Plea Made for Parole of Bribed U. S. Marshal

Tacoma, Wash., Sept. 12.—Tyree Taylor, former deputy United States marshal at Memphis, Tenn., has been recommended for a parole from McNeil island penitentiary, it was learned here today. The recommendation of the federal parole board has been sent to Attorney General Daugherty for action.

Taylor, sentenced to three years for accepting bribes in connection with the entrance of liquor into Tennessee, was moved to McNeil island after having served short periods at the Atlanta and Leavenworth penitentiaries. It is said his life was threatened at both places as an outgrowth of his trial in which he turned state's evidence and gave testimony that convicted a number of Memphis citizens.

Taylor has served a year of his sentence and now is a "trustee" at the prison.

AT THE THEATERS

TONIGHT the Brundage theater will be opened for the regular fall season with "So This is London," the comedy hit which has been running in New York for months in Chicago and is now the greatest hit of the season in London. England, with Mr. and Mrs. Coburn in the leading roles. The play is a masterpiece of wit and characterization, a misadventure of the highest order, a masterpiece of stage innovations, that this mutual dislike of each other's manners and characteristics is occasioned principally through a misconception and an exaggerated idea of "So this is London" will remain through Saturday night with a Saturday matinee.

"A Night in Spain" the song and dance revue of Madrid, will be on at the World today and tomorrow. Starting Saturday the World presents a new show containing seven all-featured acts. Jaffy's Music Masters, 10 artists presenting symphonic jazz is one of the top lines. With Brown, sensational aerialist and Myron Pearl and company in "Tance Echoes" are the others. Added attractions include Downing and O'Rourke, the French and Byron Fulton and Bert, all comedy acts. Others on the same bill include Nida Noraine and Petrus Mainkin Cabaret.

George Gerahwin, composer of George White's "Scandala" and many other successful Broadway musical shows, has furnished the bulk of the music for Barney Gerard's "Vankies." This week's offering at the Gaiety theater, while additional musical numbers have been written by Billy Haskette, author of a thousand popular songs. Tonight occurs the extra feature—the tissue paper dress contest, open to any local girl, to whom will be awarded liberal cash prizes according to the attractiveness and novelty of their paper costumes, as decided by the audience. Jimmie Cooper's revue comes next week, opening Saturday matinee.

The six forgeries charged amount to over \$3,000.

Miss O. Lumdy Gained Fifteen Pounds While Taking Tanlac

Miss O. Lumdy, 224 Madison St., Memphis, popular member of the younger set, relates her interesting experience with the Tanlac treatment as follows: "I took Tanlac six years ago while in school, and it built me up fifteen pounds in weight and I've felt fine ever since, and my health is perfectly splendid right now. I suffered from nervous indigestion and became so badly run down it was difficult for me to keep up my studies. After meals I had heartburn and suffered for hours, and nights I was so nervous I couldn't sleep well.

"After only a few doses of Tanlac I began to improve, my appetite came back, and in a short time I was entirely rid of stomach trouble and was gaining weight. I gladly recommend Tanlac for indigestion."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold. Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.—Advertisement.

Bees Graft Tomatoes on Potato Plant

Sudbury, Ont., Sept. 12.—The busy little bee is credited with having out-burked Luther in the development of a plant which produces potatoes at the root and tomatoes on the vine. The gardener by whom the specimens were grown had planted potatoes on one side of his cottage and tomatoes on the other. He credited bees from a nearby hive with having grafted the pollens.
