# Tex Rickard Announces He Will Stage Dempsey-Firpo Match at Buenos Aires

## Decision Made After Conference With Champion's Manager; Bout to Be Held About First of November

### Promoter's Agents Report a Big Gate Is Assured in "Paris of South America."

By Associated Press.

NEW YORK, July 16.—The heavyweight boxing outlook took an unexpected turn late today, when Promoter Tex Rickard announced a definite proposal to stage a title match between Jack Dempsey, the champion, and Luis Angel Firpo, in the capital of the latter's native Argentina, Buenos Aires, about November 1. Firpo, keenly anxious to fight for the highest of fistic honors before his countrymen, already has accepted Rickard's terms. Jack Kearns, the titleholder's manager, discussed the details of the proposition with Rickard for an hour this afternoon, and at the end of the conference told the promoter his answer would be ready by Wednesday.

Rickard said his plan to take the fight out of this country was prompted by two reasons—Firpo's desire to return to his native country for the bout, and enthusiastic reports from the promoter's agents as to the possibilities of financial success in the "Paris of South America."

**Big Gate Is Seen In Argentina.**

Rickard has had representatives in the Argentine for some time, but just after Firpo's knockout victory over Jess Willard at Boyle's Thirty Acres a few days ago, he intimated he had abandoned the project in South America because of the probable risk involved. However, he received cabled advices today that helped alter his mind, one of them from Juan Homs, a personal agent, saying that a fight between Firpo and either Dempsey or Harry Wills, negro contender, would draw more than 2,000,000 pesos—about $500,000—in the Argentine capital.

## Two Killed When Plane Plunges Into Pacific

Venice, Cal., July 16.—Herbert Wilson and Cecil Coates, aviators, were drowned in the ocean here yesterday when their engine failed at an altitude of about 200 feet and their seaplane glided into the water.

The aviators, both residents of Santa Monica, were strapped in their seats and had no chance to escape.

A physician who examined the bodies said death was due to drowning, although both men had been injured by the fall.

The plane was an old type and the fliers, both of whom were experienced, disregarded warnings against its use. The engine was driven back into the plane, causing it to turn over and sink.

## Ruth Hitting Ball Better Than Any Player in Majors

NEW YORK, July 16. "Babe" Ruth, with every indication pointing to his regaining home run laurels taken away last year by Rogers Hornsby, slugging Cardinal, is seeking another honor this year. "Babe" wants to lead the league in hitting and the way he has been hitting the ball lately, it looks as if this ambition would be realized.

Not only in knocking out home runs, but in making ordinary hits, "Babe" has been coming along like a house afire.

Today he is only two home runs behind Cy Williams, Philadelphia outfielder, who is topping the leagues with 23. "Babe" has 21 to his credit. Last year this date "Babe" had 14, but was out of the game for 30 days at the beginning of the season because of his suspension by Judge Landis. Hornsby topped the home run hitters last year with 42. "Babe" finished fourth with 35. Ken Williams with 39 and Tilly Walker with 37 finished ahead of him. With the season more than half over, it is not likely that "Babe" will surpass his record of 59 made two years ago, but he has a chance to top Hornsby's mark of last year.

But it is in hitting that "Babe" is shining this year. According to the statistics, the "Babe" is hitting them better now than any other player in the leagues. Today he is only 17 points behind Harry Heilman, the Detroit outfielder, who is leading the American league with a percentage of .390. A week ago Heilmann had a percentage of .407 and "Babe" was in fourth place with a percentage of .365. In the past week "Babe" has jumped from fourth to second place and has gained 25 points on Heilmann.

There is considerable discussion among baseball sharps as to whether "Babe" Ruth would not even hit above the .400 mark if opposing twirlers were not so liberal with doling out free tickets to first to Bambino. Last year he was given 84 bases on balls. Thus far this year he has surpassed this mark for free rides to first.

Two things are responsible for "Babe's" stick work. He is using a shorter bat this year—over an inch shorter than the ones he has been accustomed to swinging. And he is adopting different styles at the plate. He is not always using his famous toe hold, with the result that many shorter drives are being made by "Babe" where he formerly struck out by trying to drive every ball out of the field.

## Result of English Air Race Victory for New Engine

London, July 16.—Frank T. Courtney's victory in the aerial race around England for the king's cup was revealed yesterday by Duke Sutherland as a triumph for an air-cooled engine.

The motor is the fruit of secret research covering several years by the finest brains of the Britishair world.

Courtney drove a Siskin fighting machine equipped with an Armstrong-Siddeley Jaguar motor, at an average speed of 150 miles an hour.

The multicylindered motor develops 352 horsepower andcools itself as a result of the rush of air created by the flight of the biplane. The flow of air plays constantly on scientifically designed fans, preventing the engine from becoming overheated.
