

Street Work to Be Speeded Up by Department

Koutsky and City Engineer After Contractors to Complete Work Before Winter Weather Comes.

City Commissioner Joseph Koutsky of the public improvements department and City Engineer Herman Beal, are after paving contractors to speed up work now under way, to reduce to a minimum the amount that must be held over to next season.

Complaints have been received from citizens who believe that there has been unnecessary delay in finishing the work on North Twenty-fourth street and North Sixteenth street.

Engineer Beal offered the following explanation in connection with the Sixteenth street district, which extends from Wirt street to Commercial avenue and thence west to Twentieth street and Ames avenue.

"This district would have been completed last year if the street railway had finished its part of the work. In a situation of this kind, the traction company usually reverts its rails and the city charter requires that the company shall pave between the rails. The regular work cannot be started until the street railway company is out of the way.

The street railway company recently finished its work and the National Construction company, which has the contract for paving, is now at work and is proceeding as fast as reasonably could be expected. This work will be completed before the last of October, about October 20, I would say. Weather conditions affect the progress of paving work.

Car Company Not Finished.
The city engineer stated that the street railway company has not finished its work on Twenty-fourth street, Lake to Spaulding streets. He expects that in about 10 days this district will be ready for the contractor, J. H. McDonald. This district will have a new base and brick surface.

"We have assurances that Mr. McDonald will get at this work as quickly as possible and if weather conditions are favorable, he may complete the contract this fall. The completion this year, however, is uncertain. One side of the street, I am certain, will be finished and the other side will have a new base and probably new surface also. The contractor is anxious to get this district out of the way this fall.

Maple Street Soon.
The completion of the paving on Maple street, Sixty-second to Sixty-seventh streets, by Murphy Construction company, was discussed in city council meeting last Tuesday. Commissioner Koutsky said he would hold up further estimates in favor of the Murphy company until they were working on Maple street. City Engineer Beal stated that the Murphy company promised to be on this street within a few days, to place the surface, the base already having been laid.

The other district of which there is some question is Vinton street, Twentieth to Twenty-fourth streets. The street railway company is at work on this district now and as soon as they are out of the way, the National Construction company will complete its paving contract. If the season has not been too far advanced for paving work, Mr. Beal is of the opinion that Vinton street will be completed this fall.

Chess Players Dig in as Winter Approaches

Do you play chess? Or at it? Do you spend your time, like Alexander of old, pining for new worlds to conquer? Do you long for real competition, or for others on which you can demonstrate your skill?

Whatever you are seeking in the line of chess fanatics can be found at the Omaha Chess club, for Omaha does boast a meeting place for exponents of this old and fascinating pastime. Here one may find champions, coming champions, and have been champions, according to one's taste and ability.

The club makes its headquarters at room 409, on the fourth floor of the Barker block at 15th and Barnum streets.

A continuous tournament is being conducted among the members. All games played are recorded. The leading players will be matched in a tournament for the city championship later in the fall. The weaker ones will form a minor, or class B tournament. Substantial prizes will be offered to the winners of both championships.

J. J. Friedman Named Chairman of Zionists

J. J. Friedman was elected chairman of the Omaha Zionist district at a meeting in Omaha last week. John Feldman was elected first vice chairman; Dr. O. C. Goldner, secretary; A. L. Kulakofsky, treasurer, and J. B. Robinson, chairman of the national fund organization.

Rabbi Charlop spoke at the meeting. Final plans were made and committees appointed for the first annual Zionist ball to be held Sunday, October 7, at the Auditorium.

Joint Recital.

The Alumnae association of the Convent of the Sacred Heart and Duchesne college present Frances Nash, pianist, and Mary Jordan, contralto, in joint recital at the Brandeis theater Sunday afternoon, October 28, for the benefit of the scholarship fund.

Organ Recital.

