

Mother Told Hero's Body Not Her Son's

Father Who Wept for Two Years Over Grave Finds It Held Wrong Body. Binghamton, N. Y., Aug. 5—Why did Uncle Steve's sternment offend switch bodies of war heroes and send the wrong one home to Mrs. Elizabeth Flynn as that of her own son; and then why did they, after two years, break her heart by telling her of the deception, and letting her know that the prayers she has said out at a soldier's grave, the tears she has wept over it, the wear and love she has given it, have all been for some other mother's boy, total stranger to her?

These are the questions to be pressed by Mrs. Flynn and her family as a result of information received from the office of the quartermaster general of the War department. The information is to the effect that the body sent here in 1921 as that of Francis Joseph Flynn, the son of her late husband, was that of another person and that the right body will be shipped now and the substitute disinterred from the grave so greatly loved by Flynn's devoted mother and taken by the War department.

Mistake Explained. Definite information as to how the tragic mistake originally was made and as to why, after the years passed, the secret was not kept, now is sought.

The letter from the quartermaster general's office to Mrs. Flynn, breaking the astounding news to her, is as follows: "The quartermaster general desires you to be advised that during the completion of the Alamo-Memorial, the remains of Belleau Wood, department of Alsace, France, were in the remains of your late son, First Sergeant Francis Joseph Flynn, 20th company, Fifth marines, were reported buried, it has been found that an error was made in the shipment of the remains of your son.

"The records indicate that the body originally shipped to you was exhumed from Grave 110, Section T, Plot 2, from under the marker of your son. However, when the body in Grave 138, Section S, Plot 2, was disinterred from under soldier, your son's identification tag and chevrons of his rank were found.

"A thorough investigation of all facts was made, and it was found that both bodies were originally buried side by side in Graves 115 and 116, near Belleau, Alsace, and at the time of reburial were transposed.

Right Body Shipped. "The body of your son has now been shipped to the United States, and within the next few days representatives of this service and the marine corps will explain all facts in connection therewith. Arrangements will then be made to bury your son with out expense to you. You will be advised by telegram the definite date of shipment.

"This service realizes this is distressing news to you, but it is the policy of the office to deal fairly with relatives of our soldier dead. It is believed you will appreciate the untiring efforts put forth in behalf of those relatives to restore to them remains of their own flesh and blood.

"Very truly yours, "H. J. CONNER, Assistant."

Further Protection Urged for Eyes of Workmen

New York, Aug. 5.—Two hundred thousand accidents to the eyes of workmen occur in industry each year, and approximately 15 per cent of the total, or 30,000, represent the industrial; these are two of the facts developed in an investigation of the eye hazards of industrial occupations which was conducted by the National Committee for the Prevention of Blindness. The study covered every branch of the union and every industrial occupation in which there is an accident hazard, but all this is merely a beginning.

Serious Eye Hazards. There are still countless plants whose operations present serious eye hazards, in which no goggles or other protective equipment are available. There are many plants where workmen still wear goggles in their eyes except when they are watched. They are still plants in which toothpicks, matches, handkerchiefs, pocket knives, and even the tongues of workmen are the instruments employed to remove cinders and other particles from the eyes of fellow workers.

Industrial accidents, the report says, are responsible for an injury to a human eye every 2 1/2 minutes, day and night, 365 days a year. The solution of this problem, the report says, depends upon three forces: legislation, education, and actual accident prevention service to industry, and it makes the following general statements: "First, the elimination of eye hazards in industry is not only a moral obligation, but a good business proposition.

Second, goggles at best are a handicap; the first effort, therefore, should be directed toward the elimination of the hazard itself by changing the processes of manufacture, by redesigning machines and tools, or by guarding machines and tools at the source of accidents, usually the point of operation.

Third, few people have perfect vision to start with; greater attention should, therefore, be given to the examination of the eyes of employees, to the correction of defective vision, to industrial workers and to a consideration of the visual requirements of the work that he is to do.

Passengers know how to fly from London to Moscow in 19 1/2 hours of actual flying time. The air trip from London to Berlin takes eight hours. It requires four and one-half hours between Berlin and Königsberg, and the trip is made from there to Moscow in seven hours.

Portland Hero to K. of P. Branch

Dramatic Order of Knights of Khorassan to Convene on August 13.

Portland, Ore., Aug. 5.—The biggest fraternal convention to be held west of the Rocky mountains this year is the Imperial Palace of the Dramatic Order Knights of Khorassan, the sunshine branch of the order Knights of Pythias.

Portland has been picked for the place—August 13-17. This because of the unusual convention facilities, scenic setting, state highways and western spirit of hospitality made famous by the visit of the Shrine in 1920.

The dramatic order is international. Delegates come from all parts of the United States and Canada. Already 15 special trains are booked to bring full quotas of bands, patrols and drum corps.

Auto caravans already numbering 12 from different sections of the Pacific coast have been organized. The city is to be elaborately decorated, with the Dokkie Tiger in evidence everywhere. Many of the most prominent men and women of the state are on the executive and entertaining staffs.

President Harding is a K. of P. Gus C. Meese of Spokane is imperial prince. The present session promises to be a record breaker. Fully 30,000 votaries are expected to attend. The last biennial session was held in Chattanooga, Tenn. It is likely that the next session will go to Fort Worth, Tex.

Portland is well prepared to entertain the session. It has a \$500,000 auditorium and the world's premier highway as two of the main attractions.

Pastor Defends the Virgin Birth

Doesn't See How Ascension or Resurrection Can Be Believed Otherwise.

Columbus, O., Aug. 5.—"All that stands between ascension and the reign of absolute wickedness is the word of God," asserted Rev. P. W. Philpot of Moody church, Chicago, addressing an audience here. Declaring that a reign of terror like that sweeping Russia will follow if "modernistic tendencies gain the ascendency," Rev. Dr. Philpot said, "the church should reaffirm the fundamentals of faith."

Referring to critics who question the virgin birth of Christ, the inspiration of the Bible and other beliefs of orthodox Christians, Rev. Dr. Philpot declared: "The answer should be a reaffirmation of faith in salvation."

"The virgin birth of Christ," he stated, "is the only way possible to explain His sublime life. Logical sequence or rejection of the virgin birth is a rejection of the resurrection and ascension, and if these facts are denied, the life of Jesus can be disproved the entire system of Christianity must collapse. I cannot imagine how men who disbelieve the virgin birth could possibly believe the resurrection and ascension. Nor can I see how critics of the Bible birth, said Rev. Dr. Philpot.

Here say it does not teach the virgin birth."

German Jockeys Paid Less Than Fifty Cents a Race

Berlin, Aug. 5.—Jockeys in Germany now get about 40 or 50 cents a race with a small percentage added for riding a winning mount, under the terms of a new tariff. The schedule prescribes 10,000 marks for every flat-race ridden, and 12,000 for each steeplechase. If he wins the jockey gets 2 per cent of the purse. Apprentices' jockeys are paid half the rate of the regulars and their share in any first purse won is one-fourth of 1 per cent.
