

WALTON SUSPENDED IN OKLAHOMA

Separatists Unable to Hold Cities

Rhine Republic Cause Tottering—Police and Firemen Expel New Leaders From Positions.

Payment Plan Is Weak

By Associated Press.
Aix La Chapelle, Oct. 23.—Loyal blue police, reinforced by firemen, assembled just before dark tonight for a combined attack to oust the separatists from the government headquarters building. After numerous hurried conferences with the Belgian and British authorities, however, the German officials called off the attack for the night.

At 8 this evening, Leo Deckers, one of the separatist leaders, and 40 of his followers held the headquarters building and the colors of the Rhineland government fluttered from the flagstaff.

The police officials stated tonight that the police would attack the building tomorrow morning unless the separatists evacuated it during the night. This they seemed to think likely.

Julich, Prussia, Oct. 23.—Separatist movement in this Rhineland town was short-lived. The police, aided by firemen, armed with guns, hatchets and clubs, tonight expelled the separatists from the Rathaus and postoffice, which they had occupied Monday. About 20 of the separatists were arrested. The others fled to the country.

Nearly 300 State Federation Delegates at Opening Session of Four-Day Convention.

Paris, Oct. 23.—Promoters of the Rhine republic, in exchange for French support, have agreed to pay 50 per cent of the reparations due from Germany.

2. To force Germany to pay the remainder under threat of imposing an impossible tax on coal and Ruhr industries destined for the German interior.

3. To accord France favored nation treatment.

4. To accomplish a union of Ruhr coke with French iron interests.

When the Rhine republic is firmly established France will bring the occupation troops home permitting the Rhinelanders to maintain fortification of the German frontier with a large military establishment which will otherwise be aided by the French.

Forbidden by Treaty.

This will be done in spite of the fact that the treaty of Versailles expressly forbids a Rhine army or fortifications. In this way, the French hope to reduce the cost of collecting reparations and at the same time cause a colossal industrial union which will literally dominate Europe.

That is one side of the picture. The other side shows what pitfalls such a policy is littered. Keen observers believe the policy is doomed to rapid failure because even if the republic wins, with the passive aid of France, such hostile citadels as Coblenz, Mayence and Cologne, the moment the French army leaves the whole structure of the republic will fall like a house of cards.

Other Nations Opposed.

Britain and Italy will also be irrevocably opposed to any policy which will make France the iron and steel dictator of Europe.

It is also pointed out that Rhine republic cannot fulfill its promises in regard to reparations without a stable and independent currency which is impossible without the backing of French gold and that arrangement would undermine the French franc to such a degree that it is unthinkable.

It is further argued that the republic could not keep the coal club over Germany, which is the biggest consumer of Ruhr products, without ruining the Rhine industries and reducing the new republic to ruins.

All the Ruhr magnates are against separation, and they controlling ninety-ninths of the wealth; are likely to have the last word.

Aid Society Bazar

The Ladies Aid society of St. Luke Lutheran church will give a bazar and supper at the church December 6. The supper will be served from 5 until 7:30 and the bazar will be in progress during the afternoon and evening.

Daily Reliability Test

Every day Bee Classified Advertisements are put to the test and just as surely as they are tested they prove their worth. This time Mr. Seybold placed an "Apartment for Rent" Ad in The Omaha Bee and rented his apartment in one day. We can rent your apartment, too. Phone AT 1000 and try it.

ITS RESULTS PER DOLLAR THAT COUNT

"NAME IT" COLUMN

Did you ever notice that the dining car conductor always has plenty of small change? Your bill calls for \$1.19. You lay a \$2 bill on the little silver tray. The waiter comes back with three silver dollars, two quarters, three dimes and two nickels. You simply cannot avoid having some change to tip the waiter. Often wondered if waiters and conductors pooled the tips and divided at close of day.

Going to put in complaint to Pullman company. Why do porters at ways tuck tongue of one's shoes clear down in the toe and then forget to pull it out? Very annoying to try to thrust one's foot in shoe, only to have it collide with double-tongued, necessitating removal of foot and straightening out of tongue.

