Johnson's Exposure Adds to His Strength

Washington, Sept. 22.-Publication oday of dispatches from San Francisco telling of the discovery of a conspiracy to ruin the political future of Senator Hiram W. Johnson created something of a sensation in political circles here today. Opinion of veterans of the political game is that the plot will react strongly in Senator Johnson's favor and increase his power in his home state. It was predicted also that it will enhance the senator's chances if he should determine to make a campaign for the republican presidential nomination
