Don't Start Your Furnace Now_ Use Radiantfire

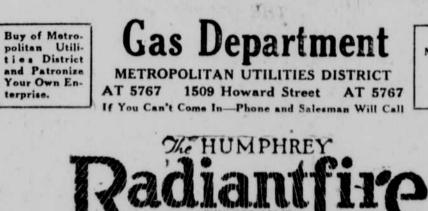

Why bother with a furnace in changeable weather when you can have the convenience of instant heat at less cost.

A Radiantfire in your fireplace will give you from four to nine times the heat of a wood or coal fire. It is a marvelously efficient and beautiful gas fire that heats by Radiant Rays-the most healthful heat known.

When you come in wet and cold it will warm and dry you in one minute. You will get ten times the use and comfort from your fireplace - without the trouble-without the dirt.

You can install a Radiantfire for the cost of ordinary fireplace fixtures. It will burn for hours for less than the cost of a shovelful of coal.

There are portable and fireplace models for every purpose. Priced from \$15 up. See them in our showroom.

THE NOKOL GUARANTEE IS BONDED BY THE FIDELITY AND CASUALTY COMPANY

This winter the owner of this home will not know what it is to worry about heat

And during the fall, when he needs heat for two or three hours in the morning and evening, he gets it as easily as in mid-winter, without the labor of attending a furnace.

For him the drudgery of manual attendance upon a furnace, worry about his fuel supply and the dirt of coal heating are things of the past. Nokol gives him clean, even, healthful, reliable heat automatically with oil, at less than the cost of coal.

The first Nokol was installed five years ago, and today there are more than 14,500 Nokol heated homes. Nokol has grown because home owners who value comfort have discovered that here is a heating service as reliable, clean and convenient as electric lighting.

The change from coal to Nokol can be made in a few hours, without interrupting the heating of your home. Write, call or phone for information.

See a "Nokol" in Operation at Our Store Room, 18th and St. Marys Avenue