A mother, very tired and looking not at all well in the sleeping car, baby in arms and fretful; 2-year-old requiring constant attention. Crying most of time because mother unable to give it undivided attention. Man in car scowling and evidently greatly annoyed. Other passengers showing by their looks that in their opinion mother with fretful children should be barred from sleepers. Well dressed young woman finally intruding herself to mother and takes charge of 2-year-old. Fifteen minutes later cries hushed and little one asleep. Two-year-old gurgling with bliss as young woman cuts out dolls and all sorts of things from paper, using scissors from manicule set. Heard the mother call the young woman "miss." If young woman not already engaged to be married, some young man overlooking wonderful opportunity to get worth-while wife.

Livewellyn Lindsay, better known as Bud, sitting in lobby of hotel. One of famous characters in Lincoln's political history. Once delegate to a republican national convention, and the only negro ever representing Nebraska at such a gathering. Successful hotel and restaurant man. Retired several years ago and spends his time traveling. Just back from South America. Has been in Africa and the orient. Upassuming, but wearing handsome diamonds. Enjoyed 10 minutes chat about early days in the capitol city when men took their politics very seriously.

Saw that Nebraska-Kansas football game. Backers of Cornhuskers filled with gloom. All looking forward with dread to Syracuse and Notre Dame games, but hopeful for the best. Rumors flying around that Cornhusker team torn with college fraternity dissensions. Football and fraternities about as possible a mixture as oil and water. If there is jealousy and lack of teamwork, it should be hunted out.

Oshkosh, one of largest cream shipping stations in western part of state. Little town of Lewellen a close second. Representative of big building and loan company tells me that Garden county heads the list of 14 counties in his territory in matter of payment of taxes and interest on borrowed money. "Something to think about." W. M. M.

Women's Clubs in Annual Meeting at Beatrice, Neb.

Beatrice, Neb., Oct. 23.—With nearly 300 delegates in attendance, the annual convention of the State Federation of Women's Clubs convened here Tuesday night in the Methodist church for a four-day session, being called to order by Mrs. Edgar B. Penny of Fullerton.

The address of welcome on behalf of the Beatrice Woman's club was given by the president, Miss Hatlie Summers, and by Rev. J. Franklin Haas on behalf of the city. State and district officers responded to the welcoming addresses. A series of brief talks and musical numbers were included in the opening program, following which a reception was given for the visiting delegates.

Conference Session.
Tuesday afternoon there was a conference of district presidents and executive boards in the First Presbyterian church. Registration of delegates is being held at Centenary Methodist Episcopal church. The business sessions will open Wednesday morning in the chamber of commerce rooms.

The Kiwanis club will entertain the officers and guests of honor at luncheon Wednesday noon and on Thursday noon the Rotary club will serve a banquet.

With the new Paddock hotel yet unfinished, Beatrice people have met the appeal of the local woman's club for rooms and quarters for the delegates, a large number of whom arrived from various points in the state Tuesday night.

Boy Scouts are assisting the local committee in visiting incoming trainees and taking care of the delegates. The scouts are serving as guards, looking after the visitors' luggage and acting as "Individual Information bureaus."

"No Illiteracy" Slogan.
Election of officers and selection of the place for holding the next convention will take place Friday afternoon. In the evening a general banquet will be held in the First Christian church for all delegates.

"No Illiteracy in 1930" is the slogan of the convention. Today the executive board of the Beatrice Woman's club entertained the executive board of the state convention at luncheon in the Y. W. C. A. rooms. Miss Hatlie Summers, president of the local club, presented the state president, Mrs. Edgar Penny, with a walnut gavel made by the manual training department of the high school from a piece of walnut taken from the first homestead west of the city, which was formerly owned by Daniel Freeman.

