CRANBERRIES AGAIN
The New Crop of Fresh Crisp Fruit Now Selling

Nature's Appetizer!
This delicious and healthful fruit should be on the table every day.
Buy cranberries for the most appetizing—most economical sauce, jelly, pies, puddings and ices.
Buy them for preserving—the price is reasonable.

Cranberry Jelly
Cook until soft the desired quantity of cranberries with 1 1/2 pints of water for each two quarts of berries. Strain the juice through a jelly bag. Measure the juice and heat it to the boiling point. Add one cup of sugar for every two cups of juice; stir until the sugar is dissolved; boil briskly for five minutes; skim, and pour into glass tumblers, porcelain or crockery molds.

Cranberry Sauce
One quart cranberries, two cups boiling water, 1 1/2 to 2 cups sugar. Boil sugar and water together for five minutes; skim; add the cranberries and boil without stirring (five minutes is usually sufficient), until all the skins are broken. Remove from the fire when the popping stops.

Cook cranberries in porcelain-lined, enameled or aluminum vessels—never in tin.
To be sure of a selection of the choicest, cultivated varieties—ask for **Eatmor Cranberries**.
(The red and blue trade-mark label is on all barrels and boxes.)
