

Walton Gets Injunction on Election Vote

Beaten 4 to 1 at Polls, Obtains Order Preventing Election Board From Certifying Returns.

Oklahoma City, Oct. 3.—A temporary restraining order preventing the state election board from certifying the returns from yesterday's special election was issued in state district court here today upon application of counsel for Governor J. C. Walton.

The order was granted after the executive's petition was filed before Judge Tom G. Chamber, Jr. It enjoins W. C. McAllister, secretary; John P. Logan, "deposed" chairman; Ira Mitchell, newly appointed chairman, and Claude Baker, member, from certifying the returns of "the pretended election" to the secretary of state. The action was brought by Mr. Walton as governor.

The state capital was again under guard of state troops today. Frank Carter, chairman of the state corporation commission, declared it was his understanding that the guards were under orders to prevent certification of the state election board of returns from yesterday's state election. No explanation of the guards' reappearance could be obtained from the adjutant general's office.

Later Acting Adjutant General C. F. Barrett declared that the guards had merely been transferred to the capitol from the local armory as a precautionary measure.

Oklahoma City, Okla., Oct. 3.—Opponents of Governor J. C. Walton scored a sweeping victory yesterday in the most spectacular election ever held in Oklahoma.

By a decisive majority a constitutional amendment was passed empowering the state legislature to meet on its own call to consider impeachment charges against the governor.

Despite the executive's proclamation postponing the election and his threat to block it by armed force, opposition was negligible and the balloting proceeded peaceably except for minor instances, throughout the state.

Complete returns from 1,393 out of 2,837 precincts in the state, as tabulated by four Oklahoma newspapers, showed the count for the legislative proposal: For, 147,269; against, 87,404.

Yank Bonus Defeated.
The overwhelming success of the measure, however, is believed to have been responsible in part for the defeat of five other constitutional amendments, including a soldier's bonus.

In only three counties, according to reports, was the election wholly prevented. These were Cimarron and Harper, where the nonarrival of supplies made balloting impossible, and Delaware, where the civil authorities barred the election in compliance with Governor Walton's orders.

The sheriff's seizure of supplies in Bryan county did not interfere with the voting there. Led by Federal Judge R. L. Williams, former governor of Oklahoma, citizens set up improvised election machinery by using makeshift ballots and depositing them in "home made" receptacles.

Many citizens of Johnson county mailed their votes to state election board headquarters when election officials there refused to open the polls.

Election Peaceful.
In all other counties the election proceeded smoothly under the watchful eyes of hundreds of special deputies commissioned to protect the voters.

There was no instance of interference by members of the governor's state police force. Two, however, were arrested at Tulsa, charged with carrying concealed weapons.

The military forces did not appear. Replying to the statement of Representative W. D. McBee that his despotic administration "no longer can be representative of a small part of the people because such an overwhelming majority repudiated it in the election, Governor Walton declared last night:

"I am still governor of the state. The fight on the invisible empire has just started in Oklahoma."

To Go to Court.
The legislative amendment to the constitution under the law becomes effective as soon as returns from the election are certified to the secretary of state by the state election board. This usually requires at least a week.

While the future intentions of the governor have not been made known it is considered probable that he will seek through the courts to bar an immediate assembly of the legislature under provisions of the amendment and thereby test the validity of the election.

Kissing Pastor Keeps Job.
Boston, Oct. 3.—Rev. George L. Payne, who received a beating early in July at the hands of Lieut. Wesley McLaren Hague, U. S. N., on account of a kiss which the minister, who had married the pair, gave the lieutenant's wife, will continue as executive secretary of the Greater Boston Federation of Churches. The board of directors of the federation, voting after a five-hour session refused, by a vote of 27 to 4, to accept his proffered resignation.

'Murdered' Man Admits Murder

Confesses He Slew Man to Get Body for Insurance Hoax.

Eureka, Cal., Oct. 3.—Alex Kels, wealthy butcher of Lodi, Cal., confessed early this morning to authorities that he killed a stranger on his ranch near Lodi, September 12, set fire to a hay stack near his automobile to burn the body and disappeared from sight in order to enable his wife to collect his insurance money, amounting to \$100,000.

Announcement of the confession was made by Assistant District Attorney M. G. Woodard of San Joaquin county at 12:45 o'clock, after he and Sheriff W. H. Ricekco, who arrived here at 6 o'clock, had grilled Kels for nearly four hours.

The attempted hoax was carried out, Kels told the officers, because he was in financial distress. Who the man was that he killed he declared he did not know. He picked the stranger up at a Lodi free employment agency, he said, and took him to his ranch. There he shot the stranger twice, killing him. He then put the body in his automobile, covered it with a lap robe and drove about in the vicinity all day. He stopped at Lodi late in the day at an oil filling station and obtained some gasoline, later driving to the ranch where the body was found. Hearing the hay around the machine he set fire to it and fled from the scene, walking to Sacramento, thence to Eureka where he was arrested Monday night.

Coolidge Wheat Envoys to West

To Discuss With Growers Use of Government Funds by Farm Bodies.

Washington, Oct. 3.—Managing Director Myer and Director Mondell of the War Finance corporation and a representative of the Department of Agriculture were directed by President Coolidge today to leave immediately for the central northwest to discuss with the wheat growers of that section the formation of co-operative marketing associations which might avail themselves of government funds under the new rural credits act.

The War Finance corporation officials and the Department of Agriculture representative will be charged with directing the formation of co-operative associations among the wheat growers similar to those which have been operated successfully among the cotton planters and tobacco growers of the south, the grain raisers of California and the fruit raisers of the Pacific coast. The plan of the administration contemplates that upon organization of these co-operative associations funds which will enable them to market the present wheat crop in an orderly manner will be provided by the War Finance corporation under legislation passed by congress.