Prospective candidates for president for the coming year are:
Mrs. George Frater of North Platte; Mrs. George Berryman, Ord; and Mrs. Hempel, Omaha. Mrs. Berryman is serving as state treasurer and appears to have the strongest following among the delegates.

The city is gaily decorated with the women's club colors, yellow and white.

Bakers Unable to Sell Bread at Berlin Prices

Berlin, Oct. 23.—Bread is bringing 5,500,000 marks a loaf in Berlin and little is to be had, as the bakers say they cannot afford to buy flour in the open market and sell at that price. There were long lines of anxious people before the bake shops today, hoping to obtain bread before the closing hours.

The mark was officially quoted at 58,000,000,000 to the dollar against yesterday's 49,000,000,000, and the unofficial quotations ranged much lower, with the result that the prices in marks of all commodities were rising rapidly the afternoon.

Many janitors and other ordinary laborers received not more than 10,000,000,000 marks for their last week's work, which amount buys less than two loaves of bread at this week's prices.

Prices of All Commodities Rises Rapidly With Slump of Mark—Food Kitchens Planned.

That 118,180,000 gallons of water pumped into settling basins at the Florence water plant during June, July and August had disappeared and cannot be accounted for in reports of distribution.

Basin Unwashed.
That basin No. 2, on which the trouble centered, had not been thoroughly cleaned for more than a year and if basin No. 2 had been washed, as required, the trouble, in the opinion of C. D. Robison, operating engineer, would have been avoided.

That Superintendent Hunt is in direct charge of washing basins.

That breaking of a bypass valve, of great importance in keeping machinery of the water plant working to capacity, was not reported until some time in July and although the breakage occurred in May, necessary parts could not be obtained for weeks.

Fire at Harvard

Harvard, Neb., Oct. 23.—Fire at the asphalt plant here threatened to do great damage when it broke out during the mixing operations. The blaze was extinguished after it had charred several wooden buildings and sidings about the plant.

Tampering at Water Plant Bared

Mud Valve Opened by Someone Familiar With Works, Charge Made at Probe.

No Report to Howell

Sensational charges in testimony introduced yesterday afternoon in the probe of the board of directors of the Metropolitan Utilities district into distressful water conditions arising in Omaha during the week of August 21 follow:

That an unidentified person with a technical knowledge of the water plant at Florence opened a mud valve which, if it had not been discovered, would have delayed furnishing of clear water to Omaha users for another 10 days.

That shortly after muddy, undrinkable water began flowing into Omaha, plant employes discovered the opened valve and reported it to Superintendent A. E. Hunt.

Failed to Mention Valve.
That Superintendent Hunt failed to mention the opened valve to General Manager R. B. Howell in a written report made to him at the latter's request that all contributing factors to the water emergency be reported to him in writing.

That F. P. Larmon, chief engineer, likewise failed to report to General Manager Howell the fact that a mud valve had been opened.

M. P. Opposed to Use of Belt Line by Other Roads

Wants Rail Body to Continue Order Restraining Others From Using Team Tracks.

Special Dispatch to The Omaha Bee.

Lincoln, Oct. 23.—W. H. Thompson of St. Louis, assistant freight agent, and George Delacy of Omaha, counsel, appeared for the Missouri Pacific railroad today before the state railway commission, to show cause why the commission should not rescind its order restraining shippers from using Missouri Pacific team tracks when shipments originate and are carried over other lines.

The right of restraint, which the railway commission granted some time ago, has been questioned by Tremor Cone of Elkhorn, who complained to the commission that "it was out of harmony with the needs of a great, growing territory and was against public policy." He appeared today to plead his case in person as "a self-appointed agent of the great unorganized public and small, unorganized business."

Claims Public Right.
His chief objection to the commission's order is in its application to the Belt Line railway of Omaha, which was originally built by citizens of that city but is now owned and controlled by the Missouri Pacific. He maintains that the Belt Line, according to the original charter in which no basic changes have been made, was built as a belt line service primarily, and that the right of the public to such service can only be removed by action of the railway commission.