Mrs. Frieda K. Schroeder will give an organ recital at St. Paul's Lutheran church, Twenty-fifth and Evans streets, Sunday night at 7. She will be assisted by Miss Louise Schnauber, violinist.

Following is the program:
Festival Prelude—Come Holy Ghost
Schubert—Piano
Bach—Gloria
Mendelssohn—Rena L. Becker
(a) Hymn to the Sun—Rimsky-Korsakoff
(b) Menuet op. 14
Violin, Miss Schnauber, Padewski

Why Orchard & Wilhelm Co. are Victrola and Brunswick AUTHORIZED dealers, together with some interesting facts:

- ¶ In the public mind there is very little question as to the standing of these two instruments. In our minds there is none.
- ¶ The public expects Orchard & Wilhelm Co. to make good on all merchandise recommended in their advertisements and by their salespeople and therefore before recommendations are made the cost or "comeback" is counted. In other words merchandise must be up to our standard before we can afford to guarantee it.
- ¶ Authorized dealers in these two instruments are obliged to periodically satisfy the manufacturers that they are fully qualified to render proper retail service.
- ¶ For a period of one year after the purchase of a Victrola or a Brunswick the customer can call upon Orchard & Wilhelm Co. for adjustments relative to the mechanism of their instrument.
- ¶ Sound-proof rooms provide ideal conditions for the choosing of a phonograph or the selection of new records.
- ¶ A dignified and quiet atmosphere, together with a warm welcome, is always noticeable in the department. People who know phonographic music are there to wait on customers.
- ¶ A large library of records is maintained at all times.
- ¶ It costs no more to purchase your instrument under these ideal conditions, with the assurance of the fullest satisfaction than it does under those less pleasant.

Our Budget Plan provides a really logical way for you to pay, and you enjoy your instrument at the same time.

Music Rooms—Fifth Floor

All the good people of Quivera are invited, Coronation week, to see the wonderful stocks of Oriental and Domestic

RUGS

Put on display to delight visitors as well as inhabitants of this happy capital of a happy land—and for those who seek to possess new floor coverings we would say "Values are wonderful and selections are as never before."

The Famous Bundhar Wilton Rugs

Have been exhibited by Orchard & Wilhelm Co. through twenty-five reigns. Many of them have actually been owned and prized by kings and queens. We are making a splendid showing at this time.

9x12-room size, price **110.00**.
Other sizes as small as 22½x36 to as large as 11-3x18 feet.

Hartford-Saxony Rugs

This is another wonderful rug as every knight and lady in Quivera well knows. Heavy, long of nap, soft to the tread, splendid in service, and in color and pattern, so fine, that as one monarch was fain to remark, "It just beats the dickens how the beauty of this rug wears."

8-3x10-6 size is priced today at **123.50**.

Seamless Arminster Rugs

These rugs are wonderful fabrics in color and pattern, copying much prized Chinese fabrics. Splendid wearing rugs and very suitable for dining rooms or living rooms, where much is required of the floor coverings. Shown in all sizes.

9x12 size, **57.50**.

Klearflax Linen Rugs

Royalty has always shown a partiality for fabrics of linen. Several queens of Ak-Sar-Ben have signified a preference for Klearflax linen rugs for chamber and sunroom use, while knights of Ak-Sar-Ben, engaged in business here, have found Klearflax a wonderful covering for the floors of executive offices.

Shown in the "Pickwick" designs, contrasting border effects, seamless and reversible.

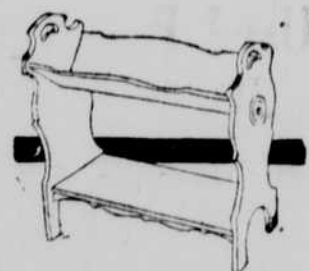

3x6 Klearflax 9.00
4-6x7-6 Klearflax 16.50
6x9 Klearflax 26.00
8x10 Klearflax 38.00

Visitors are invited to our Oriental and Chinese Rug Sections.
