## Wife Is a Flapper Who Won't Stay Home--Should He Divorce Her?

By BEATRICE FAIRFAX.

Dear Miss Fairfax: I am a married man and I am in love with another woman. This sounds bad, I know, but here are the facts.

Two years ago I married a girl of 20. I was 27. She was a flapper, bobbed hair, rolled socks and such. I loved her then but now I only respect her. I am a home loving man but my wife was more for a good time. I could afford it so I gave it to her. I also loved children but she despises them and I am afraid for whatever children we may ever have. She flirts with anyone and every one. I like a good wife, I like to have a good time, and I like children but I like a wife who is not on the go all the time. Now the girl I am in love with loves me. I asked her and she told me but I have not kissed her yet or held her in my arms. She and I both think that that's wrong yet. She loves to make a home cheerful, she knows and loves outdoor athletic games and she also likes a good time. She is more of the old fashioned and modern type of girl mixed. She also loves children.

My wife does not care much for me. At present she is too busy flirting. We have no children and so I feel that I am right in trying to get a divorce from her but want your advice. Am I doing right? A MAN.

Talk the matter over with your wife and find out if she is willing to give you your freedom. Perhaps if she knew that you were disappointed in her she might turn over a new leaf. You must take her youth into consideration. No doubt her flirtations are harmless. Most young girls like admiration you know. It seems to me that this woman with whom you say you have fallen in love, is not the right sort. If she were the right kind of a woman she would try to help you find happiness with the girl you have married instead of trying to break up your home. It is all very well for her to tell you now that she "loves to make a home cheerful" and that she is fond of children. You may be just as disappointed in this woman at the end of two years as you are in your wife.

Fatty A: Sugar, as well as starch, is fattening. Would advise you to consult a doctor regarding your diet.

Anxious: I cannot answer you through the column, but will give you the information regarding beauty culture if you will send me a stamped addressed envelope.

Brown Eyes: August 6, 1905, fell on Thursday, and October 10, 1905, on Tuesday.

Betty Joan: You are in love with love and not with this boy. To be sure he may attract you, but there is a vast difference between love and infatuation. If you loved him you would not be ashamed of him in a

quickly. "I returned. "But I'm sure it is." He went into the bath room, and the next minute I heard his voice in a satisfied comment. "Hot as the hinges of—"

The closing of the door cut off his final word, and with a wry little smile at his characteristic expression, I took my parcels down the hall to the kitchen and donning a kitchen apron put them away in refrigerator and cupboard until Dicky should have gone. Cooking is almost a rite with me, I so thoroughly enjoy it—almost as much as I detest the clearing up process afterwards—and I wanted no distractions while preparing the dinner which I meant to be one of the best of my record.

I could distinguish only the distant murmur of voices in the next apartment, and I guessed that Mrs. Marks had taken her unexpected guest into the kitchen at the back and shut the door, where their chatter would not disturb the saturnine "Pete." Suddenly I discovered that I was straining my ears to hear any chance word, and with a wave of disgust at myself I fled back to the living-room again.

Madge Is Curious. I almost stopped short in the hall, however, on discovering that the bathroom door stood ever so slightly ajar. It was not possible for anyone in the hall to see Dicky at his shaving, but the circumstances gave me much food for conjecture. The bathroom opening upon the public hall in this apartment always had been one of his strongest objections to the place, and he never had shaved in it before without closing and locking the door. Why had he broken his rule this morning? Was it possible that his curiosity to see Mollie Fawcett was so strong that he meant to inspect her through the crack of the door should she leave the Marks' apartment before he finished shaving?

I loathed myself for the conjecture, but I could not keep it out of my mind, and when Dicky came hurriedly into the living-room and rushed through his dressing in record-breaking time, I kept my ears open for any indication of the girl's departure from the Marks' domicile.

But there was no sign of her when Dicky finally was ready to depart. He kissed me perfunctorily, with an air of preoccupation went into the hall, and I heard a minute after the emphatic closing of the lower hall door, which always heralds his departure. What instinct took me to the front window I do not know, for in that area of cheap apartments I declined to make one of the company of women who waved languishingly to their departing spouses. But I rushed to the window and raising it noiselessly, leaned far out to see which way he had gone.

But nowhere was Dicky to be seen.

Miss Whitmore to Wed. Mr. and Mrs. William Polson, Miss Frances Whitmore and her fiancé, Walter White, formerly of Omaha, motored to Omaha Saturday to attend a dinner given by Mr. and Mrs. Max Miller.

Invitations have been issued for the wedding of Miss Whitmore and Mr. White on October 24. The future bride is the daughter of Mr. and Mrs. W. J. Whitmore of Lincoln. Mr. White, at one time was a regent of the state university.

## Actress Tells Secret

Tells How to Darken Gray Hair With a Home-Made Mixture.

Jolee Williams, the well-known American actress, recently made the following statement about gray hair and how to darken it, with a home-made mixture:

"Anyone can prepare a simple mixture at home that will gradually darken gray, streaked or faded hair, and make it soft and glossy. To a half-pint of water add 1 ounce of bay rum, a small box of Bardo Compound and 1-4 ounce of glycerine.

These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It does not color the scalp, is not sticky or greasy and does not rub off."

## Adele Garrison "My Husband's Love"

The Way Dicky Surprised Madge by His Changed Routine.

"I don't mind at all," I found myself saying steadily, in answer to Dicky's question, but my brain was busy with queries which I did not dare to put.

Why the sudden decision to go to the studio? I knew from his own comments that he had nothing important on hand, and the wound on his head even though it had received competent surgical attention, surely gave him ample excuse for remaining at home, even if there had been any one but himself to whom he had to give excuses.

Why the undeniable and unusual interest in the voices of Mrs. Marks and Mollie Fawcett outside our door? Why the comment, "that is an English name," almost as if he had seen the girl's odd type and noticed the incongruity between her name and her appearance.

Was it possible—I pushed a fantastic conjecture back into a brain compartment and locked the door upon it. But—I did not throw away the key, and I knew that some time, when I had leisure to consider anything beside the commonplaces of housekeeping again, I should release the fanciful guess and give it a thorough investigation.

"Is there anything I can do for you?" I asked the perfunctory question equably.

"Not a thing, old dear. Thanks, just the same. I hope the water's hot for my shave."

"If it isn't, I can heat some, very
