In this battle Dempsey displayed a dynamic overwhelming strength and power never

Now once more in his smashing victory over Gibbons, he demonstrates the great advantage possessed by an athlete whose blood is rich in iron. The fact that Dempsey took Nuxated Iron as part of his training for Willard, Carpentier and Gibbons is convincing evidence of the importance he attaches to keeping his blood rich in strength-giving iron, and the high regard in which he holds Nuxated Iron as a master strength and blood builder. the fight as when 1 started. It also contains organic iron like the iron in your blood and like the iron in spinach, lentils and apples. This form of iron will not blacken or injure the teeth nor upset the stomach.