He cites as a concrete example of the result of the order a shipment made by him of 50 cars of sand, sold to Platter Bros., for delivery at Fort and Lake streets, Omaha. Because of the order, he declares, he was asked to absorb a switching charge of \$6.30 a car before the Missouri Pacific would let his cars on the Fort and Lake tracks. To pay such charges, he says, would prevent him and other sand dealers of the state from competing with Iowa dealers, who, because interstate shipments are not affected by the order, can ship into Omaha at a cheaper rate. The mere fact that the order affects intrastate and not interstate shipments is discriminatory, he maintains.

Pastor to South Omaha

Harvard, Neb., Oct. 23.—Rev. Barton A. Johnson, who was pastor of the local Christian church about a year ago, has accepted a call to the pastorate of the South Side Christian church of Omaha, according to word received here. He took up post-graduate work during his stay here.

Divorcee Shoots Man Over Ring

Mary O'Donnell, Wounds Kansan in Neck as He Tries to Flee on Way to Station.

Hundreds Witness Firing

Following a heated argument over a diamond alleged to have been stolen from her, Mrs. Mary O'Donnell, 209 South Forty-eighth street, divorced wife of Steve O'Donnell, ex-policeman, and proprietor of the Little Diner restaurant, shot Frank Brown of Kansas City, Kan., stopping at the Millard hotel, in the back of the neck at Thirteenth and Douglas streets yesterday afternoon.

Mrs. O'Donnell declared that Brown, who was known to her as Leo Burch, had taken the ring from her five or six days ago. Yesterday she received a telephone call from Brown at the Millard hotel. She drove to the hotel and demanded the ring from Brown, who would not admit that he had taken it. She then drew a revolver and commanded Brown to march to the police station.

Shots Felt Escape.
At Thirteenth and Douglas streets, however, her prisoner attempted to run away. Mrs. O'Donnell told police officers that she fired one shot in the air and aimed the other at Brown's legs, wounding him in the neck. Both were brought to the police station and booked for investigation.

When Brown was searched no ring was found on his person, but Mrs. O'Donnell asserted she saw the ring on his finger when he entered the station and that he must have succeeded in concealing it. Another search was made with no better results.

According to Brown, Mrs. O'Donnell has been paying for his meals at her restaurant for the last month. During that time, he claims, he was at frequent all-night parties at her home. He says he has not worked for several months.

Given Ring While Drunk.
While on a drunken joyride in the woman's car a week ago, he asked her to let him see the ring. He declares that he was too drunk to realize what he was doing and believes that another man took the ring off his finger. He said that since that ride he has often made efforts to see Mrs. O'Donnell again but that she was never home.

Brown was released on bond last evening. His wound is not serious. This morning he was removed until his bullet. Mrs. O'Donnell is still incarcerated.

Several hundred persons heard the shots and saw the shooting.

Nebraskan Has Plan to Assist Needy Germans

Willing to Employ Family on Farm to Cover Expenses for Bringing Them Over.

Here's an opportunity for Nebraskans of German birth, who have a brother, nephew or cousin with a small family in German desiring to escape from the revolutions and poverty of that country.

J. J. Miller, a Northwestern contractor living at Chadron, is the owner of an 80-acre irrigated farm near Newell, N. D. He walked into The Omaha Bee office yesterday and made the following proposition:

"I will help finance the trip of a German with a small family to this country, providing he will contract to stay on my farm for a certain period of time.

"I will see that none of the family suffers and I will aid the head of the family to get the implements necessary to farms. Having read so much of the suffering over there and at the same time needing a dependable tenant, I decided to do my bit in helping a hard-pressed German farmer and also help myself. If there are any Germans in the state who wish to bring relatives to this country I wish they would write me and we might be able to make a deal."

Judge Lindsey Balks at Grand Jury Probe

Denver, Colo., Oct. 23.—Ben E. Lindsey, judge of Denver's juvenile court, refused to tell a grand jury which has subpoenaed him, anything about information he had in his possession concerning illegal operations in Denver.

