PROBLEMS THAT PERPLEX.

Attracting Older Men.
Dear Miss Fairfax: I am 14 and working as a stenographer in a store.

I come in contact with many men, but it seems as though I attract only men of 35 or more. Why is it that only the older ones become interested in me?
BLUE.
Probably it is your youth which attracts the older men. Some of them are inclined to look upon women as nothing more than a source of amusement and relaxation and so admire the girls who bring back their youth. Make friends with the worth while people who come your way and don't regard them as more than friends. You need not always be doing problems in arithmetic and figuring just how much older than you a man is for many splendid friendships are

formed between people of different generations. But perhaps the reason boys make no effort to meet you is that they feel they have not as much to offer as your older admirers. If you are friendly and sympathetic you are bound to make congenial friends, so stop worrying about what is not a serious problem at all as long as you conduct yourself with dignity and self-respect.

Duty to Family.
Dear Miss Fairfax: Although I have been working for eight years I have not had a chance to save anything, as my money is needed at home. I am engaged to a young man who

refuses to let me continue working, saying that I have done enough. But when I ask him to marry, which he is in a position to do, he says, "Why the rush?" Would it be right for me to quit giving aid at home just to satisfy my sweetheart's wishes?
B. F. M.
He is wrong. Even after your mar-

riage it would be a fine thing for you to continue to work and so make things easier for your mother and father. But surely there is no reason why you should deprive them of their comforts to suit the whims of a lover who is not ready to claim you as his wife. Why should your happiness cost the family you love its little comforts? Why should you cut yourself off from honest, self-respecting work?

Lemon Pie.
When making the filling for lemon pie put the whole rind of the lemon into the mixture for the last few minutes of cooking. Then remove with a spoon. It will add greatly to the flavor without giving it the bitter taste so often connected with grated rind.

Man 74 Years Old Is "Rejuvenated" In Three Weeks Without Gland Operation

Kansas Contractor Tells of Wonderful Results Obtained in Test of New Scientific Discovery.

Thomas J. Glascock, 74, well-known Kansas contractor, declares he has virtually been made young again by the recently discovered korex compound, which is pronounced superior to "gland treatments" as an invigorator and revitalizer. "I felt like I did at 25," says Mr. Glascock, "and seem to be getting stronger every day. During my three weeks' use of the new discovery, pains and weaknesses of many years' standing disappeared almost magically. Today I am as vigorous and supple as I was in the prime of life. Furthermore, when I began using the compound, my memory was virtually gone and I was almost blind. Now my mind is clear and active, and I can read the finest print without difficulty."

THOMAS J. GLASCOCK.

In order to find out whether the results were lasting, Mr. Glascock waited six months before reporting on his test of the discovery. On this point he says: "Every passing day strengthens my conviction that my restoration is not only complete but permanent. It can't express the happiness this great discovery has brought to me. It has made me 'young again.' Similar reports are being made almost daily. For instance, D. W. Wood of New Orleans, past 50 years of age, says: "The compound has brought me back to as good, healthy physical condition as I enjoyed at 25. I am apparently as supple as at 25, and my eyesight is better than for years. I would not take \$5,000 for what the discovery has done for me." The compound is a simple home treatment in tablet form, absolutely harmless, yet rated as the quickest and most powerful invigorator known. Acting directly on lower spinal nerve centers and certain glands and blood vessels, it often brings amazing benefits in 24 to 36 hours, according to thousands who have tested it. "It is wonderful," writes a resident of Hollister, Cal. "In less than 24 hours you can feel it does the work. It makes one feel young as a young man. I am more than happy and glad I tried it." Another Californian says: "The compound is a world's wonder. I feel like I was about 25 and here I am nearly 50!" The compound has been tested in all parts of the country and has won the praises of thousands who

suffered from nerve weakness, lost or depleted vigor, neurasthenia, premature age, impaired glandular activity and lack of animation and vital force. Its effects seem to be virtually the same on both young and old. Physicians say the principal active ingredients of the compound gives speedy satisfaction in obstinate cases that defy all other treatments. Elderly people pronounce the discovery a real "fountain of youth." Realizing that thousands of enfeebled, half-alive folk may consider such news "too good to be true," the American distributors have agreed to supply a double-strength treatment of the discovery on a guaranteed trial basis to everyone in need of such a preparation. If you wish to test the compound under a money back guarantee, write in strict confidence to the Melton Laboratories, 1607 Melton Building, Kansas City, Mo., for a two-dollar treatment of korex compound, mailed in a plain, sealed wrapper. You may enclose two dollars, or simply send your name, without money, and pay two dollars and postage on delivery, as you prefer. In either case, however, if you report within ten days that you are not satisfied, the laboratories will refund the purchase price upon request. These laboratories are nationally known and thoroughly reliable, so nobody need hesitate about accepting their guaranteed offer.

How Backache and Periodic Pains Yield to Lydia E. Pinkham's Vegetable Compound
Olean, N. Y. - "Every month my blood would go to my head and I would have such a headache, nose-bleed, backache and pains that I could not do my work. At night I could not get my rest and nothing seemed to do me any good. I read some of your testimonials in a magazine about what Lydia E. Pinkham's Vegetable Compound had done for others, so I decided to try it. I had only taken two bottles when I began to feel better, and my back did not hurt me nor my head ache.
