

### 20 Killed as Communists Seize Hamburg

#### Secessionists Take Many Cities But Are Ejected From Aix-La-Chapelle—Federal Troops Enter Saxony.

Virtual state of civil war prevailed in Germany today with the federal forces engaged against communists and secessionists. From 20 to 30 persons were reported killed in clashes and more than 100 wounded. Reds seized the great port of Hamburg during a battle in which 20 were killed and 40 wounded. Later in the day they were ejected by loyal police. Rhineland secessionists seized more cities, including Bonn, Wiesbaden, Hameln and Duisburg. The separatist movement swept through the Ruhr like wildfire. The secessionists who seized Aachen (Aix-La-Chapelle) on Sunday, making original proclamation of a Rhineland republic, have been ejected by German police. The French troops are still maintaining neutrality, although they were accused of disarming the police at Bonn. This was denied in Paris.

With the Reichswehr Army occupying Saxony, Oct. 23.—For the first time since the last ill-fated offensive in the great war, German troops were marching under the command of "forward" upon a full war footing. There were steel-helmeted youngsters from all parts of Germany in the old-time field gray uniforms, officered largely by veterans of the old regime, and moving with all the paraphernalia of war. The foot soldiers were led by detachments of cavalry, while artillery rumbled along between the squadrons. There were mine throwers, howitzers, tanks and machine guns, all moving southward for concentration on Saxony, the most densely populated state in Germany. Now and then a military band would strike up a tune, but the only reminder of the war days was "Deutschland Uber Alles," which President Ebert restored to honor a few months ago, making it the official national anthem. Otherwise, the military bands specialized upon more modern tunes with a republican flavor. Federal troops (reichswehr) entered Dresden, capital of Red Saxony, today. The first clash between the reichswehr and Saxon Reds took place at Pirna, where the troops were fired upon as they entered the city. The Bavarian-Saxon frontier bristles with soldiers. Andre Tardieu, famous French statesman, writing in the Echo National at Paris, admitted it was

France's aim to detach the Rhineland from the German state. A press dispatch received in Paris this afternoon said that 12 persons had been killed in fighting at Mayence, former headquarters of the French army of occupation. Turbulence throughout Germany increased hourly. The chief fear now is that Bavarians will invade Saxony and take the loyal reichswehr. By Associated Press. Berlin, Oct. 23.—Reports from various points in the Rhineland this afternoon indicate the separatists have been generally defeated, especially at Aix La Chapelle, Muenchen-Gladbach and Bonn. At Aix La Chapelle they were severely beaten up by the trade unionists and then ejected from the public buildings which they had been holding since midnight Saturday. Berlin, Oct. 23.—A message from Essen reports that the August Thyssen works at Hamburg were closed because of financial difficulties. Thirteen hundred workers were idle. London, Oct. 23.—If the German separatist movement extends to Cologne, which is the bridgehead of the British Rhineland army, Great Britain will preserve an attitude of reserve, but will take every measure to maintain order, prevent bloodshed and insure the continuance of the present local government, it was stated here today. By International News Service. Brussels, Oct. 23.—The Rhenish Prussian town of Busbach was reported in flames today following a battle between the police and mobs.

### Ford Party to Be Set Up at Detroit

#### Organization To Be Founded at Meet of Ford Clubs in December.

By Associated Press. Detroit, Oct. 23.—Formation of a new national party with Henry Ford as its standard bearer will be undertaken at a national organization conference of all Ford-for-President clubs here December 12, 13 and 14. The call for the conference was decided upon at a meeting last night of several Michigan Ford clubs. The conference, according to leaders, probably will name a date and place for holding a nominating convention next spring. The conference call will go out within a few days, it was stated by William Kronberg, secretary of the Dearborn Ford-for-President club. "It was decided upon," he said, "only after insistent demand from Ford clubs throughout the country." The Dearborn club, he said, had been inactive for some time owing to its inability to obtain from Henry Ford any statement as to whether or not he would accept nomination by a party the clubs might organize. "We virtually were forced into action," Mr. Kronberg said, "many of the clubs in other states threatening to proceed with a convention call if we did not do so." Mr. Kronberg estimated the number of Ford clubs now in existence at between 300 and 400, and added that he was advised the organization conference would attract at least 3,000 delegates and visitors. Sessions, he said, would be held in the auditorium at Dearborn, home of Henry Ford. Last night's meeting, at which about a score of delegates were present, was presided over by Judge Edward Jeffries of the recorder's court of Detroit. Others present included Clyde Ford, a cousin of the Detroit manufacturer; Edward Fisher, president of the village of Dearborn; Rev. William Dawe, president of the Dearborn Ford club, and Henry Raduck, treasurer of Dearborn township.

### Rail Commission Hears Bus Pleas

#### Miss Helen Shultz, Mason City "Bus Queen," Arrives in Des Moines.

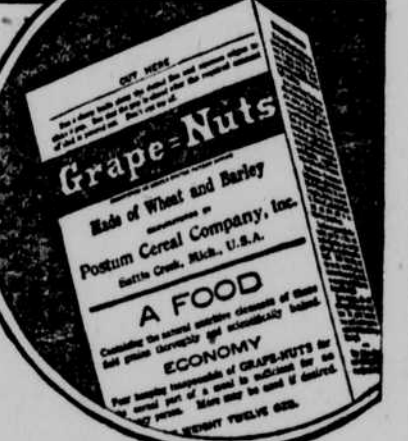

Des Moines, Ia., Oct. 23.—The Iowa railroad commission may commandeer the senate chamber here today for a hearing on two applications for licenses to operate motor bus lines. The applicants are the Red Ball Transportation company, owned by Miss Helen Shultz, Mason City "bus queen," and the Jefferson Highway Transportation company, a Minnesota corporation. Both seek to operate motor passenger lines out of Mason City to Des Moines, Clear Lake and to Iowa-Minnesota line en route to St. Paul. Miss Shultz's application has attracted wide interest, because the young woman has built up within the last 18 months the most extensive bus business in the state. Four railroads and two interurban lines are opposing the granting of the licenses, which the applicants seek on the grounds that the bus lines are "public conveniences," and established in conformity with the laws. Miss Shultz came to Des Moines last night with her attorneys in one of her own motor buses from Mason City. Among affidavits she brought was a resolution from the city council of Mason City endorsing her bus routes.

### Don't Squeeze Black-Heads—Dissolve Them

Squeezing and pinching out blackheads make the pores large and cause irritation. Blackheads are caused by accumulations of dust and dirt and secretions from the skin and there is only one safe and sure way and one that never fails to get rid of them—a simple way, too—that is to dissolve them. Just get from any drug store about two ounces of calomine powder—sprinkle a little on a hot, wet cloth—rub over the blackheads briskly for a few seconds—wash off and you'll be surprised to see that every blackhead has disappeared, and the skin will be left soft and the pores in their natural condition.
