Washington, Oct. 3.—Brig. Gen. William Mitchell, chief of operations of the army air service, who will sail from San Francisco October 23 to

Children to Aid.

Children of the Council Bluffs public schools will be permitted to contribute to flood relief, it was decided

at the meeting of the board last night. The contributions will be arranged in such a manner as not to embarrass those children whose parents are financially unable to contribute.

Good Cake. A few bumps on the kitchen table before baking will cause the air bubbles to come to the surface of the cake batter and break, thereby removing all likelihood of falling.

WHAT TO EAT TO PUT IRON IN YOUR BLOOD AND MAKE YOU STRONG

PHYSICIAN TELLS HOW IRON-CONTAINING VEGETABLES, SUCH AS LENTILS SPINACH, APPLES, ETC., WHEN REGULARLY TAKEN WITH ORGANIC IRON BUILD GREAT STRENGTH AND ENDURANCE.

"At their own doors—in the very garden of home—lies the source of the iron which is the life-giving element in the blood. It comes from the action of strong acids on iron filings, while oxygen is a true red blood food, like the iron in your blood itself and like the iron in spinach, lentils and apples. In fact if you will eat a pint or two of spinach, half a pint of lentils and three or four baked apples each day you will probably not need to take any other form of organic iron, but most people prefer to eat a smaller quantity of iron-containing vegetables and take organic iron, like Nuxated Iron, with them. It is like taking extract of beef instead of eating pounds of meat. To prove to yourself what Nuxated Iron can do for you, get your doctor to take a specimen of your blood and make a "blood count" of your red blood corpuscles. Then take Nuxated Iron for a month and have a new "blood count" made and see how your red blood corpuscles have increased and how much stronger and better you feel. See how the color has come back to your cheeks, how steady and strong your nerves have become. At all druggists.

MRS. EARLS TELLS WOMEN

How Backache and Periodic Pains Yield to Lydia E. Pinkham's Vegetable Compound

Clean, N. Y. — "Every month my blood would go to my head and I would have a headache, nose-bleed, backache and pains that I could not do my work. At night I could not get my rest and nothing seemed to do me any good. I read some of your testimonials about what Lydia E. Pinkham's Vegetable Compound had done for others, so I decided to try it. I had only taken two bottles when I began to be better, and my back did not hurt me nor my head ache. I felt like a new woman. The Vegetable Compound is a splendid medicine and I will always recommend it." — Mrs. A. D. EARLS, 630 N. 5th St., Olean, N. Y.
