

Farmers Oppose 'Hick' Type Movie

Threat of Independent Production Made if Caricatures Are Continued.

Chicago, Sept. 20.—The "hick" farmer with hayseed in his whiskers and trousers tucked in his boots, caricatured in the movies and on the stage, will be relegated to the same shelf with the dodo bird, if plans approved here today at the publicity convention of the American Farm Bureau federation are successful.

Movies on Broadway and State street will dispel the ancient farmer type and in his place present on the silver screen the modern farmer, a type of business man with a capital of from \$25,000 to \$100,000, an owner of automobiles and the latest farm machinery.

The blame for the old "Yankee farmer" type being carried in the minds of the majority of America's city dwellers was laid at the door of the movie producers themselves by Samuel Guard, director of publicity of the federation.

"The farm is modern and up to date with all the conveniences and comforts of the city, but the film producer has woefully neglected to keep pace with the farmer," he declared. "They fail to depict us as citizens, but prefer to picture us as 'hicks' and 'rubies'."

"We don't want these kind of caricatures circulating among the public, and if the motion picture interests won't picture rural life and districts as they should be, we intend to produce our own pictures."

Not alone will the movies be used to correct impressions of American farms and farmers, but they will be used, according to plans of the publicity convention, to teach the latest scientific methods of agriculture to the farmers themselves.

The American Farm Bureau federation already has utilized the radio in furthering farm work of the country. Farm programs with practical farmers or authorities on agricultural problems are being broadcast weekly from hundreds of stations throughout the country and these will be increased materially in the near future.

W. S. Felt Dies.

Should Have Shown Curator Who Matches Coins Is Swindled His Diploma Instead

Chicago, Sept. 21.—Karl Ruppert, who is said to be curator of a museum in Jerome, Ariz., appealed to the police yesterday to help him find \$580 with which he intended taking a trip to the museums in Washington, D. C.

He said he became acquainted with a man while walking through a museum here today. The man introduced a friend and the two matched dimes and quarters, his first acquaintance winning \$300.

The second man refused to pay until the first had shown he was able to pay if he had lost. Ruppert said he handed over the \$580 to his first acquaintance and the two men disappeared.

Underwood Quits League Support

Says He Saw Failure in Dispute Between Italy and Greece.

By Associated Press.
Chicago, Sept. 21.—Senator Oscar W. Underwood, Alabama's candidate for the democratic presidential nomination, is no longer a strong advocate of the league of nations, he is credited by the Chicago Tribune today as saying in an interview.

To the senator, once an eloquent advocate of the league, who was in Chicago on his way to Washington on a fishing vacation at Eagle River, Wis., was attributed the following statement:

"I am no longer a strong advocate of the league of nations. My original views are well known. However, on my trip abroad I saw the league at work. Developments then and subsequently have changed my attitude. The failure of the league to function in the dispute between Italy and Greece had much to do with the change."

The senator also said he did not think the league would be an issue in the approaching presidential campaign.

"The present administration's lack of a definite foreign policy and its failure to achieve any notable accomplishments at home will furnish the best democratic campaign material," the senator was quoted on campaign issues.

Women Voters in Clash Over Funds

Omaha League Members Want to Send Contributions to Washington.

Has a local political body any right to interfere with funds of its national body was the question raised at a meeting of the Omaha League of Women Voters Thursday afternoon at the Y. W. C. A.

It all came about because local business men had contributed to that certain fund of the National League of Women Voters.

W. F. Baxter gave \$100 to the support of the league, former Senator Gilbert Hitchcock, \$100 and Senator R. B. Howell, \$10. Efforts by the state league to add to this amount failed throughout Nebraska, according to reports. The plan was to send the \$210 to national headquarters at Washington, they in turn were to send \$50 to the Nebraska League of Women Voters and the Omaha league was to receive \$25 of the state amount for financial aid.

Mrs. H. J. Bailey, former president of the Omaha League of Women Voters, moved that the money be given back to the donors.

Mrs. R. E. McKelvy, president of the league, ruled the motion out of order. Decision as to disposition of the money will be made by Miss Belle Sherwin of Cleveland, first national vice president, who will stop in Omaha October 3, enroute to the convention at Aurora, Neb., October 4 and 5, said Mrs. McKelvy.

Delegates elected to the state convention at the meeting Thursday are Mesdames F. H. Cole, Gentry Waldo,

With the aid of a delatone paste, it is an easy matter for any woman to remove every trace of hair or fuzz from face, neck and arms. Enough of the powdered delatone and water is mixed into a thick paste and spread on the hairy surface for about 2 minutes, then rubbed off and the skin washed. This completely removes the hair, but to avoid disappointment, get the delatone in an original package and mix fresh.
