Husband Alleges Wife Had Hair Bobbed to Make Him Seek Divorce.

Gone.

Seattle, Wash., Sept. 6.—That his wife had her hair bobbed, "making her appearance ridiculous where she previously had an abundance of beautiful hair" is one of the grievances set before superior court here by Max Wilhelm Jensen in a divorce suit. Jensen is a coal miner. He confided to the court in his complaint the belief that Marian Jensen had her hair bobbed on purpose to make him seek a divorce.

Kilauea in Eruption.

Hilo, Sept. 6.—The Kilauea volcano resumed activity yesterday with molten lava bursting forth with loud roars from Thomas Boles, superintendent of the Kilauea National park. The lava, according to the message, was hurled from 100 to 150 feet in the air, and streamed down the sides of the volcano.

Production Cost Above Sales.

Washington, Sept. 6.—Reports compiled by the Department of Agriculture from 4,000 farmers in all parts of the country show an average production cost in 1922 for wheat of \$1.23 a bushel, for corn 66 cents and for oats 53 cents. Against these figures, the average sale price realized on the crop was \$1.11 a bushel for wheat, 73 cents for corn and 48 cents for oats.

"The cost figures," the department said in announcing the compilation today, "include charges for the labor of the operator and his family and for use of the land."

The department added that it felt the figures "closely approximate the average production costs incurred by farmers throughout the country during the period covered."

HOME LIFE MENAGED

Never in the history of the world has the life of the family as a social unit been menaced as it is today. Social unrest, the independence afforded women by opening up almost every profession and every line of industry to them, equal rights with men, all of which are perfectly justified if health and strength to carry out their inclinations in these matters. But alas, when a woman is almost at the point of breaking from her household cares and social life, to take on outside duties often means the breaking point, and homes are often neglected for lack of strength or some ailment develops because of overwork. Weak and ailing women will do well to remember that Lydia E. Pinkham's Vegetable Compound made from roots and herbs benefits 98 out of every 100 women who try it, and let it help them.

Miss Ruby Ellis Tells How Cuticura Healed Pimples

"I was troubled with pimples on my face and arms. They were real hard, large and red, and so itched and scaled over. The scales were large and hard and itched and burned continually, causing me to scratch until the eruptions bled. My face was so badly disfigured that I looked terrible, and my clothing irritated the breaking out and made it worse. I read an advertisement for Cuticura Soap and Ointment and sent for a free sample. I purchased more, and after using four cakes of Cuticura Soap and four boxes of Cuticura Ointment I was healed."