Judge Lindsey announced instead he had sent a letter to the grand jury that to do so would violate "the sort of confidence which it is absolutely necessary to maintain if the real constructive work to reduce abortions being done here is to be allowed to go on."

He was to have appeared before the grand jury tomorrow.

Nebraska Sailor Said Lost.

Norfolk, Va., Oct. 23.—Paul Russell Howard, seaman second class, was washed overboard from the United States destroyer Overton in a severe gale off the Virginia capes yesterday according to radio advices from the destroyers. The body was not recovered. Howard's home was in Holbrook, Neb., and next of kin listed on his service record is an uncle, Jap Bobbe, Holbrook, Neb. The Overton is one of the warships participating in target maneuvers on the southern drill grounds.

Start Move to Impeach Governor

House Approves Charges of Committee and Senate Starts Action to Hold Trial of Executive.

Act Almost Unanimous

By Associated Press.
Oklahoma City, Okla., Oct. 23.—Gov. J. C. Walton was suspended from office at 6:40 p. m. when the state senate by a vote of 36 to 1 adopted a resolution temporarily relieving him of his official duties, following the submission by the lower house of a bill of impeachment against him.

The lower house of the state legislature late today approved the second of 22 charges against the chief executive contained in a bill of impeachment submitted by its committee of investigation and impeachment.

Interrupting the reading of testimony, the house voted to consider the charge that the governor had his personal chauffeur placed on the payroll of the state health department, and on a roll call approved the submission of the charge to the senate for trial by a vote of 77 to 17 with nine members absent.

Governor Is Silent.
The house then passed to the consideration of the third charge which is that the executive prevented the assembling of a grand jury which had been summoned to investigate his official conduct.

The first article in the committee report has not been considered.

Informed of the house action, Governor Walton declared, "I haven't a word to say."

The house decided to present to the senate each article as it is adopted and the first charge approved was given to the upper body, which at once placed in motion its machinery to remove the governor from office during the trial.

Accept Third Charge.
After the bill had been read to the senate by W. E. Disney, representative from Muskogee county, it was found that it had not been properly certified and a delay ensued while the bill was taken back to the house for certification. The house meanwhile was in debate on another impeachment article and the certification awaited a full in the debate.

Later the house accepted article three.

The senate voted to receive the charge and Senator W. M. Gulager of Muskogee introduced the resolution which would suspend the governor and make Lieutenant Governor M. E. Trapp acting executive until the former's trial.

Appeal Is Filed in Case of Death Award Given Victim

Special Dispatch to The Omaha Bee

Lincoln, Oct. 23.—The Allied Contractors, Inc., of Omaha, have filed an appeal in the district court of Lancaster county against the recent award of the state labor commission of compensation to Mrs. Iona McEwen. In the hearing before the commission it found that the husband of Mrs. McEwen, who was an employe of the contractors, had met his death as the result of being forced to work in mud and slush while employed on a bridge that the company had under construction.

Rheumatism and brain fever that resulted in death were the direct results of such work, according to the commission's finding and compensation at the rate of \$15 a week was awarded. The contractors maintain that McEwen was not ill while in their employ and that his death was due to other causes.

Women Whose Husband Was Killed by Indians, Dies

Beatrice, Neb., Oct. 23.—Mrs. Mary C. Yule, one of the earliest pioneers of this city, whose husband, John Burke, was killed in a raid by Indians on the Little Blue while hauling corn to Fairbury, died at her home at Los Angeles recently, according to word received here. She was nearly 90 years of age. She built one of the first brick blocks in the city and established the first millinery store here. After the death of her husband, she married Thomas Yule, a pioneer who later served as mayor of Beatrice. Some years after his death she went to Los Angeles to make her home. As far as is known here, she leaves no relatives.

