Country Club, Bridge and Power Plant Losses Now Estimated at \$9,000.

Wilber, Neb., Oct. 8.—It is now estimated that the damage to the Wilber Country club grounds, the country bridge and the Zwonechek & Aksamit power plant here by flood water recently in the Blue river, will be three times the \$3,000 at first reported, besides unestimated damage to crops all along the river.

The park at the Country club, owned by H. F. Magnuson of Wilber, and a drawing card for the pleasure seekers of a wide radius, was completely wrecked. The big dance pavilion with its piano and the hard maple floor was covered with muddy water and ruined, and nearly all of the amusement concessions, the cook room and the furnished cabins and air dome were washed down stream, together with the high board fence and the entrance gate and ticket office. Mr. Magnuson rescued four trained monkeys by boat before the water got so high that it was un-navigable, but two big American eagles, in their screened enclosure, were forced to the uppermost part of their perch, where they were forced to remain for five days and died of starvation just after being rescued when the water receded.

Holes were washed at the county bridge and an emergency bridge had to be built and the highway diverted. Part of the cement retaining wall at the dam went out and will cost several hundred dollars to rebuild. The machinery has been restored to the power plant and connections made for furnishing electric light to Wilber.

## Banker Is Victim of Gun Accident

Walter S. Jackson, President of Farmers' National at Valentine, Killed by Shotgun.

Special Dispatch to The Omaha Bee. Valentine, Neb., Oct. 8.—Walter S. Jackson, 54, president of the Farmers' National bank of this city and a prominent business man here for many years, was accidentally killed about 9 this morning when a shotgun either fell against him and was discharged when he opened the rear door of his enclosed car, or was discharged as he was drawing the gun from the car by the barrel.

The charge struck him just below the heart and death is believed to have been instantaneous. He was found in his garage about 8 minutes after the shot was heard. He had backed his car out of the garage and run it back in, had taken off the tire chains and was evidently getting ready to clean his gun, as his oil cleaning rag and rag were lying on the running board of the car.

Mr. Jackson leaves a wife and other relatives here, also several sisters in Illinois and two brothers, Dr. C. R. Jackson and Dr. J. D. Jackson, in Indianapolis, Ind.

## "Yes, We Have No Bananas," Makes Its Arrival in Berlin

Berlin, Oct. 8.—"Ja, Wir Haben Keine Bananen Heute," has arrived in Berlin.
