ADVERTISEMENT. TO EXPECTANT MOTHERS A Letter from Mrs. Ward Tells How Lydia E. Pinkham's Vegetable Compound Helped Her Springfield, Ohio. "Lydia E. Pinkham's Vegetable Compound proved a splendid medicine for me before my fourth child was born. With the first three I had been sick and weak and had sick headaches twice a week. I couldn't keep enough food down to do me any good, and my work was left undone many a time. My sister-in-law told me to take the Vegetable Compound when I began to have the same old dreadful sickness and headaches and was so worn out. Since then I have only had two headaches, had a good appetite and scarcely lost a meal. I have a fine, healthy baby girl who has never had a sick day. The nicest part is that I am healthy, too. It did me a lot of good, and if I should ever have another baby I will take your medicine at once." - Mrs. BESSIE WARD, 1027 Park Avenue, Springfield, Ohio. Lydia E. Pinkham's Vegetable Compound is an excellent medicine for expectant mothers, and should be taken during the entire period. It has a general effect to strengthen and tone up the entire system.
