. We were the first to introduce pit service in Omaha. On this, our Eleventh Birthday, we wish to heartily thank our many friends and customers for their patronage, which has made it possible for us to say

"Business Is Good, Thank You"

In appreciation of this patronage we are going to give away FREE with each purchase of 5 gallons or more of gasoline, the following:

AMERICAN FLAGS
