Learning a Trade Makes Strides From Period of Apprenticeships Pocketbook lost containing cash, keys, and Armoura No. 3940. J. F.

mitted to his craft. Even medicine and law were learned through the fundamental and most helpful knowlinish references. JA. 4659. and law were learned through the fundamental and most helpful knowlmedium of apprenticeship.

with but poor food and even poorer High school in Omaha while yet in lodging. In the days before the French revolution, it was even neces-

sary to pay exhorbitant fees. Taught in School.

This year when the young Omahan seeks to learn a trade, it is not necessary for him to practically sign his life away for a long period. Without interrupting his other education, he files into a classroom every day at Technical High school and learns to do the work which he has chosen.

now rapidly nearing completion, is to produce better American citizens. preparing the students efficiently for life is not forgotten. Date for the opening of Technical

High school has been postponed from ducer in the world. September 24 to October 15. Inability to complete the building

on time is given as the cause. Following the postponed opening there will be three terms of 11 weeks each, instead of four terms of nine weeks, and the Christmas vacation

will be shortened, it was announced. In the mechanical drawing department, pupils will plan a small home. These plans will be blueprinted in be constructed. The millwork will was "no longer a national issue." come from the mill shop of the school, where pupils will have previously made it from lumber, dried in their own drying kilns. Embryo electricians will install the house wiring and even the plumbing will be put in by students as soon as a plumbing course is started. When the house is completed, it will be sold, raised on skids, taken out of the building and moved away. The money

ing the department self-supporting. The big cafeteria, belonging to the school will have competition in the practice cafeteria, which is to be run by the classes in advanced household arts. The girls must make the food in their cafeteria so attractive as to draw trade away from the school lunchroom and make their classes cos

used to buy new material, thus mak-

Another self-supporting part of the school is to be the catering depart ment. A salesroom for the cakes pastry and salads prepared by the students has been built.

Practical experience in journalism will be gained by the journalism classes in publishing the school paper which will be printed by the printing department.

The commercial wires of the North-western railroad have been run into Dodge at 24th. Funeral Directors. JA 2901 The commercial wires of the North the commercial telegraphy rooms of the commercial telegraphy rooms of HULSE & RIEPEN.
the school and it is from here that the Funeral directors, 2224 uming. JA. 1226 train dispatchers and telegraph operators of the future will come.

One department, however, has failed to be made self-supporting. No matrimonial bureau has been provided to take care of the flow of excellent housewives which will issue from the school's domestic science department

my teens." Technical High school will ever turn out window dressers. With its best technical high school in the country furnishing courses which other and bigger schools do not and
