

### Yokohama May Be Abandoned

New York, Sept. 12.—The destruction of Yokohama is so complete that the government is contemplating abandoning the site of the city entirely and rebuilding Tokio on a scale large enough to absorb the population and industries of Yokohama, according to a radiogram received by the Japanese Times.

The government's appropriation for reconstruction, which it is expected will be between 50,000,000,000 and 80,000,000,000 yen, will be administered by a newly created department of reconstruction, the message said. Fifty thousand bales of raw silk and a quantity of habutay, a material used in the manufacture of silk, were destroyed in Yokohama, another message said.

**Rust Spots on the Range.**  
Lined oil will remove any rust spots that accumulate on the stove during the summer weather. Any obstinate spot can be sandpapered.

**Fair Explorer Visits Raisuli**  
London, Sept. 12.—Rosita Forbes, the English explorer, has returned to London yesterday after a trip through Morocco and announced that she was the first white woman to have visited Raisuli, the famous Moroccan bandit. She stayed for 11 days in the brig and chief's mountain stronghold, where he holds court with his two wives, nine daughters, three sons and three score slaves.

The explorer said that Raisuli, who claims a pedigree that goes back to Noah, has a surprising knowledge of European politics.

**New Trial Asked.**  
Lincoln, Neb., Sept. 12.—Andrew Johnson, convicted in the district court of Dodge county of killing his companion and friend, William Jurg-

ing, and sentenced to a year in the penitentiary, today appealed to the supreme court for a new trial. The evidence at the trial was to the effect that both men were drinking at the time of the killing and Johnson's contention was that he had no motive for slaying his friend and had no recollection of it. He says the conviction is not sustained by the evidence. He is at liberty on bail of \$5,000.

### How Mothers Friend aids Expectant Mothers at Child-birth

THERE are thousands of expectant mothers who undergo much useless suffering for months before, as well as at the moment when delivery occurs. These months of suffering, with nerves and vital organs weakened, leave their effect upon the child. An eminent physician found the way to stop much of this unnecessary suffering—the same easy way which thousands of mothers have used for three generations.

Mrs. Walter S. Hadley, Bridgeport, Ind., says: "Before my little boy came I was so paralyzed in my hips and limbs I could hardly walk, and some days after a little extra exertion I couldn't walk a step. I felt it coming on this time; in fact, I could hardly get up when I sat down, but now, after using one bottle of Mother's Friend, I am so much better. I feel that I almost owe my life to Mother's Friend."

"Mother's Friend" is applied externally to the abdomen, back and hips. It penetrates remarkably, permitting the easier relaxation and distension of muscles, nerves, tissues and ligaments, and their constant easier readjustment during expectancy and at child-birth. Have no more fear or dread, mother! Start using "Mother's Friend" now—the sooner the better.

Mrs. C. J. Hartman, Scranton, Pa., says: "With my first two children I had a doctor and a nurse, and then they had to use instruments, but with my last two children I used Mother's Friend and only a nurse; we had no time to get a doctor, because I wasn't sick—only about ten or fifteen minutes."

"Mother's Friend" contains no narcotics or harmful drugs. It is safe. For three generations "Mother's Friend" has relieved expectant mothers of much useless suffering. Mother! you must avoid mere greases and useless substitutes. Begin using "Mother's Friend" today. It is sold at drug stores—everywhere.

### An Unfailing Way To Banish Hairs

(Beauty Notes)  
Ugly hair growths can be removed in the privacy of your own home if you get a small original package of delatone and mix into a paste enough of the powder and water to cover the hairy surface. This should be left on the skin about 2 minutes, then removed and the skin washed and every trace of hair will have vanished. No harm or inconvenience can result from this treatment, but be sure you buy delatone.

### DOCTORS WANTED To Operate

Mrs. Quillon Tells How Lydia E. Pinkham's Vegetable Compound Saved Her from an Operation

Muskegon, Michigan.—"After doctoring for eight or nine years with different physicians without any relief at all, they at last that I would not reach my case and I should have an operation. I had heard of Lydia E. Pinkham's Vegetable Compound and often saw it advertised in different papers where some women had suffered just as I did and got well and strong again by taking the Vegetable Compound. I decided to see what it would do for me, and before I had finished the fourth bottle I was much better, the weakness stopped and the severe pains in my sides left me. I am now much stronger and do my own work and work in the factory besides. I am still taking the Vegetable Compound and give it all the praise."—Mrs. NELLIE QUILLON, 17 Morris St., Muskegon, Mich.

Women should heed such warning symptoms as bearing-down pains and weakness, for they indicate some female trouble, and a persistent and faithful use of Lydia E. Pinkham's Vegetable Compound will seldom fail to help.
