Klansmen Offer Cash for Slayer

Undertaker Held Following Shooting of Parader Near Pittsburgh.

By Associated Press. Pittsburgh, Pa., Aug. 27.—Rewards totaling \$7,500 have been offered by the Ku Klux Klan for information as to those responsible for the riot Saturday at Carnegie, in which Thomas R. Abbott, a klansman, was killed and several wounded, one seriously.

By International News Service. Pittsburgh, Pa., Aug. 27.—As an aftermath to the rioting between civilians and the Ku Klux Klan, when the latter attempted to parade through Carnegie, Pa., late Saturday night and early Sunday morning, Patrick McDermott, 65, an undertaker, is being held here in jail today in connection with the death of Thomas R. Abbott, of Atlasburg, Pa., a klansman. Dr. H. W. Evans, imperial wizard of the order, who attended the meeting, issued a statement, in which he declared "Klansman Abbott was killed because he exercised his con-

stitutionally guaranteed right to peaceable assembly, free speech and free movement over the highways of our country." He also said that "the action of the mob at Carnegie senses of anarchy."

By Associated Press. Pittsburgh, Pa., Aug. 27.—The coroner's inquest into the death of Abbott will not be held "for some time," it was declared by attaches at the Allegheny county morgue today. Coroner W. J. McGregor said that nothing pertaining to the killing of Abbott had been turned over to him, because the sheriff's office still was investigating the rioting and had not made a report.

No Council Meeting.

The city council will not hold its regular committee of the whole meeting next Monday morning on account of Labor day.

A little glycerine will remove tea stains from linens.

Muny Sale Plan to Be Studied

Mayor Appoints Committee to Investigate Charter Amendment Advisability.

Mayor J. C. Dahlman named Commissioners John Hopkins and Dean Noyes to serve with himself on a special committee to investigate the advisability of calling a special election to amend the city charter to give the city authority to sell gasoline, fuel oil, lubricating oil and establish a municipal bakery. This action is in line with a recent resolution offered by Commissioner Hopkins, who will serve as chairman of this committee. The recent reduc-

tion of gasoline has removed immediate necessity of the city going into the gasoline business now, but Hopkins believes the city should be prepared for any future contingency.

Commissioner Hopkins, however, said he is interested in a municipal bakery. He proposes to have the old fire engine house at Twelfth and Dodge streets remodeled to serve as a bakery. His contention is that the low price of wheat is not being reflected in the price of bread in Omaha.

Omahans Guests.

A delegation of Omahans, headed by George Carey of the Chamber of Commerce, journeyed to Des Moines Monday, where they will be guests of honor at the citizens' training camp, now being held at Fort Des Moines. A luncheon and review of all those in camp will be held for the Omahans. Most of the party will return home today.

Owner of Buried Gold Is Still Undetermined

Hagerstown, Md., Aug. 27.—With the assertion today of Leo Houser, a 23-year-old farmer living near here, that the box he dug up last week on the Brownville-Wasverton road contained between \$100,000 and \$110,000 in bills, besides approximately \$10,000 in gold coin, speculation grew today as to whether the money is that buried by Grover C. Bergdoll, draft dodger, before his flight to Germany. Complicating the situation was the assertion of C. S. Wheeler, a farmer, that he would lay claim to the fortune. Wheeler said his son, Howard, 10, is entitled to the money, since he was the first to find it. Wheeler said his son was seated on a bank beside the road when Houser's pick exposed the box containing the money. Wheeler says Houser tore the box from the boy's hands and made off with it.
