"I have combed the markets of the world and have gathered its bargains and treasures for Burgess-Nash com pany," is the manner in which John W. Thorne, foreign merchandisc manager for the Burgess-Nash com pany, expressed his merchandising of exposition of imports.

"Bit by bit, piece by piece, I have seen and purchased rare things and have assembled them for the exposi-

the possibility of being able to possess as one's very own, is the priv ilege extended to every one by the Burgess-Nash company. Monday Tuesday and Wednesday are days of exhibition only, when the fourth floor galleries will be opened to all. The last three days of the weel

nerchandise will be sold, each piece

from its respective department. Be cause Mr. Thorne has sought out the merchandise from all over the world and brought back thousands of samples in his 100 trunks, Omaha people may exhaust the markets of the world. Having bought each piece from its owner, and brought it back with him, he enabled the Burgess company to sell the imports for much less than they have ever be fore been offered in this country. All the romance and glamor of the old world, where time is of no im portance and perfection is the ideal myriad of imports assembled. There are bags in which 80,000 tiny beads have beeen sewed by candle light into intricate designs of delicate artistry by patient, tireless fingers of peasant men, who sell them to obtain pin oney, as American women sell their butter and eggs. There is lingerie of fairy fineness, and baby things so dainty that no mother can resist

wanting them for her own. School children especially are invited, for Mr. Thorne and his com panion. W. L. West, will conduct a tour of inspection, explaining in th most interesting manner not only the workmanship of the article, but its history, the customs of the country from which it came, the lives of the eople who made it, and the condi tions under which they live.

country from which they and their forefathers came, will enjoy the tap estries, the paintings that are worthy reproductions of old masters, the quaint toys from Germany, the royalty, and even the pliers that the world uses. Of unfailing inter est to women are the vanity boxes the curling irons, the French per fumes and the decorative dolls,

Doll Hospital Is Opened for Burgess-Nash Patrons

All the dolls that have been discarded because the legs came off, or hat no longer cry or say may be made as good as new. Little girls need only to take their dolls to the doctor who has his offices in the Wonderland Toy Town of the Burgess Nash downstairs store. Dr. H. B. Fenner, who has been

repairing dolls in Omaha for 28 years, is known from coast to coast for his remarkable work. Stores and individuals all over the country send dolls to him, for if he does not have the necessary parts he makes them him

There isn't a doll so sick or so dis abled that Dr. Fenner cannot make it well again. Even the eyes that have been lost Dr. Fenner is able to

Drive for New Customers Success, Dentist Reports

"Our drive for 1,000 new customers is meeting with success," says Dr. Nunn, manager of McKenny dentists, "and the fact that people are coming from all over the state to share in our great half price offer is an indication that our efforts to make it possible for people to secure needed dental attention is being greatly ap-McKenny dentists have added new

operators in order to take care of increased work and enable out of town patients to return to their homes without undue loss of time.

#### Mattson and Smails Report Paving Done

Mattson & Smalls company report the paving has been completed in the north part of Dundee on Western avenue, Lafayette avenue and Fiftyfirst street. The district which these streets cover has just been improved with water, sewer, gas and sidewalks. It is the only section in Dundee where bungalows may be built and there has been a great activity in new home construction all year. A number of new homes will be started by Matson & Smalls at once.

This district has just been opened by Mattson & Smails, who report a number of lot sales and good inquiry,

\$13,000 Home Is Purchased

# CHIROPRACTIC

By Properly Adjusting Your Backbone the Chiropractor Corrects the Cause of Sickness-Then Your Nerves Do Their Work and Thus Health Is Restored

Dr. Burhorn and his able associates, realizing the sacredness of human life and the responsibility resting upon us, feel it is proper and right that the facts and results of CHIROPRACTIC ADJUSTMENT should be continually brought to public notice, in order that knowledge of our drugless method may be spread among the people and its benefits be more widely enjoyed by those who seek restoration to health.

Chiropractors, by correctly adjusting the spine, are very successfully removing the cause of stomach troubles, bowel, kidney and liver troubles, rheumatism, troubles of head, throat or lungs and other organs. Acute and chronic cases yield readily to Chiropractic.

Dr. Burhorn provides every modern Chiropractic convenience for you in his office, including comfortable tables, gentle scientific adjustments; prompt, efficient, courteous service, individual adjusting rooms for men, women, children and even babies at rates that are reasonable\_

REMEMBER: There is no guesswork. An X-Ray of your spine will show the exact misplacement that is the primary cause

of your trouble. We accept no cases that we can not help.

If you are sick, come in and see me. It will not cost you one cent -let me explain and prove how the human backbone governs your health or causes sickness. You, your friends, your children, all should know what this great science of spinal adjustments can do for you. Don't delay. Do it now!

HOUSE CALLS MADE WHEN UNABLE TO COME TO THE OFFICE CONTINUOUS SERVICE FROM 9 A. M. to 8 P. M.

YES, it is a fact, proved by government experiments, that with the ordinary under-draft stove or furnace, approximately 60 per cent of the possible heat value of the fuel is wasted up the chimney in the form of fuel gases and smoke. These fuel gases are virtually the same as those which are sold by gas companies at \$1.25 to \$2.00 per thousand cubic feet. And there are from 12,000 to 15,000 cubic feet of gas in every ton of soft coal.