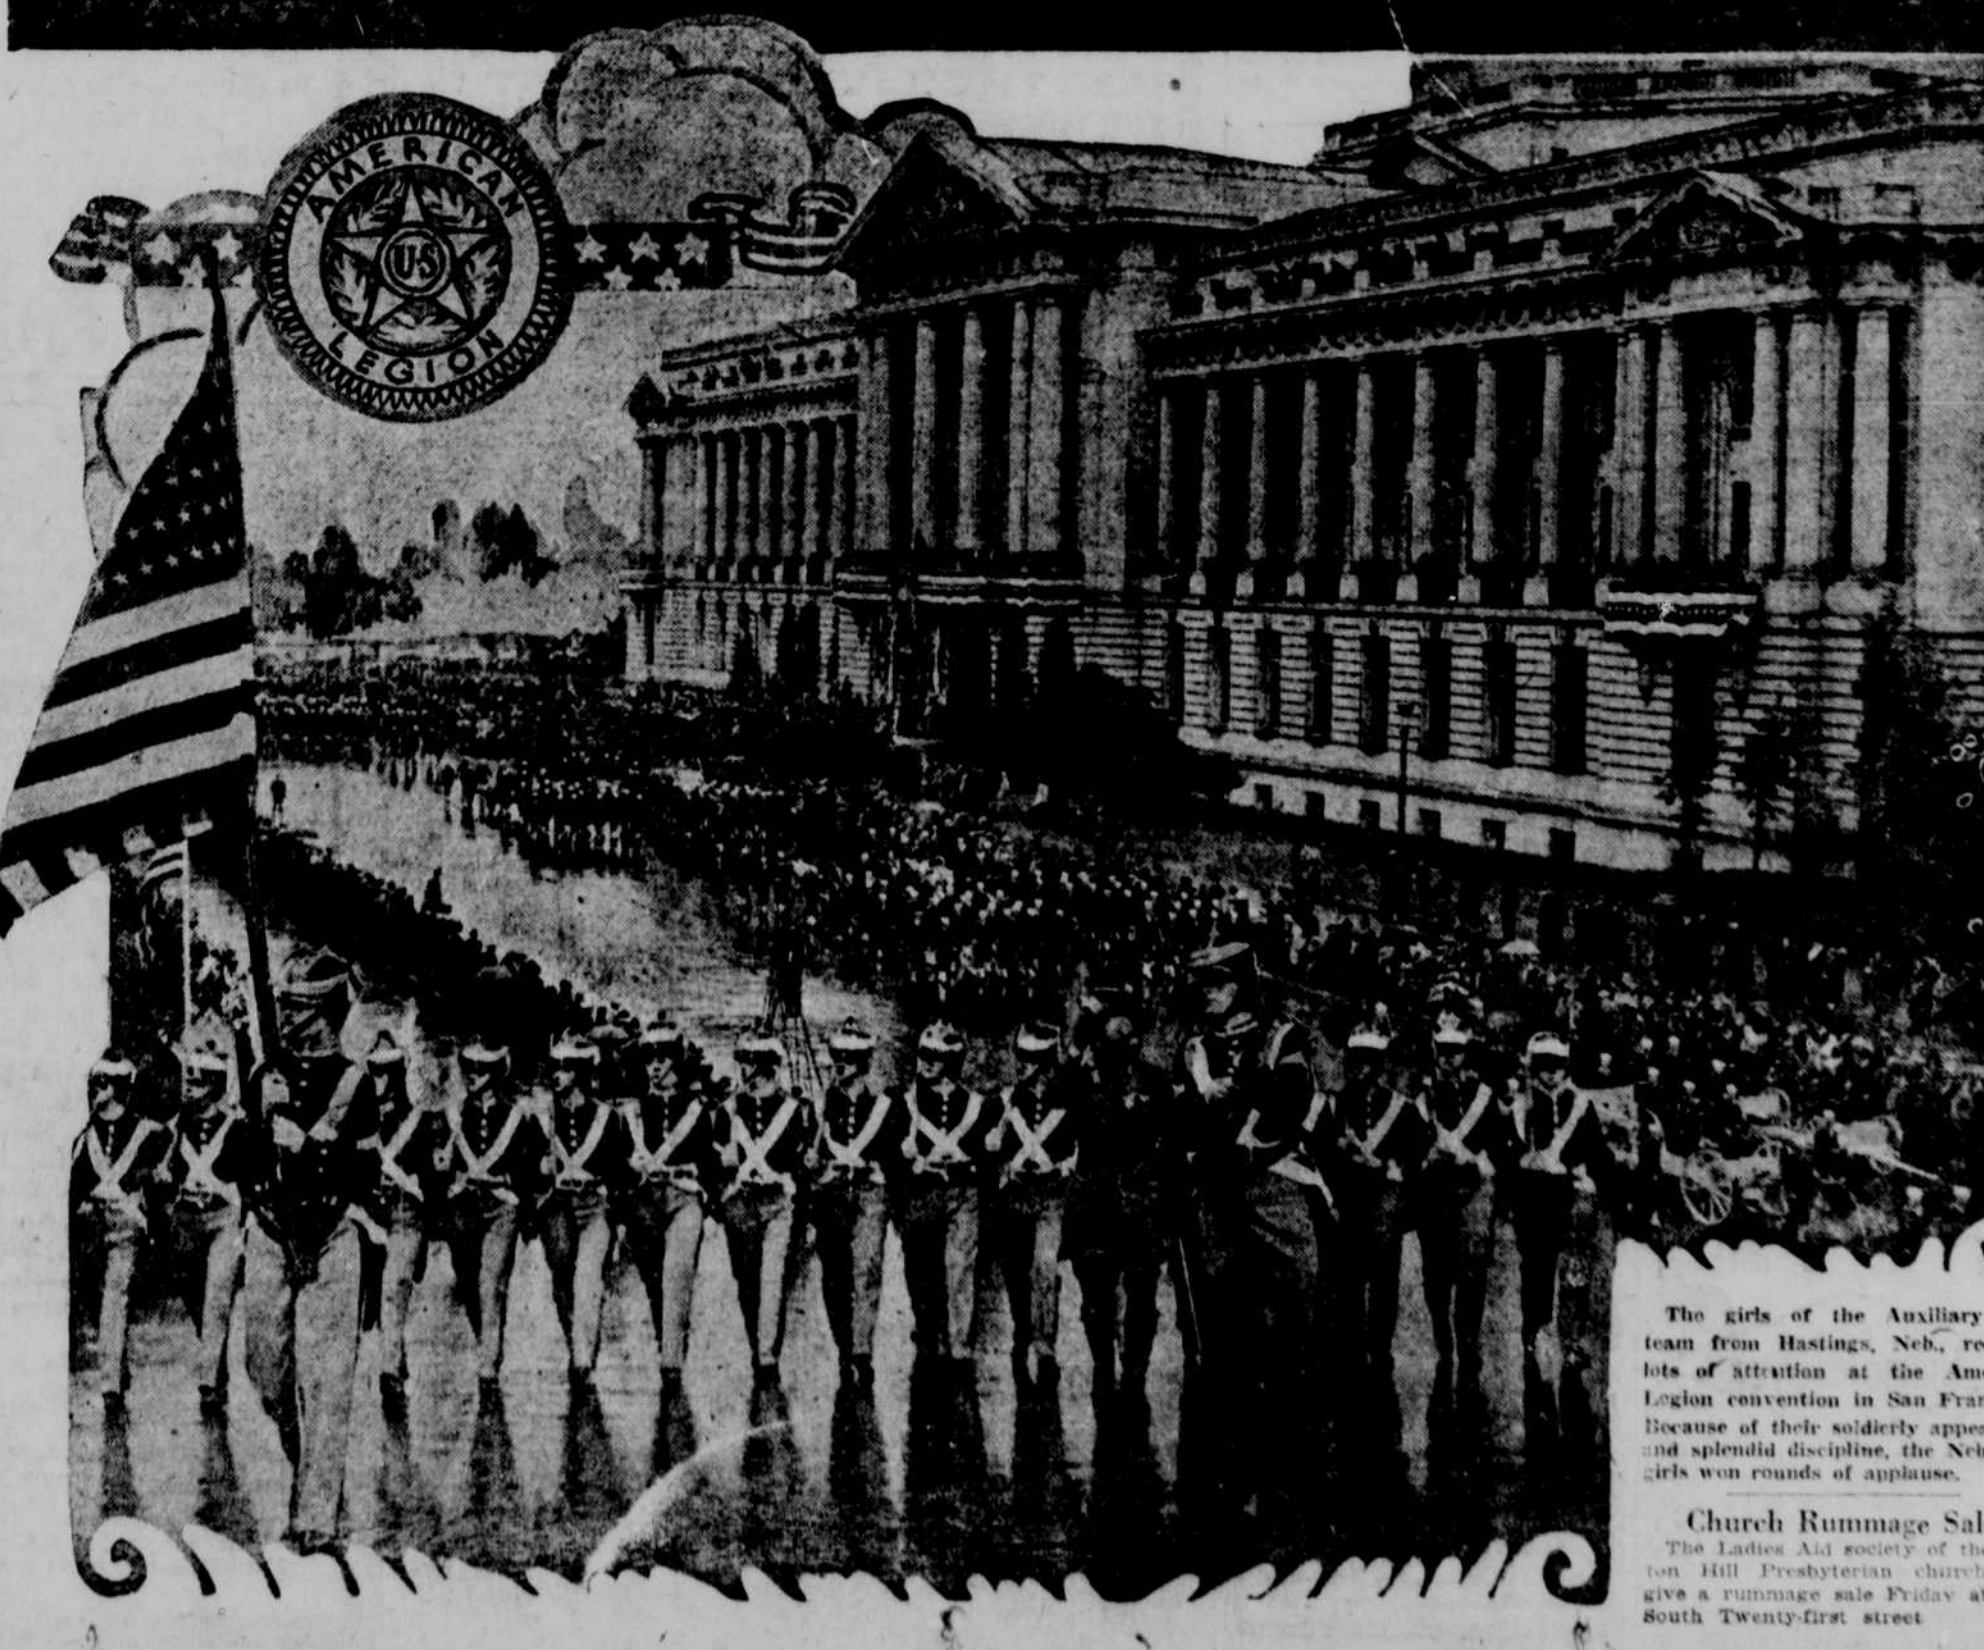

Bonar Law Ill Again

London, Oct. 23.—Former Prime Minister Bonar Law has had a recurrence of the throat trouble which caused him to resign the premiership and his condition is giving considerable worry to his friends.

Church Rummage Sale

The Ladies Aid society of the Clinton Hill Presbyterian church will give a rummage sale Friday at 6214 South Twenty-first street.

Hastings Girls to Front in American Legion Parade

The girls of the Auxiliary drill team from Hastings, Neb., received lots of attention at the American Legion convention in San Francisco. Because of their soldierly appearance and splendid discipline, the Nebraska girls won rounds of applause.

The Weather

For 24 hours ending 7 p. m., October 23:
High, 61; low, 49; mean, 52; normal, 55. Total snow since January 1, 2.76.
Relative Humidity, Percentage—7 a. m., 85; noon, 74; 11 p. m., 71.
Precipitation, Inches and Hundredths: Total for season, 1.29; for January 1, 29.14; excess, 1.
Hourly Temperatures:
7 a. m., 41; 8 a. m., 42; 9 a. m., 43; 10 a. m., 44; 11 a. m., 45; 12 noon, 46; 1 p. m., 47; 2 p. m., 48; 3 p. m., 49; 4 p. m., 50; 5 p. m., 51; 6 p. m., 52; 7 p. m., 53; 8 p. m., 54; 9 p. m., 55; 10 p. m., 56; 11 p. m., 57.
