Omahan Asserts Russia Soviet Is Political Utopia

W. H. Green Says Capitalists Are "Digging Own Graves" in Attacking Moscow Government.

W. H. Green of Omaha, who is attending the agricultural exposition at Moscow, Russia, as a delegate of the Federated Farmer Labor party of America, writes enthusiastically of conditions in that country. Here are some excerpts from a letter written to the editor of the Mid-West Labor News: "You do not have to be here long before you understand why the imperial capitalists are determined to destroy this political Utopia. The fight those international capitalists are making on soviet Russia is just giving in the digging of their own graves, for in turn the Russian workers and peasants are not keeping up the red army to its present efficiency just for spectacular purposes. Any talk that the people here are not united is certainly paid for at so much per line."

Germany they are using cars about the size of a grain wagon. "This is a very level country, and the soil is of a black, rich quality, and Hal Ware, and the group he represents, are trying to get a large concession on 25 years lease, which is located near Odessa, with the intention of putting in a complete and up-to-date American agriculture unit. The Russian government is granting few concessions at this time, however."

Get Back Your Old-Time Vigor Here Is the Way—Says Science. Strength, Vim, Vitality Restored by Lyko, the Great General Tonic. Proved in Thousands of Cases. Mr. W. L. Lawler, a well known citizen of Northern Alabama, reports an experience which will interest everyone who is in an ailing, weak or generally run-down condition. Mr. Lawler writes: "After using the wonderful tonic Lyko, I have received more benefit from it than any other remedy I ever used. I say that this is one of the greatest tonics for vitality, digestion and the liver; a general restorative for all persons. It has made me an entirely new man at the age of 60. I feel like 30 today." "The power of Lyko is also well proved by the experience of Mr. E. Jenkins, of Chicago, who says: "My business keeps me closely confined to the office and at a desk all day long. As a result, my system became all clogged up, I was always tired, rested poorly at night and grew nervous and irritable. I began using Lyko and now I am in fine shape, active, cheerful, and am able to do much more work without fatigue or nervous strain." "An Oklahoma man, Mr. Gallion, also tells about the help Lyko gave his wife after other remedies had failed. His letter says: "The wonderful relief Lyko has given my wife. She has been taking all kinds of medicine, which did no good. I saw Lyko advertised and got it and it is doing her lots of good." Mrs. Dennis, of Mississippi, writes: "I have been taking Lyko and have found it the best medicine in the world for indigestion." Lyko gives its beneficial effects through the action of its pure medicinal ingredients, which are selected and compounded to make it an unrivalled general tonic and reconstructive agent. Lyko has gentle but sure laxative effect. It also puts zest into the appetite and gives activity to the digestive functions so that food is readily absorbed, thus providing strength and vitality to the body and making it capable of resisting the attacks of disease. And when stomach and bowels are put in good condition many ailments quickly disappear. When the liver is sluggish and the kidneys disordered, when the nerves are "all unstrung," when one feels exhausted and incapable of effort, and looks old and haggard, these are Nature's warnings that the body needs the help that Lyko will give. The fact that thousands use it regularly and recommend it shows the good this great general tonic is doing. Lyko is sold by all reliable druggists. Ask for it today.
